**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

## NOTE 1. DESCRIPTION OF THE PLAN

The following description of The Redland Company, Inc. 401(k) Plan (the Plan) provides only general information. For more complete information, participants should refer to the Plan instrument, a copy of which is on file in the office of the Plan sponsor.

### *General*

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees of The Redland Company, Inc. (the Company and Plan sponsor). The Plan commenced on January 1, 2009. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### *Eligibility*

In order to be eligible to participate in the Plan, an employee must be at least 18 years old and have worked for the Company for a minimum of 3 consecutive months. Entry dates are on the first day of each month of the Plan year. To be eligible to receive employer matching contributions, participants must have completed at least one year of service (1,000 hours) and have been employed by the Company as of the last day of the Plan year.

### *Funding*

Participant contributions are limited to the lesser of 75% of the participant's annual compensation or the statutory maximum of $18,000 during 2017. Those who have reached at least age 50 may contribute an additional $6,000 during 2017. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The employer shall match this contribution at a discretionary amount established at the beginning of the Plan's year. The employer's contribution policy established for the year ended December 31, 2017 is the lower of 50% of the employee's contribution for the year or 50% of 1% of the employee's wages for the year.

### *Participant Accounts*

Each participant's account is credited with 1) participant contributions, 2) the employer's matching contribution and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

*The remainder of this page intentionally left blank.*

**NOTE 1. DESCRIPTION OF THE PLAN** (Continued)

***Vesting***

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is on a 6-year graded vesting schedule as follows:

| Number of Years Employed | Vested % |
|---|---|
| Less than 1 | 0% |
| After 2 years | 20% |
| After 3 years | 40% |
| After 4 years | 60% |
| After 5 years | 80% |
| After 6 years | 100% |

***Investment Options***

Upon enrollment in the Plan, and any time subsequently, a participant may direct contributions to be allocated among a selection of securities provided by the Plan (see Note 3).

***Payment of Benefits***

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in their account or partial payments thereon. Upon retirement or separation of service with an account balance less than $1,000, the plan administrator will distribute payment in the form of a lump-sum. Upon retirement or separation of service with an account balance of more than $1,000 but not exceeding $5,000, if the participant does not choose a lump-sum distribution the plan administration will roll over the distribution to an individual retirement account. If the vested portion of the account balance exceeds $5,000 (disregarding any rollover contributions), the Plan permits the participant to elect distribution as a lump-sum installment for required minimum distributions only. In-service distributions are available to participants who have reached age 59½ and are 100% vested in their account balances.

***Forfeitures***

Forfeitures are first used for restoration of participant forfeitures, and then to pay Plan expenses. No forfeitures were used to reduce employer contributions during 2017. The forfeiture balances available for use were $10,075 and $4,255 as of December 31, 2017 and 2016, respectively.

**NOTE 1. DESCRIPTION OF THE PLAN** (Continued)

***Notes Receivable from Participants***

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their non-forfeitable account balance, whichever is less. Loan terms range from 1 - 5 years unless the loan was for the purchase of a primary residence. The loans would be secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates provided by local lending institutions. For the year ended December 31, 2017, the interest rate on notes receivable from participants ranged between 4.75% and 5.50%. Principal and interest would be paid ratably through monthly payroll deductions. Participant loans had an outstanding balance for the years ended December 31, 2017 and 2016 of $131,257 and $62,881, respectively.

***Termination***

Although there is no intent to do so, the Plan document provides for termination of the Plan subject to the provisions of the Plan agreement and ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLCIES**

***Basis of Accounting and Use of Estimates***

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Concentration of Credit Risk***

Financial instruments which potentially expose the Plan to concentrations of credit risks, as defined by GAAP, consist primarily of cash and cash equivalents, investments, contributions receivable and related income. The Plan invests in marketable securities which, inherent in the fair market value determination, include the risk factor of credit worthiness for each individual debt security.

## NOTE 3. INVESTMENTS

The Plan has a recordkeeping services agreement with Capital Bank and Trust Company (Capital Bank). Capital Bank maintains the contributions in separate accounts that are defined as funds sub-advised by third parties, or which invest in funds managed by American Funds. The account is credited with earnings on the underlying investments (principally mutual funds) and charged for Plan investment and distribution fees. The investments are included in the financial statements at fair value, as reported to the Plan by American Funds.

During the year ended on December 31, 2017, the Plan's underlying mutual fund investments (including gains and losses on investments bought and sold, as well as held during the years) appreciated in value by $258,425. This was reported as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

## NOTE 4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value, expands disclosures about fair value measurements, and establishes a fair value hierarchy which prioritizes the inputs used in measuring fair value summarized as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**NOTE 4. FAIR VALUE MEASUREMENTS** (Continued)

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used to measure fair value as of December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the floating net asset value of shares held by the Plan at year end.

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2017:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 2,576,468 | $ - | $ - | $ 2,576,468 |
| Money market funds | 123,426 | - | - | 123,426 |
| Investments at fair value | $ 2,699,894 | $ - | $ - | $ 2,699,894 |

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2016:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 1,938,716 | $ - | $ - | $ 1,938,716 |
| Money market funds | 121,631 | - | - | 121,631 |
| Investments at fair value | $ 2,060,347 | $ - | $ - | $ 2,060,347 |

**NOTE 5. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**NOTE 6. TAX STATUS**

The Plan is exempt from Federal income taxes under the Internal Revenue Code (IRC) and, therefore, no provision for Federal income taxes has been made. In addition, the Plan is required to operate in conformity with the IRC to maintain its tax-exempt status. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has taken no such positions.

**NOTE 6. TAX STATUS** (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to examinations by tax authorities for years prior to 2014.

**NOTE 7. RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan's investments are shares of funds managed by American Funds. Fees incurred by the Plan for investment management services are considered party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Additionally, the Plan's sponsor and participating employer absorbs virtually all of the Plan's administrative expenses.

**NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**
