## Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Enscicon 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

## Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodians is complete and accurate.

## Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

**Other Matter – Supplemental Schedule**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

**Other Matter – 2016 Financial Statements**

The financial statements of the Plan as of December 31, 2016, were audited by Bauerle and Company, P.C., who merged with Wipfli LLP as of February 1, 2018. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed Bauerle and Company, P.C. not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan. Their report dated September 22, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than derived from the information certified by the custodians, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## A Description of Plan.

The following description of the Enscicon 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**1 General.** The Plan is a defined contribution plan covering substantially all employees of Enscicon Corporation (the "Company") who are at least 21 years of age. Employees are eligible to enter the Plan on the first day of the month following their employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Certain officers of the Company serve as trustees of the Plan and the Company is the plan administrator. Together, they are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Principal Life Insurance Company is the custodian of the Plan's investments in pooled separate accounts and the guaranteed interest account, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the custodian of the Plan's investments in mutual funds, and Principal Global Investors Trust Company, as an authorized representative of Principal Life Insurance Company, is the trustee of the Plan's investment in the stable value fund. Principal Life Insurance Company also provides third party administration and recordkeeping services to the Plan.

**2 Contributions.** Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, not to exceed the maximum amount allowed by law ($18,000 in 2017). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (up to $6,000 in 2017). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may contribute a discretionary matching contribution not to exceed 100% of each participant's contribution. Additionally, the Company may make additional discretionary contributions. For the year ended December 31, 2017, the Company did not make any discretionary matching or additional contributions. Contributions are subject to certain limitations.

**3 Participant Accounts.** Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and allocations of the Company's additional discretionary contributions, plan earnings (losses), and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4 **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and additional discretionary contributions portion of their account, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service.

5 **Investment Options.** Participants direct the investment of their account balances into various investment options offered under the Plan. The Plan offers a variety of funds held in pooled separate accounts, mutual funds, a stable value fund, and a guaranteed interest account as investment options. Participants may change their investment options at any time.

6 **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms may generally not exceed five years, bear interest at a rate commensurate with local prevailing rates, and are secured by the balance in the participant's account. Principal and interest is paid ratably through bi-weekly payroll deductions.

7 **Payment of Benefits.** On termination of service, a participant may elect to have their vested interest in his or her account paid through a lump sum payment directly, or by rollover to another qualified account, or by monthly, quarterly, or semi-annual installments over a period of not more than the participant's assumed life expectancy. Hardship distributions to participants are permitted up to 100% of the vested participant's account balance attributable to contributions, if the participant meets certain criteria.

8 **Forfeited Accounts.** Forfeitures are used to pay administrative expenses for the Plan and/or reduce future Company contributions. At December 31, 2017 and 2016, there were no forfeited non-vested account balances, and there were no forfeitures used during the year ended December 31, 2017.

9 **Administrative Expenses.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees (primarily loan and distribution fees) are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

## B Summary of Significant Accounting Policies.

1 **Basis of Accounting.** The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting principles generally accepted in the United States (GAAP).

**2 Use of Estimates.** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

**3 Investment Valuation and Income Recognition.** Investments are stated at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Principal Life Insurance Company. See Note D for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contract value is the relevant measure attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**4 Payment of Benefits.** Benefits are recorded when paid.

**5 Subsequent Events.** The Plan has evaluated subsequent events through October 8, 2018, the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

## C Information Prepared and Certified by the Custodians.

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company have certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- The Schedule of Assets (Held at end of Year), included as supplemental information.

## D Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements.

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 Input must be observable for substantially the full-term of the asset or liability.

Level 3 Fair Value Measurements.

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

***Pooled Separate Accounts*:** Valued, as a practical expedient, at the net asset value ("NAV") of units of separate accounts held by the Plan at year-end. The NAV of these accounts is based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The redemption frequency of each pooled separate account is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investments in pooled separate accounts.

***Mutual Funds*:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.

***Common Collective Trust*:** The Morley Stable Value Fund ("MSVF"), a common collective trust, invests directly or indirectly in fully benefit-responsive investment contracts. The MSVF is valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the MSVF, the issuer reserves the right to temporarily delay withdrawal from the MSVF in order to ensure that securities liquidations will be carried out in an orderly business manner. The MSVF, included in the fair value hierarchy tables following, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under ASU 2015-12 with respect to investment strategies for investments measured using the NAV practical expedient are not required in this report. There are no participant redemption restrictions for these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |
|---|---|---|---|---|
| Mutual Funds | $ 117,627 | $ - | $ - | $ 117,627 |
| Total Assets in the Fair Value Hierarchy | $ 117,627 | $ - | $ - | 117,627 |
| Investments Measured at Net Asset Value (a): | | | | |
| Pooled Separate Accounts | | | | 1,590,019 |
| Common Collective Trust | | | | 14,404 |
| Total Investment Assets at Fair Value | | | | $ 1,722,050 |

Assets at Fair Value as of December 31, 2016

| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |
|---|---|---|---|---|
| Mutual Funds | $ 87,845 | $ - | $ - | $ 87,845 |
| Total Assets in the Fair Value Hierarchy | $ 87,845 | $ - | $ - | 87,845 |
| Investments Measured at Net Asset Value (a): | | | | |
| Pooled Separate Accounts | | | | 1,416,800 |
| Common Collective Trust | | | | 10,850 |
| Total Investments Assets at Fair Value | | | | $ 1,515,495 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers in and/or out of Levels 1, 2, or 3 for financial instruments measured at fair value on a recurring basis for the year ended December 31, 2017. If the Plan were to recognize transfers, it would do so at the end of the reporting period.

## E Investment Contract with Insurance Company.

The Plan has entered into a fully benefit-responsive investment contract with Principal Life Insurance Company (Principal). Because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The investment contract held by the Plan is a traditional guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination, or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with the Plan participants is probable.

## F Excess Participants' Contributions Payable.

Excess contributions totaling $16,024 and $10,366, as of December 31, 2017 and 2016, respectively, represent the return of excessive amounts allocated to highly compensated employees as required to satisfy relevant nondiscrimination provisions of the Plan. The excess contributions were recorded as a reduction of participant contributions. The refundable contributions were paid-out on or before March 15, 2018 and 2017, respectively.

## G Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Company contributions.

## H Tax Status.

The Plan has adopted the Principal Financial Group Prototype for Savings Plans, which obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in-progress.

## I Related Party and Party-In-Interest Transactions.

Certain plan investments are pooled separate accounts, mutual funds, and guaranteed interest accounts managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, who are the custodians as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments for administrative expenses totaling $4,713 to Principal during the year ended December 31, 2017, which were not covered by revenue sharing.

## J Reconciliation of Financial Statements to Form 5500.

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2017 and 2016, to Form 5500:

| | 2017 | 2016 |
|---|---|---|
| Net Assets Available for Benefits per the Financial Statements | $ 1,719,256 | $ 1,520,292 |
| Excess Participants' Contributions Payable – End of Year | 16,024 | 10,366 |
| Net Assets Available for Benefits per the Form 5500 | $ 1,735,280 | $ 1,530,658 |

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2017:

| | |
|---|---|
| Net Increase in Net Assets per the Financial Statements | $ 198,964 |
| Excess Participants' Contributions Payable – End of Year | 16,024 |
| Excess Participants' Contributions Payable – Beginning of Year | ( 10,366) |
| Net Income per the Form 5500 | $ 204,622 |

## K Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
