REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Brakes Plus, Inc. Employees Savings Trust (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 28, 2017 and December 31, 2016, and the related statement of changes in net assets available for benefits for the period from January 1, 2017 through December 28, 2017, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Brakes Plus, Inc. Employees Savings Trust as of December 28, 2017 and December 31, 2016, and the changes in net assets available for benefits for the period from January 1, 2017 through December 28, 2017, in accordance with accounting principles generally accepted in the United States of America.

BRAKES PLUS, INC. EMPLOYEES SAVINGS TRUST

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Brakes Plus, Inc. Employees Savings Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan established January 1, 1999. The Plan was available to eligible employees age 21 years or older who completed one year of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of Brakes Plus, Inc. (the "Company") administered the Plan. ("Great-West") served as trustee, managed Plan assets, and maintained the Plan's records. Great-West offered Plan participants a variety of investment options through various mutual funds and a guaranteed interest contract. Individual accounts were invested in the various investment options at the direction of the participants.

Plan Termination and Transfer of Plan Assets

Brakes Plus, Inc. was the Plan's sponsor. Effective December 28, 2017, the Plan was terminated and the assets of the Plan were merged with the Express Oil Change, LLC 401(k) plan.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Prior to December 28, 2017, participants were allowed to make before-tax contributions up to 50% of their annual eligible compensation, as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. The Plan allowed the Plan administrator to reduce the maximum percentage in certain circumstances. Eligible employees who reached age 50 during the Plan year were allowed to elect to make catch-up contributions, as limited by the IRS. The Plan also permitted rollover contributions from other qualified retirement plans. Employee contributions to the Plan were made through regular payroll deductions. The Company made a matching contribution of 30% of elective deferrals up to 6% of eligible compensation. The Company had the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions were so designated, they were non-forfeitable and could not be withdrawn from the Plan prior to separation from service or attainment of age 59½.

The Company was allowed to elect, at its sole discretion, to make additional profit-sharing contributions as often as approved by the Board of Directors. The discretionary profit-sharing contribution was allocated to each participant in proportion to his or her eligible compensation for the Plan year. The Company did not make a discretionary profit-sharing contribution for the period from January 1, 2017 through December 28, 2017.

Participants' Accounts

Each participant's account was credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, Plan earnings or losses, forfeitures, and Plan expenses. Allocations were based upon Plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant was entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed vested as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age of 65 while an employee, retirement due to disability, or termination of the Plan.

Effective December 28, 2017, the Plan was amended and resolved to cease contributions to the Plan, subject to the provisions of ERISA. Pursuant to this resolution, all participants became 100% vested in all employer contributions.

Forfeitures

If at the time of termination of employment the participant was not 100% vested, the non-vested portion ("forfeitures") of the participant's account would have been placed in a separate account. Forfeitures could have been used to pay Plan expenses to reduce employer contributions or could be allocated to participants in the same manner as the employer's contribution. Forfeitures in the amount of \$78,478 and \$26,500 were applied to employer contributions and Plan expenses, respectively, during the period from January 1, 2017 through December 28, 2017. The balance of this account at December 28, 2017 and December 31, 2016 was \$0 and \$21,500, respectively, recorded in the fully benefit-responsive guaranteed interest contract on the statements of net assets available for benefits.

Participant Loans

Prior to December 28, 2017, participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Participants were able to have a maximum of one loan outstanding at any given time. The loans were secured by the balances in the participants' accounts and carried interest at rates that ranged from 5.25% to 6.25%, which were commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and matured at various dates through November 2047. Loans had a maximum term of five years, unless such loan was for the purchase of the participant's primary residence, in which case the repayment period could not exceed thirty years from the date of the loan origination. Principal and interest were paid ratably through payroll deductions. Participant loans were recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan continued to be payable in accordance with the provisions of the participant's loan or be due in full.

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary could elect to receive, at his or her election, within a reasonable period of time, a lump sum, partial payment, or installment payments in the amount equal to the participant's vested account balance. Benefits were recorded when paid.

The Plan allowed in-service distributions and partial distributions to participants age 59½ or older who had not terminated employment with the Plan sponsor. The Plan also provided for hardship withdrawals for defined hardship events. Participants who were granted a hardship withdrawal were not allowed to make contributions for the six months following such withdrawal. Furthermore, the Plan allowed for terminated participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan. The IRS had required minimum distributions once a participant reached age 70½ during the previous Plan year and was no longer employed by the Company.

Valuation of Investments and Income Recognition

Investments were recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles, the statements of net assets available for benefits present the contract value of the investment.

Valuation of Investments and Income Recognition (continued)

The guaranteed interest contract account was under a group annuity contract with Great-West. Great-West maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting interest rates were reset by Great-West on a quarterly basis.

Prior to December 28, 2017, certain events may have limited the ability of the Plan to transact at contract value with Great-West. Such events included, but were not limited to the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, layoffs, divestitures, and spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, or (3) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In addition, certain events may have allowed the issuer to terminate the contract with the Plan and settle at an amount different from fair value. Such events included, but were not limited to: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) was reflected in the accompanying statement of changes in net assets available for benefits and was determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments were recorded on a trade-date basis. Interest income was recognized on the accrual basis. Dividends were recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provided for various investments that, in general, were exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments would occur in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

During the period from January 1, 2017 through December 28, 2017, two investments accounted for 24% of investment income.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 2 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There were no investments held as of December 28, 2017 due to the Plan termination.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2016 on a recurring basis:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 11,706,770</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,706,770</u>

There were no changes to the valuation techniques used during the period.

Note 3 - Income Taxes

The Plan did not obtain a plan-specific determination letter, as it operated with the trustee's opinion letter, which was issued on the basic Plan document. The Plan administrator believes that the Plan was operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Note 3 - Income Taxes (continued)

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 - Administration of the Plan

The Company provided, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also paid the cost of certain outside services for the Plan.

Note 5 - Related Party and Party-in-Interest Transactions

Certain Plan investments were guaranteed interest contracts, which were managed by Great-West. Great-West was the asset trustee, as defined by the Plan; therefore, these transactions qualified as party-in-interest and were exempt from the prohibited transaction rules. In addition, the Plan provided for loans to participants, which were also party-in-interest transactions that were exempt from the prohibited transaction rules.
