## **Independent Auditor's Report**

To the Board of Directors, Trustees, Plan Administrator and Plan Participants  
ICM Ventures, Inc. Employee Stock Ownership Plan

### **Report on the Financial Statements**

We have audited the accompanying financial statements of ICM Ventures, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter—Significant Concentration**

As disclosed in Notes 3 and 4 to the financial statements, the fair value of the Plan's investment in ICM Ventures, Inc. common stock, representing approximately 100 percent and 98 percent of the Plan's assets as of December 31, 2017 and 2016, respectively, has been determined by an independent appraiser in the absence of a readily determinable fair value. Because of the inherent uncertainty of valuation, the value may differ significantly from the value that would have been used had a ready market for the investments existed, and the differences could be material. Our opinion is not modified with respect to this matter.

**Other Matter—Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year), as of December 31, 2017, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## ICM Ventures, Inc. Employee Stock Ownership Plan

### Notes to Financial Statements

---

#### Note 1. Description of Plan

The following description of ICM Ventures, Inc. Employee Stock Ownership Plan (the Plan), established by ICM Ventures, Inc. (the Company), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Company established the Plan effective January 1, 2003. The Plan is a defined contribution plan and is designed as a stock bonus plan for participating employees of the Company. The Plan invests primarily in the Company's common stock. The Plan operates as an employee stock ownership plan and is designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility:** An employee is eligible to participate in the Plan after they have completed six months of service. However, employees are required to be employed as of the last day of the Plan year or have worked more than 500 hours during the Plan year to receive a contribution.

The Plan excludes leased employees, collective bargaining employees, individuals who are, or have been, shareholders of ICM, Inc. and/or ICM Holdings, Inc., and highly compensated employees. Employees who are leased to ERI Solutions, Inc. and Pellet Technology USA, LLC are also excluded from the Plan.

**Entry date:** Employees may enter the Plan quarterly, on the first day of the Plan year and the first day of each quarter following the date on which the employee meets the eligibility requirements.

**Contributions:** The Board of Directors of the Company determines the Plan contribution amount annually. Contributions can be made in cash, Company stock, or property as is acceptable to the trustee. An eligible employee's share of any discretionary contribution will be determined based on the proportion of the employee's compensation to the total compensation of all eligible employees. During the year ended December 31, 2017, the Company declared a cash contribution of \$700,511.

**Voting rights:** All Company stock held by the trust shall be voted by the trustees in accordance with instructions from the Company's Board of Directors except for major corporate events such as mergers or liquidations. In the event of a major corporate event, each participant is entitled to exercise voting rights attributable to the shares allocated to their account.

**Participant accounts:** The Plan is a defined contribution plan under which a separate individual account is established for each participant. At the end of each Plan year, each participant's account is credited with an allocation of the Company's discretionary contributions, any stock reallocated, and investment results, net of any administrative expenses paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants vest in their balances based on years of service according to the following schedule:

|                                                  | <u>Vested Percentage of<br/>Individual Account</u> |
|--------------------------------------------------|----------------------------------------------------|
| Years of service:                                |                                                    |
| Less than 3                                      | 0%                                                 |
| 3 or more                                        | 100%                                               |
| Normal retirement, permanent disability or death | 100%                                               |

## ICM Ventures, Inc. Employee Stock Ownership Plan

### Notes to Financial Statements

---

#### Note 1. Description of Plan (Continued)

Notwithstanding the above, the vested portion of the participant's account shall not be less than the lesser of \$25 or the entire participant's account.

**Payment of benefits:** Payment of vested benefits occurs when a participant retires (age 65) or dies (in which case, payment shall be made to his or her beneficiary or legal representative), after termination of employment, or upon disability. Distributions are in the form of cash and can be made as a lump sum or in installments. If a participant's account is less than \$1,000, a lump-sum distribution will be made automatically to the participant. If the participant's account is between \$1,000 and \$5,000, the distribution will be automatically rolled over into an individual retirement account (IRA), unless the participant elects otherwise.

**Forfeitures:** There were no forfeited nonvested accounts at December 31, 2017 and 2016. Any forfeiture of discretionary contributions may be allocated to restore any forfeitures of re-employed participants, may be used as additional employer contributions, or may be used to pay reasonable Plan expenses. Forfeitures reallocated to participant accounts during 2017 totaled \$2,664.

**Diversification:** Diversification is offered to participants close to retirement age so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least 55 with at least 10 years of service with 1,000 hours may elect to diversify a portion of the account by taking an in-service distribution. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify either receive a cash distribution or a rollover into an IRA.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The common shares of the Company are valued at fair value. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Payments of benefits:** Benefit payments are recorded when paid.

**Administrative expenses:** The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. The Company has historically paid the operating expenses for the Plan, which are excluded from these financial statements.

**Subsequent events:** The Plan Sponsor has evaluated subsequent events through October 11, 2018, the date on which the financial statements were available to be issued.

#### Note 3. Investments

The Plan's investment in common stock of ICM Ventures, Inc. at December 31, 2017 and 2016, is presented in the following table:

|                                  | 2017       | 2016       |
|----------------------------------|------------|------------|
| ICM Ventures, Inc. common stock: |            |            |
| Number of shares                 | 25,000     | 25,000     |
| Cost                             | \$ 840,000 | \$ 840,000 |
| Fair value                       | 11,758,750 | 10,305,500 |

#### Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this guidance are described below.

**Level 1:** Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

**Investment in Company common stock:** The Company's common stock has been valued at estimated fair value as determined by an independent appraiser as of December 31, 2017 (report dated July 9, 2018), and as of December 31, 2016 (report dated July 19, 2017). The Company's stock is not available for purchase in public markets. Accordingly, an independent appraisal was conducted taking into consideration historical financial data, current business operations, future prospects for the Company, projected cash flows, and other factors pertinent to the valuation of investments.

The Plan Sponsor determines the fair value measurement policies and procedures, subject to oversight by the Company's employee stock ownership plan (ESOP) committee and trustees. Those policies and procedures include selection of the independent appraiser and review of appraisal, and are reassessed at least annually to determine if the current valuations techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third-party information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

|                                    | December 31, 2017 |         |               |               |

### **Notes to Financial Statements**

---

#### **Note 4. Fair Value Measurements (Continued)**

Unrealized gains related to the above are included in changes in net assets for the period above and are reported in net appreciation in the fair value of investments in the statement of changes in net assets available for benefits.

#### **Note 5. Plan Termination**

Although the Company intends to continue the Plan, it reserves the right to terminate it. If the Plan is terminated, all participants will become fully vested in their accounts. Payments will be made to participants as stated in the Plan document.

#### **Note 6. Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 31, 2014, that the Plan and related trust were designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 7. Administration of Plan Assets**

The Plan's assets, which consist primarily of ICM Ventures, Inc. common shares, are held by the trustees of the Plan. Company contributions are held and managed by the trustees, which invest cash received and make distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan.

#### **Note 8. Related Party and Party-in-Interest Transactions**

The Plan's investments consist primarily of shares of common stock of ICM Ventures, Inc., the Plan Sponsor, and therefore, these transactions qualify as exempt party-in-interest transactions. The trustees of the Plan are two employees of ICM Ventures, Inc.

#### **Note 9. Risks and Uncertainties**

The Plan's investments consist primarily of ICM Ventures, Inc. common stock. The Plan's investment in Company common stock is exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with the investment, it is reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
