NOTE 1 – DESCRIPTION OF PLAN

The following description of the Adacel Systems, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan, established in January 2013, is a defined-contribution plan covering all eligible employees of Adacel Systems, Inc. (the "Employer", the "Company", or "Plan Sponsor"). Effective January 1, 2017, the Plan was amended to allow eligible employees of Adacel Technical Services, Inc. to participate in the Plan. Employees become eligible to participate in the Plan at the age of nineteen and after completing three months of employment. Union employees, nonresident aliens, leased employees or employees that became employees as a result of code transaction (such as an asset or stock acquisition or merger) are not eligible to join the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CONTRIBUTIONS

The Plan includes an Eligible Automatic Contribution Arrangement ("EACA") feature. The EACA requires eligible employees to be automatically enrolled into the Plan and sets an automatic deferral amount equal to 4% of eligible compensation per each payroll period. The Plan participant is allowed to reduce the 4% deferral amount as low as 0%, but must remain as a participant in the Plan. Participants may elect to make pre-tax contributions or after-tax contributions to the Plan's Roth investment option, as defined in the Plan document. For any calendar year, a participant's elective deferral may not exceed the lesser of a specific amount ($18,000 in 2017) as determined by the Internal Revenue Service ("IRS") or 100% of the participant's eligible annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions ($6,000 in 2017). Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers"). The Plan received approximately $97,000 in Rollovers during the year ended December 31, 2017.

The Plan includes Employer safe harbor matching contributions whereby the Employer will contribute an amount equal to 100% of salary deferrals that do not exceed 5% of eligible compensation.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, Rollovers into the Plan, the Employer's safe harbor matching contributions and Plan earnings or losses. Each participant's account is reduced by any withdrawals or distributions and an allocation of administrative fees paid by the Plan. Allocations are based on participant earnings (losses), accounts balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled at termination or retirement is the benefit that can be provided from the participant's vested portion of the account balance.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct their contributions plus actual earnings thereon to be invested in any of the investment options offered by the Plan. If the participant decides not to direct their contributions, they are automatically directed into a Qualified Default Investment Alternative ("QDIA").

VESTING

Participants are immediately vested in their elective deferrals, including Rollovers, plus actual earnings thereon. Participants are also immediately vested in the Employer safe harbor matching contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest that is similar to commercial loans by persons or institution in the business of lending money in the same geographic area as the Employer. The interest rates on all participant loans outstanding at December 31, 2017 range from 4.25% to 5.00%. Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of the primary residence which may be repaid within a period of no more than 30 years. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

On termination of services due to either voluntary or involuntary resignation, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance is less than $1,000 at the termination date, then that balance shall be distributed to the participant in a single lump-sum payment without the participant's consent.

HARDSHIP WITHDRAWALS

A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant's salary deferral contributions, excluding earnings and Rollovers, if any. For the year ended December 31, 2017, there were no hardship withdrawals.

FORFEITURES

Forfeitures are those amounts of Employer contributions in which a participant is not fully vested at the time of termination. Forfeitures will be used to reduce future Employer contributions. During the year ended December 31, 2017, approximately $4,000 was used to offset Plan Sponsor contributions. As of December 31, 2017 and 2016, the Plan had no forfeiture balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Organization's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value, except for the Plan's fully benefit-responsive investment contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year. All gains and losses are reported in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2017 or 2016. Delinquent notes receivable are treated as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PLAN EXPENSES

Administrative expenses incurred in relation to the maintenance of Plan are paid by the Plan Sponsor, however, if allowed under the Plan document, may be paid by the Plan. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and are not separately identified.

RISK AND UNCERTAINTIES

The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2018, the date that the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2
Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 5,167,862	$ --	$ --	$ 5,167,862
Investments at Fair Value	$ 5,167,862	$ --	$ --	$ 5,167,862

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at Fair Value as of December 31, 2016			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 4,047,242	$ --	$ --	$ 4,047,242
Investments at Fair Value	$ 4,047,242	$ --	$ --	$ 4,047,242

NOTE 4 – STABLE ASSET FUND

The Plan has the Stable Asset Fund II ("SAF") in its investment portfolio which is a group annuity contract issued directly to the Plan and backed by the financial strength of American United Life Insurance Company ("AUL"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus the single annual effective net interest rate of return that is announced in advance of the applicable quarter guarantee period, less participant withdrawals, and administrative expenses. As of December 31, 2017 and 2016, the contract value reported in the accompanying Statements of Net Assets Available for Benefits is $254,292 and $364,157, respectively.

The contract offers a fixed interest investment option and a number of variable investment options through an AUL pooled separate account. Amounts allocated to the fixed option will earn interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL. Amounts allocated to a variable investment account within an AUL separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment. The AUL general account is invested in a conservatively managed, well diversified portfolio consisting predominantly of fixed-income investments (bonds, mortgages, and private placement) where the objective is to maximize long-term, risk-adjusted returns. As of December 31, 2017, the general account portfolio had an average rating of "AA-" as measured by Standard and Poor's Financial Services LLC ("S&P").

Certain events could limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules.

NOTE 4 – STABLE ASSET FUND (CONTINUED)

The Plan may terminate the SAF contract. However, the termination and subsequent distribution of the entire contract may result in the application of a surrender charge and/or a one-time adjustment to the aggregate fixed option value. The contract termination value includes a provision for a market value adjustment and a surrender charge. The Plan may be eligible for installment payments over 5 years.

NOTE 5 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017, and net appreciation in fair value of investments, interest and dividends for the year then ended, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company, a OneAmerica company (the Trustee of the Plan).

NOTE 6 – TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the IRS dated March 31, 2014, stating the Plan and related trust, as then designed, are in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 –PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include a stable value fund managed by American United Life Insurance Company, a OneAmerica company. For the year ended December 31, 2017, fees charged to the Plan by American United Life Insurance Company, a OneAmerica company amounted to approximately $1,300. American United Life Insurance Company, a OneAmerica company, is the Plan's trustee and, therefore, these transactions qualify as a party-in-interest transaction; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in the Employer's contributions.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages
