ABLETO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 1 - PLAN DESCRIPTION:

The AbleTo 401(k) Plan (“Plan”) is administered by AbleTo, Inc. (the “Company” and “Plan Sponsor”). The following description of the Plan is provided for general information purposes only. More complete information is provided in the Summary Plan Description and Plan Document, which are available from the Company.

General:

The Plan is a voluntary, participant-directed, defined-contribution savings plan covering eligible employees of the Company. The Plan was established January 1, 2017, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility:

Employees, excluding employees covered by a collective bargaining agreement, nonresident aliens, leased employees, employees from stock acquisitions, interns, and employees under the age of 18, are eligible to participate in the Plan. Their eligibility starts on the first day of the following month in which they became employed.

Contributions:

Participants may make voluntary pretax contributions and Roth 401(k) contributions to the Plan up to 100% of eligible compensation, as defined in the Plan. Contributions are subject to certain limitations as stipulated by the Internal Revenue Code (“IRC”). The Plan accepts rollover contributions from other qualified retirement plans in accordance with ERISA. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions in accordance with, and subject to, IRC statutory limits.

The Plan has an automatic enrollment and automatic deferral election feature. Under the automatic enrollment option, an employee who meets the eligibility requirements will be automatically enrolled as a participant with an election to contribute 3% of their compensation to the Plan unless they elect to opt out. Elective deferrals will increase automatically on the first of the Plan year by one percent up to a maximum of 6% of compensation.

Employer matching contributions are determined on an annual basis at the discretion of the Company. For the year ended December 31, 2017, eligible employees receive an employer match of 25% of the employee contribution, up to a maximum of 4% of the participant’s eligible compensation.

Participant Accounts:

Each participant’s account is credited with the participant’s contribution and allocation of: (a) the Company’s contribution; (b) Plan earnings, gains or losses, and (c) an allocation of administrative expenses. Allocations are based on a participant’s compensation or account balances, as defined in the Plan Document.

ABLETO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 1 - PLAN DESCRIPTION: (Continued)

Participant Accounts: (Continued)

The Plan permits participants to self-direct the investments of their accounts in a variety of investment options. All participants have elected to self-direct their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately 100% vested in their voluntary and employer-matching contributions, plus earnings thereon.

Investment Options:

Upon enrollment in the Plan, participants may direct their employee and Company contributions by percentages into any of the investment options available. Participants may change their investment options at any time.

Notes Receivable from Participants:

Effective June 1, 2017, participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loans cannot be taken from Roth elective deferrals. The minimum loan amount allowed is \$1,000. Each loan is secured by the vested balance in the participant's account and bears interest at prime plus 1%. Only one loan per participant can be outstanding at a time. Loans have a maximum term of not more than five years, unless the loan is used to acquire the borrower's principal residence. Principal and interest payments must be made through after-tax payroll deductions.

Payment of Benefits:

After retirement, participants are entitled to receive a lump-sum distribution. Participants have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as April 1st following the calendar year of attaining the age of 70½. If the participants are still employed by the age of 70½, the mandatory distribution date generally is April 1 following the termination date of employment. Upon termination, vested benefits can be rolled over to another qualified plan or an individual retirement account ("IRA"), or distributed in a lump-sum payment. If the vested balance is \$5,000 or less, the participant will receive a lump-sum distribution without consent.

In-service Withdrawals:

Participants attaining the age of 59½ or normal retirement may request a withdrawal of all or part of the vested portion of their account.

Hardship withdrawals are subject to income tax withholding.

Retirement:

The Plan's normal retirement age is 65. There is no early retirement provision under the Plan.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2017.

Benefit Payments:

Benefits are recorded when paid.

Administrative Expenses and Participant Transaction Fees:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, investment fees, and certain plan administration fees not covered by the Company are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Mutual Fund Fees:

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. Allowable fees under Section 12b-1 of the Investment Company Act of 1940 are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and, thus, not separately identifiable as an expense.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrators to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events:

The Company has evaluated its subsequent events and transactions occurring after December 31, 2017 through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES:

The assets of the Plan are primarily financial instruments that are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. Investments in funds are subject to risk conditions of the individual fund objectives, stock market fluctuations, interest rates, economic conditions and world affairs.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE (Unaudited):

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for plan benefits as of December 31, 2017, and the supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017.

NOTE 5 - FAIR VALUE MEASUREMENTS:

Fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 - FAIR VALUE MEASUREMENTS: (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Level 1 input)

Common Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (Other input)

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

<u>Assets at Fair Value as of</u> <u>December 31, 2017</u>				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 781,245	\$ -	\$ -	\$ 781,245
Investments measured at net asset value ¹	-	-	-	80
Investments at Fair Value	\$ 781,245	\$ -	\$ -	\$ 781,325

(1) – Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use Net Asset Value:

The following table summarizes investments measured at fair value based on NAV per share.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are held by the Trustee, Ascensus Trust Company. Any transactions involving Ascensus Trust Company, the Plan Sponsor, or the third-party administrator are considered party-in-interest transactions.

NOTE 7 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participants' accounts and distributed in such a manner as the Plan Document describes.

NOTE 8 - TAX STATUS:

The Plan has received a determination letter from the IRS dated January 1, 2018, stating that the plan is qualified under Internal Revenue Code ("IRC") Section 401(a) and, therefore, the related trust is exempt from taxation. Once qualified, the plan is required to operate in accordance with the IRC to maintain its qualification. The plan administrator believes the plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

NOTE 8 - TAX STATUS: (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrators have analyzed the tax positions taken by the Plan and have concluded that, as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are no audits for any periods in progress.

NOTE 9 - CONCENTRATION:

For the year ended December 31, 2017, the Plan held four investments that represented 65% of net assets available for benefits.
