1. DESCRIPTION OF PLAN

The following description of the Harper Systems, Inc. (the "Company") 401(k) Plan (the "Plan"), formerly the Harper Corporate Services 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed 6 consecutive months of service and are age 21 or older. Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in the Plan and certain nonresident aliens who have no earned income from sources within the United States are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Employee Contributions

Pursuant to Section 401(k) of the Internal Revenue Code (the "IRC"), participants may contribute up to $18,000 for 2017. Employees who are age 50 or older may also make catch-up contributions of up to $6,000 for 2017. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company may contribute a discretionary matching contribution. During 2017, the Company matched 25% of the participants' contribution up to 4%. The Plan also allows for discretionary nonelective contributions at the option of the Company's owner. During 2017, no nonelective contribution was made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary matching contribution (b) the Company's discretionary non-elective contributions and, (c) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit of which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and any of the prior safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after 2 years of service, 20% vested for every year of credited service after that and 100% vested after six years of credited service.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participants' accounts and bear interest at rates ranging from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years, except for residential type loans.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or under certain criteria as specified in the plan document a participant may elect to receive annual installments over the assumed life expectancy of the participant and/or designated beneficiary.

Forfeitures

At December 31, 2017 and 2016, forfeited non vested accounts totaled $0 and $0, respectively. These accounts will be first used to pay any administrative expenses and then can be used to reduce future employer contributions. During 2017, forfeitures in the amount of $9,950 were used for these items.

Investment Options

The assets of the Plan are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Uses of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the Schedule H of the 5500. Under generally accepted accounting principles, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The investments in all of the funds, are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expense

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administrative expenses may be paid directly by the Company, such as recordkeeping, trustee, legal and accounting fees. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. ASSET INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

At December 31, 2017 and 2016, the Plan's investments were held by Capital Bank and Trust Company (the "Trustee").

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA as of December 31, 2017 and 2016.

The fair value of investments at December 31, 2017 and 2016, as reported by the Trustee is summarized as follows:

	2017	2016
Mutual funds	$ 5,194,481	$ 4,416,623
Total investments	$ 5,194,481	$ 4,416,623

During 2017, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year), appreciated in value by $589,080.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. These hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used during 2017 or 2016.

Level 1 Fair Value Measurements

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. These funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at the End of the Reporting Period Using:	
December 31, 2017	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 5,194,481	$ 5,194,481
Total assets at fair value	$ 5,194,481	$ 5,194,481

	Fair Value Measurements at the End of the Reporting Period Using:	
December 31, 2016	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 4,416,623	$ 4,416,623
Total assets at fair value	$ 4,416,623	$ 4,416,623

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017 and 2016, there were no transfers into or out of Level 3.

5. RECONCILIATION TO THE FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2017	2016
Net assets available for benefits, per the financial statements	$ 5,398,435	$ 4,718,767
Less: prior year deemed loans, net of distributable events	-	(1,544)

6. EXCESS CONTRIBUTIONS REFUNDABLE

As of December 31, 2017 and 2016, payables of $13,821 and $13,163, respectively, were recorded for contributions made in excess of amounts allowed by the Internal Revenue Service.

7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Capital Bank & Trust Company, the record keeper of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the recordkeeping services amounted to $3,581 for the year ended December 31, 2017.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the most recent Plan document being from February 2017, the Plan administration and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

12. SUBSEQUENT EVENTS

For the year ended December 31, 2017, the Company has evaluated subsequent events for potential recognition and disclosure through October 2, 2018, the date the financial statements were available to be issued. No events requiring disclosure were noted.
