Notes To Financial Statements

Note 1: Description Of Plan

The following description of the Dawn Homes Management LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Dawn Homes Management LLC 401(k) Profit Sharing Plan & Trust is a defined contribution plan that was established to provide retirement benefits for employees of Dawn Homes Management LLC (the Company). Eligible employees become participants in the Plan following 90 days of service and attainment of age 21, as defined in the Plan Agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has adopted a prototype plan offered by Fidelity Management Trust Company who currently holds and invests the assets of the Plan.

Contributions - Each year, eligible participants may contribute up to 96% of annual compensation, subject to Internal Revenue Code limitations as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants have the option of making after tax Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During the years ended December 31, 2017 and 2016, the Company made matching contributions equal to 100% of elective deferrals not to exceed 3% of eligible employees' compensation. The Company may make discretionary profit sharing contributions as determined each plan year. Contributions are subject to certain limitations.

Participants' accounts - Each participant's account is credited or charged, as applicable, with the participant's contribution and allocations of the Company's contribution, plan earnings, and any transfers and distributions made to or from such accounts during the period. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon and any rollover contributions. A participant's vested interest in the employer contribution account of the Plan is based on years of continuing service as defined in the Plan document. A participant hired after May 16, 2016 is 100% vested after six years of credited service. A participant hired after April 1, 2014 but prior to May 16, 2016 is 100% vested after three years of credited service. Employees hired prior to April 1, 2014 are 100% vested in all Company contributions.

Payment of benefits - On termination of service or separation of service, due to death, disability, or retirement, a participant or their beneficiary will be entitled to receive a distribution of their total vested account balance. Benefits will be paid in accordance with the terms of the Plan.

Note 1: Description Of Plan (Continued)

Participant loans - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are made in accordance with the terms of the Plan.

Forfeitures - At December 31, 2017 and 2016, forfeited non-vested accounts amounted to $2,974 and $1,073, respectively. Forfeitures may be used first to pay plan expenses and any remaining amounts will be used to reduce employer contributions. During the years ended December 31, 2017 and 2016, forfeitures, which include earnings, were used to pay plan expenses and reduce employer contributions in the amount of $2,014 and $-0-, and $-0- and $575, respectively.

Plan termination - Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, each participant's account will become fully vested and be distributed in accordance with the Plan Agreement.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - The Plan's investments are held by an independent trust company. Interest and dividend income is recorded on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade date basis with the gain or loss based upon the actual cost of the securities.

Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

Note 2: Summary Of Significant Accounting Policies (Continued)

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan has adopted a prototype plan document which has an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits or changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, and the accompanying notes to the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Fidelity Management Trust Company, the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments and notes receivable from participants of $3,063,981 and $2,307,576 at December 31, 2017 and 2016, respectively, and related investment income of $435,584 and $157,070 for the years ended December 31, 2017 and 2016, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodology used for assets at fair value at December 31, 2017 and 2016:

Mutual funds: Valued at quoted market prices.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Fair Value Measurements At Reporting Date Using:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
December 31, 2017				
Mutual funds	$ 2,971,613	$ -	$ -	$ 2,971,613
Total Investments At Fair Value	$ 2,971,613	$ -	$ -	$ 2,971,613

Note 4: Fair Value Measurements (Continued)

December 31, 2016	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	$ 2,210,961	$ -	$ -	$ 2,210,961
Total Investments At Fair Value	$ 2,210,961	$ -	$ -	$ 2,210,961

Note 5: Related Party Transactions

The Company provides the Plan with certain accounting and administrative services for which no fees are charged.

Certain Plan investments are managed by Fidelity Management Trust Company as denoted on the supplementary Schedule H, Line 4i - Schedule of Assets (Held at End of Year). Fidelity Management Trust Company is the Trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 6: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Plan Amendments

Effective May 16, 2016, the Plan was amended to change the Plan eligibility service requirement from one year and 1,000 hours of service to 90 days of service with no minimum hours of service required. In addition, the Plan was amended to change the time a participant may change his salary reduction agreement from the first day of each calendar quarter to the first day of each month. The Plan was also amended to change the vesting schedule from a three-year cliff for employees hired after April 1, 2014 but prior to May 16, 2016 to a six-year graduated schedule for employee's hired after May 16, 2016.

Note 8: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2017, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 8, 2018, which is the date the financial statements were available to be issued.
