ABLE ENGINEERING SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Able Engineering Services 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 1996, and was most recently restated on January 1, 2016, to provide retirement benefits for employees of Crown Energy, Inc. dba Able Engineering Services (the “Company”). The Plan is a defined contribution plan covering all eligible employees whose compensation and conditions of employment are established by the terms of a good-faith collective bargaining agreement between the Company and such employee’s lawful representative or bargaining agent and have attained twenty-one year of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

The Plan provides for an administrative committee (the “Administrative Committee”) which is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Administrative Committee oversees the Plan’s operations, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Participant Contributions – Participants may voluntarily contribute up to 90% of their pretax annual compensation, as defined by the Plan, with maximum contributions of \$18,000 for 2017. Additionally, participants, who have attained fifty years of age before the end of the Plan year, are eligible to make catch up contributions up to \$6,000 for 2017. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company may make discretionary employer matching contributions and discretionary non-elective contributions. Participants must complete at least 1,000 hours of service during the Plan Year and be employed as of the last day of the Plan Year to be eligible to receive any non-elective contributions that may be made for that Plan Year. No discretionary employer contributions were made in 2017. During 2017, qualified non-elective contributions of \$682 were made by the employer relating to corrections pertaining to certain participant accounts.

ABLE ENGINEERING SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's contributions and employer matching and non-elective contributions, as well as allocations of Plan investment earnings or losses and expenses. Allocations are based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, employer match and non-elective contributions, and rollover contributions plus actual earnings thereon.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various funds available through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Loans are subject to interest charged at rates based on the prime rate as listed in the Wall Street Journal Money Rate Table. Interest rates remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution as a lump-sum payment or installment payments. If a terminated participant's account balance is between \$1,000 and \$5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Vested account balances of less than \$1,000 are automatically cashed out as a single lump-sum distribution. A participant may also elect to receive a pre-retirement distribution of his or her salary deferrals upon incurring a hardship, as defined by the Plan. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

Forfeited Accounts – Forfeited accounts consist of contributions remitted to the Plan which do not pertain to a specific participant account. As of December 31, 2017 and 2016, forfeited accounts amounted to \$1,225 and \$11,345, respectively. Forfeitures may be used to pay Plan fees, and/or to reduce Company contributions to the Plan. For the year ended December 31, 2017, forfeitures of \$17,045 were used to pay Plan fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan’s financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Administrative Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Loans which become delinquent, as defined, are recorded as deemed distributions to the participant in accordance with the terms of the Plan.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants during 2018 and 2017, respectively.

Payments of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		2017		
		Level 1	Level 2	Level 3
		Total		
Total Assets in the Fair Value Hierarchy:				
Mutual Funds		\$ 22,824,188	\$ -	\$ -
				\$ 22,824,188
		2016		
		Level 1	Level 2	Level 3
		Total		
Total Assets in the Fair Value Hierarchy:				
Mutual Funds		\$ 16,276,513	\$ -	\$ -
				\$ 16,276,513

Investments in two of the Plan's options represent 35% and 38% of total investments as of December 31, 2017 and 2016, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the related notes to the financial statements, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment income and interest income on notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

NOTE 5 – TAX STATUS

The Plan has adopted the Fidelity prototype plan, which received a favorable opinion letter from the IRS on March 31, 2014 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are netted against the net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan or the Company pays directly any other fees related to the Plan's operations.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from certain mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the service agreement, Fidelity remits the excess to the Plan. Such amounts may be applied to pay Plan recordkeeping and administration fees. During 2017 there were no excess amounts. The Plan or Plan sponsor may make a payment to Fidelity for administration expenses not covered by revenue sharing.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2017 and 2016, there were unintentional delays by the Company in remitting certain employee contributions to the Plan within the period prescribed by Department of Labor regulations, amounting to \$27,576 and \$23,142, respectively. The Company has calculated and contributed the amount of lost earnings arising from the delays to the affected participants during the 2018 and 2017 plan years, respectively.

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2018, the Plan was merged into the Able Engineering Services Retirement Plan, a defined contribution plan also sponsored by the Company. Assets totaling \$22,990,579 (unaudited) were transferred from the Plan on January 2, 2018. All participant accounts of the Plan were transferred and participants became eligible to participate in the merged Plan on January 1, 2018. The name of the combined plan is the Able Services 401(k) Retirement Plan.

The Plan's management has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.
