Note 1 - Plan Description

The following description of FirstGroup America, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of FirstGroup America, Inc. and related companies (the "Company") who have met certain eligibility requirements, as defined by the Plan, except for those employees covered by a collective bargaining agreement that does not expressly allow those individuals to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 50 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2017 and 2016 were paid after the time frame required by the Department of Labor. The Company remitted these contributions during 2018 and 2017 and remitted related lost earnings to the Plan in 2018 and 2017.

The Plan provides for employer matching contributions and discretionary contributions. Matching contributions are made quarterly to participant accounts in accordance with the plan document. No discretionary contributions were made to the Plan for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate.

Vesting

Participants are immediately vested in their contributions, including rollover contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Generally, participants vest at 33 percent after one year of service, 67 percent after two years of service, and are 100 percent vested after three years of service with the Company. Certain participants employed by First Student, Inc. become 100 percent vested after one year of service with the Company. Participants covered by collective bargaining agreements vest in accordance with the terms and provisions of such agreements, unless otherwise indicated in the plan document.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2017 and 2016, forfeited account balances totaled \$2,056 and \$103,004, respectively.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Benefit Payments

Upon termination of employment, the participant or, in the case of death, the beneficiary, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$5,000 are paid in a single lump sum upon termination.

Prior to termination of employment, participants may make withdrawals upon attainment of age 59½. Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Wells Fargo Bank, N.A. or its affiliates. Wells Fargo Bank, N.A. is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Wells Fargo Bank, N.A. (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

December 31, 2017 and 2016

Note 5 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Common Collective Trust Funds

The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Self-directed Brokerage Accounts

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities that are valued at the quoted prices reported in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2017				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Self-directed brokerage accounts	\$ 3,717,808	\$ 3,717,808	\$ -	\$ -
Investments measured at NAV - Common collective trust funds	319,314,307			
Total investments at fair value	<u>\$ 323,032,115</u>			
Assets Measured at Fair Value on a Recurring Basis at December 31, 2016				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Self-directed brokerage accounts	\$ 3,122,014	\$ 3,122,014	\$ -	\$ -
Investments measured at NAV - Common collective trust funds	277,998,711			
Total investments at fair value	<u>\$ 281,120,725</u>			

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2017.
