Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ms consultants, inc. 401(k) Profit Sharing Trust, which comprise the statements of net assets available for benefits-modified cash basis as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits-modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C to the financial statements, which was certified by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B to the financial statement, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE A – DESCRIPTION OF PLAN

The following description of the ms consultants, inc. 401(k) Profit Sharing Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees who have at least six months of service are eligible for elective deferrals and matching contributions (if actively employed on June 30th and December 31st). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute a portion of their annual compensation not exceed certain limitations. The Company matches contributions semi-annually in an amount equal to 25% of each eligible participant's deferral contribution up to 6% of their annual compensation. The Company can also make a profit sharing contribution in an amount determined at the sole discretion of the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's profit sharing contribution and the Plan earnings and losses and administrative expenses. Allocations of the Plan's earnings and losses are based on the proportion that each participant's account bears to the total of all participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Company's discretionary contributions are allocated based on a percentage of wages to participants who were actively employed on the last day of the plan year and who have more than 1,000 hours of service. During the years ended December 31, 2017 and 2016, no discretionary contributions were made by the Company.

Vesting

Participants are immediately fully vested in their voluntary contributions plus actual earnings thereon. A participant becomes vested in employer matching and discretionary contributions as follows:

Years of Service	Vested Percentage of Employer Contributions
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of the vested balance of their account. The receivables are secured by the balance in the participant's account and must bear interest at the prime rate plus 1%. During 2017 and 2016, the notes had fixed rates ranging from 4.25% to 8.25% for the term of the note. Principal and interest may be paid through payroll deductions or by check.

NOTE A – DESCRIPTION OF PLAN (continued)

Payment of Benefits

Benefits are payable in an amount equal to the value of the participant's vested interest in his or her account, either in a lump-sum payment, in a direct rollover to an IRA or other employer plan, and under certain conditions a participant may elect certain periodic payments.

Forfeitures

Forfeitures arising from terminated participants with less than fully vested interest in the Plan are re-allocated to the account balances of the remaining participants. The amounts set aside during the year to be reallocated to participants were \$12,439 and \$1,939 for the years ended December 31, 2017 and 2016, respectively.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the modified cash basis of accounting. The modified cash basis for presentation differs principally from accounting principles generally accepted in the United States of America in that there are no provisions for employee or employer contributions receivable and no provision for any liabilities of the Plan. Contributions and earnings are recorded when received by the Plan and distributions and expenses are recorded when paid by the Plan.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Accounting standards allow a plan to present loans that have been deemed distributed on an outstanding loan list as a plan asset until a distributable event, such as, a participant's balance being actually distributed from the plan. However, the Department of Labor requires the participant loan that has been deemed distributed during the year as an expense if the participant is not continuing payment under the loan.

Accounting standards require that participant loans be classified as notes receivable from participants in the accompanying financial statements; however, the Department of Labor requires these to be classified as investments on the Form 5500 and on the schedule of assets (held at end of year).

Payments of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2017 and 2016 and net change in investment income and expenses for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee except for the investment in the Sun America Focused Alpha Large Cap Growth mutual fund of \$25,237 and \$19,282 at December 31, 2017 and 2016, respectively, and the cash surrender value of life insurance of \$4,798 and \$4,732 at December 31, 2017 and 2016 respectively, which were subject to other auditing procedures.

NOTE D – FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets primarily include exchange traded equity securities, mutual funds and U.S. Treasury bonds. Prices are obtained from readily available sources for market transactions involving identical assets and liabilities.

Fair values for Level 2 inputs are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted market prices in active markets for similar assets, quoted prices in markets that are not active for identical or similar assets and other market observable inputs such as interest rate, credit spread and foreign currency exchange rates observable in the marketplace or derived from market transactions. Level 2 assets primarily includes fixed maturity securities (including public and private bonds), equity securities, over-the-counter derivatives, group annuity contracts, and other investments. These fair values are generally obtained from third-party pricing services or determined through the use of valuation models or methodologies, including matrix pricing, using substantially all observable inputs. Prices are validated through an investment analyst review process including direct interaction with external sources, recent trade activity or through use of internal models.

Level 3 fair values are based on at least one significant unobservable input for the asset. Level 3 securities contain unobservable market inputs and as a result considerable judgment may be used in determining the fair values. Level 3 assets include certain fixed maturity securities, private equity securities and complex derivatives. These fair values are generally obtained through the use of valuation models or methodologies using significant

NOTE D – FAIR VALUE MEASUREMENTS (continued)

unobservable inputs or broker quotes. In circumstances where broker quotes are used to value an instrument, a nonbinding quote is generally received. Broker quotes are validated through an investment analyst review process, including direct interaction with external sources, through the use of internal models or other relevant information.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Common/collective trust: Units held in collective investment trusts are valued using the NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective investment fund is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

Fair Value of Investments in Entities that Use Net Asset Value (NAV)

The estimated fair value of the collective trust fund is net asset value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at net asset value as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The guaranteed investment contract issued by Great-West Life and Annuity Insurance Company is backed by their general account and does not have specific underlying assets assigned. Investment contracts are not traded on an open market. Fair value is the discontinuance value, which is the amount that would be received if the contract was terminated or if funds were withdrawn at the reporting date.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Great West Guaranteed Investment Contract	\$ 2,747,814	Discounted Cash Flow	No unobservable inputs

The fair value of the contract is calculated as follows:

- All contributions and deposits to the fixed account option made by or on behalf of the participant, alternate payee and beneficiary; plus
- All interest credited to the contract holder's assets in the fixed account on an annual effective basis pursuant to the guaranteed interest rate applicable to the fixed account; less
- Any amounts transferred or distributed from the fixed account; less
- Any applicable charges, fees and applicable tax, if any.

NOTE E – LIFE INSURANCE CONTRACTS

Individual insurance policies are issued by Lincoln Life Insurance Company on the lives of those participants requesting the insurance options. The cash surrender value on these policies as of December 31, 2017 and 2016 was \$4,798 and \$4,732 respectively.

NOTE F – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE G – PARTY-IN-INTEREST

The Plan allows participants to borrow funds against their account balances. These transactions qualify as party-in-interest transactions. In addition, the Plan investments consist of common collective trusts and a guaranteed investment contract managed by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, the trustees as defined by the Plan; therefore, these transactions qualify as party-in-interest.

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and the Form 5500 as of December 31, 2017 and 2016:
