KAO AMERICA INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kao America Inc. 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s information.

General: The Plan is a defined contribution plan generally covering all full-time employees of Kao America Inc. and affiliated employers that have adopted the Plan who are credited with three months of service. Affiliated companies that are currently participating in the Plan include Kao Specialties Americas LLC, High Point Textile Auxiliaries LLC, Kao USA Inc., Oak Brook Enterprises, Inc., and Molton Brown USA LLC (collectively, the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Each year, participants may contribute up to 80% of their pretax annual compensation as defined by the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. The Company matches the participants’ elective deferral contributions 100% up to 3% of the participants’ eligible compensation earned during the period in which the participants are actively contributing to the Plan, and 50% for the next 2% of eligible compensation earned during the period in which the participants are actively contributing to the Plan, as defined by the Plan document. Additional amounts may be contributed at the discretion of the Company’s board of directors. No such additional discretionary contributions were made for the years ended December 31, 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRC limitations.

Participant Accounts: Each participant’s account is credited with the participant’s own contributions and allocations of (a) the Company’s contribution, if any, and (b) the Plan’s earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s account.

Investments: Participants direct the investment of their contributions as well as all Company contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants who were employed on and after January 1, 2001, are 100% vested in the Company’s contribution portion of their accounts.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only two outstanding loans per participant are permitted. The maximum loan term allowed is five years, unless the loan is for the purchase of the participant’s principal residence or military leave of absence in which case the loan term may not exceed ten years. The loans are collateralized by the balance in the participant’s account and bear interest at a rate equal to prime plus 1% at the date of application and range from 4.25% to 9.50% at December 31, 2017. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon termination of service, each participant is entitled to receive a benefit equal to the vested portion of the participant's account. Balances are generally paid as a single lump-sum distribution.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

Benefit payments are recorded when paid.

Forfeitures: Forfeitures of non-vested Company matching contributions are used to first reduce administrative expenses and then to reduce future Company contributions payable under the Plan. Forfeited non-vested accounts totaled approximately \$2,244 and \$1,343 at December 31, 2017 and 2016, respectively. There were no forfeitures used to reduce employer matching contributions for the years ending December 31, 2017 and 2016, respectively. Forfeitures of employer profit sharing contributions are reallocated to the remaining participants, based upon their relative account balances.

Administrative and Investment Management Expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the Company. Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

December 31, 2017 and 2016

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. FASB ASC 820 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments, including the money market fund, are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments and is the trustee as defined by the Plan, and therefore, these investments qualify as exempt party-in-interest transactions. The Plan held notes receivable from participants at December 31, 2017 and 2016, which qualify as exempt party-in-interest transactions. Administrative fees paid by the Plan to Fidelity Investments Institutional Operations Company, Inc., the Plan's recordkeeper, for the years ended December 31, 2017 and 2016 totaled \$11,775 and \$5,178, respectively.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Plan sponsor adopted a prototype plan document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or Department of Labor; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

KAO AMERICA INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kao America Inc. 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s information.

General: The Plan is a defined contribution plan generally covering all full-time employees of Kao America Inc. and affiliated employers that have adopted the Plan who are credited with three months of service. Affiliated companies that are currently participating in the Plan include Kao Specialties Americas LLC, High Point Textile Auxiliaries LLC, Kao USA Inc., Oak Brook Enterprises, Inc., and Molton Brown USA LLC (collectively, the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Each year, participants may contribute up to 80% of their pretax annual compensation as defined by the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. The Company matches the participants’ elective deferral contributions 100% up to 3% of the participants’ eligible compensation earned during the period in which the participants are actively contributing to the Plan, and 50% for the next 2% of eligible compensation earned during the period in which the participants are actively contributing to the Plan, as defined by the Plan document. Additional amounts may be contributed at the discretion of the Company’s board of directors. No such additional discretionary contributions were made for the years ended December 31, 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRC limitations.

Participant Accounts: Each participant’s account is credited with the participant’s own contributions and allocations of (a) the Company’s contribution, if any, and (b) the Plan’s earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s account.

Investments: Participants direct the investment of their contributions as well as all Company contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants who were employed on and after January 1, 2001, are 100% vested in the Company’s contribution portion of their accounts.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only two outstanding loans per participant are permitted. The maximum loan term allowed is five years, unless the loan is for the purchase of the participant’s principal residence or military leave of absence in which case the loan term may not exceed ten years. The loans are collateralized by the balance in the participant’s account and bear interest at a rate equal to prime plus 1% at the date of application and range from 4.25% to 9.50% at December 31, 2017. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon termination of service, each participant is entitled to receive a benefit equal to the vested portion of the participant's account. Balances are generally paid as a single lump-sum distribution.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

Benefit payments are recorded when paid.

Forfeitures: Forfeitures of non-vested Company matching contributions are used to first reduce administrative expenses and then to reduce future Company contributions payable under the Plan. Forfeited non-vested accounts totaled approximately \$2,244 and \$1,343 at December 31, 2017 and 2016, respectively. There were no forfeitures used to reduce employer matching contributions for the years ending December 31, 2017 and 2016, respectively. Forfeitures of employer profit sharing contributions are reallocated to the remaining participants, based upon their relative account balances.

Administrative and Investment Management Expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the Company. Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

December 31, 2017 and 2016

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. FASB ASC 820 establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments, including the money market fund, are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments and is the trustee as defined by the Plan, and therefore, these investments qualify as exempt party-in-interest transactions. NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Plan sponsor adopted a prototype plan document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or Department of Labor; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.
