As defined by the Plan document, full-time non-union employees are eligible to participate after three months of service and upon reaching age twenty-one. Full-time union employees of the Company are eligible to participate in the Plan following the completion of one year of service and upon reaching age twenty-one. Non-union participants are eligible to participate in the Company match after one year of completed service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”).

Contributions – Union Plan participants may elect to contribute between 1% and 15% of their annual compensation, while non-union Plan participants may elect to contribute between 1% and 50% of their annual compensation, limited to the amount imposed by law. Participants age 50 or older may also elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

In accordance with the Plan document, the Company matches 100% of a plan participant’s voluntary contribution up to 3%, plus 50% of a participant’s voluntary contribution from over 3% to 5% for non-union employees only. Union employees do not receive the Company match. Such contributions comply with the Plan’s safe harbor provisions. The annual profit sharing contribution by the Company is equal to the sum of .25% of the total pari-mutuel pool (handle) for each televised racing day during the Plan year; plus 1% of the signal transmission fees; plus 4% of 24% of table game receipts; plus 1% of the net video lottery terminal income for the year and interest income earned on these amounts. Each participant eligible for Company contributions receives an equal portion of the annual contribution. During the years ended December 31, 2017 and 2016, the Company made annual profit sharing contributions of \$928,047 and \$940,520, respectively. Eligible non-union employees may also receive an equal portion of a discretionary contribution, if made, in addition to the annual contribution. There were no additional discretionary contributions made for the years ended December 31, 2017 and 2016.

1. Description of Plan (continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Company contributions, and earnings on the participant-directed investments. Participant accounts are decreased by participant distributions, losses on the participant-directed investments and certain administrative expenses, if applicable. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately fully vested in their voluntary salary deferral, rollover contributions, safe harbor matching Company contributions and actual earnings thereon. Vesting in Company profit sharing or fixed contributions and actual earnings thereon is based on years of service. Participants vest in Company profit sharing or fixed contributions at the rate of 20% per year of service and become fully vested after five years of credited service.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed 5 years or a maximum of 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are required to be repaid in equal installments over the term of the loan.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½. Hardship withdrawals, as defined by the Code, are available to participants only from their deferral contributions account. If a hardship withdrawal is made, participants' eligibility to make contributions to the Plan is suspended for six months.

Tax Status – The Plan received its latest determination letter from the Internal Revenue Service ("IRS") dated June 15, 2017, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

1. Description of Plan (continued)

Accounting principles generally accepted in the United States of America (“GAAP”) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Forfeitures – The non-vested balances of participants who have ceased employment with the Company are forfeited upon the occurrence of a one-year break in service. In accordance with the Plan document, forfeitures arising during any Plan year may be used to reduce the Company’s contributions and pay the Plan’s administrative expenses. Forfeitures applied to reduce the Company’s contributions and added to participant accounts totaled \$120,990 and \$47,340 for the years ended December 31, 2017 and 2016, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts as of the effective date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are reported at fair value except for the fully benefit-responsive investment contract, which was valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. Summary of Significant Accounting Policies (continued)

Units held in the stable value fund consist of holdings in a fully benefit-responsive investment contract and the fund is reported at contract value in the accompanying statements of net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan presents in the accompanying Statements of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments which consists of the realized gains and losses and the unrealized net appreciation and depreciation of those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Substantially all expenses of the Plan including investment advisory, legal expenses and audit fees are funded as a percentage of total assets under the provisions of the Plan. Loan maintenance and setup fees are paid directly from participant accounts. Each year, the Plan is awarded revenue credits payable to the Plan from John Hancock Trust Company LLC (“John Hancock”) that can be used for eligible Plan expenses. The Plan received credits as part of this program totaling \$48,876 and \$52,189 for the years ended December 31, 2017 and 2016, respectively. Administrative expenses in the accompanying financial statements are reduced by these amounts.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds and units of a stable value fund managed by John Hancock Trust Company LLC (“John Hancock”). John Hancock is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes in the values of investments could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

3. Information Certified by the Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

	<u>2017</u>	<u>2016</u>
Investments, at fair value	\$ 12,473,333	\$ 10,873,601
Investments, at contract value	2,128,346	2,032,090
Notes receivable from participants	<u>1,223,038</u>	<u>1,261,918</u>
	<u>\$ 15,824,717</u>	<u>\$ 14,167,609</u>

During 2017 and 2016, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value as follows:

	<u>2017</u>	<u>2016</u>
Investment income		
Interest and dividends	\$ 242,541	\$ 222,274
Interest income on notes receivable from participants	47,016	52,808
Net appreciation in fair value of investments	<u>1,528,472</u>	<u>547,497</u>
	<u>\$ 1,818,029</u>	<u>\$ 822,579</u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. Investments measured at Level 1 inputs include mutual funds totaling \$12,473,333 and \$10,873,601 at December 31, 2017 and 2016, respectively.
- Level 2 – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2017 and 2016.
- Level 3 – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary basis for calculating fair value as of December 31, 2017 and 2016.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

5. Fully Benefit-Responsive Investment Contract

The Plan maintains a fully benefit-responsive investment contract (the “Contract”) with New York Life Insurance Company (“New York Life”), referred to as the Guaranteed Interest Account (“GIA”). Contributions to the GIA are invested in a broadly diversified fixed income portfolio within the New York Life general account, which is invested primarily in an array of securities and cash equivalent investments. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the Contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code; (2) premature termination of the Contract; (3) plan termination or mergers; (4) changes to the Plan’s prohibition on competing investment options; or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations.

No events are probable of occurring or have occurred that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the Contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan’s investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreements without the consent of the issuer.
