INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Rosenberg & Estis, P.C. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rosenberg & Estis, P.C. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2017, the Plan adopted new accounting guidance: Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share. If we had issued an opinion it would not be modified with respect to this matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION

The following description of the Rosenberg & Estis, P.C. 401(k) Plan (the "Plan") provides only general information. The participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1989, is a defined contribution plan covering eligible employees of Rosenberg & Estis, P.C. (the "Company"). All employees are eligible to participate in the Plan except for employees covered by a collective bargaining agreement and non-resident aliens who receive no earned income from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employees become eligible to participate after three months of service and attainment of age 21, if later and may enter the plan immediately following their eligibility date. Seasonal employees, temporary employees, part-time employees and interns need to complete at least 1,000 hours of service per service year to be eligible.

Each year, participants may contribute up to 100% percent of annual compensation, as defined in the Plan, as pretax and/or after tax elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are subject to certain limitations.

Employees become eligible for discretionary matching and/or profit sharing contributions if they are employed on the last day of the calendar year or complete at least 501 hours of service, as defined in the plan documents. This requirement is in addition to eligibility requirements.

The Company matching contribution is a discretionary percentage of pretax and/or after-tax contributions, which is determined by the Company on an annual basis. The Plan also allows for profit sharing contributions in an amount, if any, to be determined by the Company. During 2017, no matching and/or profit sharing contributions were authorized by the Company.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Contributions (Continued)

Participants direct the investment of contributions credited to his or her accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and the option to self-direct their contributions in other investments.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, as well as allocation of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service. If a participant retires, becomes disabled, or in the event of death, the participant becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. Loan terms may not exceed five years unless the loan is for the purpose of acquiring a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate of interest as determined at the time of the loan application by the Company. Loans outstanding during the year had interest rates which ranged from 3.25% to 10%. Principal and interest are paid ratably through semi-monthly deductions and credited to the borrower's account balance.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Payments of Benefits

When a participant retires or ceases to be an employee due to disability they are entitled to receive a lump sum distribution equal to the value of the participant's vested interest in his or her account. Upon termination, a participant's vested balance shall be distributed in the form of a lump sum payment if less than $5,000 ("cash out limit"). Under certain circumstances (hardship), and with approval of the Company, a participant can elect at any time to receive a portion of his or her vested account balance subject to the provisions of the Plan. In-service withdrawals are permitted once a participant has attained age 59 ½.

Forfeitures

Forfeiture accounts are to be used to pay Plan administrative expenses then to reduce future Company contributions. At December 31, 2017 and 2016, the Plan does not have any forfeited non-vested accounts.

Administrative Expenses

Substantially all of the Plan's expenses are paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the modified cash basis of accounting. Under the modified cash basis of accounting, contributions are recognized when received rather than when receivable and corrective contributions are recorded as distributions when paid rather than as a reduction of the related contributions as required by generally accepted accounting principles.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share, which removes the requirement to categorize, within the fair value hierarchy table, the investments for which fair value is measured using the net asset value per share practical expedient. Instead, an entity is required to include those investments as a reconciling item, so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. In addition the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. ASU No. 2015-07 is effective for reporting periods beginning after December 15, 2016. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. The adoption of this ASU had no impact on the Statements of Net Assets Available for Benefits or the Statements of Changes in Net Assets Available for Benefits as of December 31, 2017 and 2016.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (See Note 4), with the exception of the fully benefit-responsive investment contract, which is valued at contract value as described in Note 5.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded as it is received. Related fees are recorded to the participant's account. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION

Voya Retirement Insurance and Annuity Company ("VRIAC"), custodian of the Plan, holds the Plan's investment assets and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the custodian which was certified as complete and accurate. That information, which is unaudited, consists of approximately 99% and 96% of the Plan's assets at December 31, 2017 and 2016, respectively, and approximately 99% of the investment income (loss) for the year ended December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at the NAV or equivalent of the shares held by the Plan. The pooled separate accounts are not available in an exchange or active market, however the fair value is determined based on the pro-rata share of the underlying investments in the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Due to the nature of the pooled separate accounts, there are no unfunded commitments or redemption restrictions.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Common collective trust: Valued based on the NAV of the collective trust. The NAV, as reported by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common collective trust, which is a stable value fund, invests in fixed-income securities or bond funds, enters into "wrap" contracts issued by third-parties, and invests in cash equivalents represented by shares in money market funds, with the objective of preserving capital and to providing a competitive level of income that is consistent with the preservation of capital. It maintains a $1 per unit price. There are no unfunded commitments with respect to the common collective trust. The fund generally provides for daily redemptions by the Plan at reported NAV per share, without any advance notification. The fund may in its sole discretion, impose restrictions on issues and redemptions of units. There were no restrictions imposed and there were no unfunded commitments as of December 31, 2017 as the Plan fully redeemed its common collective trust investment in 2017.

Self-directed brokerage accounts: Includes mutual funds and money market funds valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds and money market funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded. Also includes common stocks and U.S. government securities valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As a result of adopting ASU 2015-07, investments in pooled separate accounts with a fair value of $19,618,938 are excluded from the fair value hierarchy as of December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016, excluding investments in pooled separate accounts and a common collective trust for which ASU 2015-07 is applicable:

2016	Total	Level 1	Level 2
Self-directed brokerage accounts	$ 765,554	$ 765,554	$ -
Total investments in the fair value hierarchy	765,554	$ 765,554	$ -
Investments measured at net asset value (a)	15,665,343		
Total Investments at Fair Value	$ 16,430,897		

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan maintains one guaranteed investment contract related option, the Voya Fixed Account, issued by VRIAC. The contract underlying this investment option is considered to be a fully benefit-responsive and therefore it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

VRIAC is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed. The crediting rate is based on a formula established by VRIAC but may not be less than 1.00 %. The crediting interest rate to participants for the contract as of December 31, 2017 was 1.90%.

NOTE 5 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on VRIAC's ability to meet its financial obligations. VRIAC's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with VRIAC. A market value adjustment may apply to withdrawals, other than benefits as defined in the contract, at the request of the Plan. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the VRIAC and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by Voya. Voya is the custodian of the Plan assets, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

During 2017, LPL Financial Corporation, Morningstar Associates, LLC and Associated Pension Consultants, Inc. provided certain advisory and third party administration services to the Plan. These transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and terms of the Plan. In the event of termination or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the plan administrator by a letter dated March 31, 2014, that the form of the volume submitter plan is acceptable under the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 11, 2018, which is the date the financial statements were available to be issued.
