The Plan and the Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Description of Plan: The Jorgensen & Co. 401(k) Plan became effective July 1, 1995. The Plan was amended and restated effective January 1, 2012 to adopt The All Valley Administrators, LLC Prototype Non-Standardized Cash or Deferred Profit Sharing Plan and the name of the Plan was changed to the Jorgensen & Company 401(k) Retirement Plan. The Plan is intended to assist the participants in accumulating savings for retirement.

Eligibility: Effective January 1, 2012 an employee of Jorgensen & Company (the "Company") becomes eligible to participate in the Plan after completing three months of employment with the Company and attainment of age 21. Employees become eligible for discretionary employer matching and profit sharing contributions after one year of service. There were 144 and 147 participants in the Plan at December 31, 2017 and 2016, respectively.

Contributions: Each year, participants may contribute either a percentage of or dollar amount from pretax annual compensation without plan imposed limit, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated target maturity fund based on date of birth until changed by the participant. The Board of Directors maintains discretionary authority over the amount of the Company's matching and profit sharing contributions to the Plan. The Company is under no obligation to contribute to the Plan in any given year. There were no Company contributions during the year ended December 31, 2017. Contributions are subject to certain IRS limitations.

Payment of Benefits: In the event of death, disability, or retirement the participant's interest in the Plan is payable to the beneficiary in a lump sum. Certain benefits qualify as eligible rollovers that may be directly rolled over to another qualified plan or an individual retirement account. A participant also has the right, in certain cases, to receive his or her benefit in periodic payments not extending beyond the life expectancy of the participant. A participant may also make hardship withdrawals subject to certain restrictions. Participants are eligible for early retirement benefits upon the age of 63, limited to his or her vested account balance.

Note 1. Description of the Plan (Continued)

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, allocations of Company discretionary contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the related discretionary employer contributions by the Company into any of the various investment options offered by the Plan and managed by Nationwide Trust Company, FSB ("Nationwide"). Participant contributions of those employees who have auto-enrolled, and have not affirmatively directed otherwise, are automatically invested in the Fidelity Freedom Target Maturity Fund.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing and employer matching contributions become 20% vested after two years of credited service as defined and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance. Borrowing is restricted to certain events as defined in the plan document. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's audit committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (continued)

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses: The Plan is administered by the Company. Certain expenses incurred maintaining the Plan may be paid directly by the Company and, if applicable, are excluded from these financial statements. As provided in the Plan document, reasonable administrative expenses of the Plan may be paid by the Plan, to the extent they are not paid by the Company. The Plan utilizes the professional administrative services of All Valley Administrators in Fresno, California. Administrative expenses paid by the Plan include advisory and service provider fees charged by the Custodian, Nationwide.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Subsequent Events: The Plan Administrator has evaluated subsequent events through, October 11, 2018, the date the financial statements were available to be issued. See Note 10 for a discussion of a subsequent event noted.

Note 3. Information Certified by Nationwide

The following is a summary of the Plan asset's information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and the supplemental Schedule of Assets Held, that was prepared by or derived from information provided by the custodian of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental Schedule of Assets Held related to the following assets:

	December 31,	
	2017	2016
Investments at fair value:		
Mutual funds	$ 4,223,367	$ 3,544,244
Fixed select contract – fully benefit-responsive	$ 53,642	$ 55,000

Note 3. Information Certified by Nationwide (Continued)

Nationwide also certified to the completeness and accuracy of $375,260 of net appreciation in fair value of investments, and $185,312 of dividends and capital gains related to the aforementioned plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted priced included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for that asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Security and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may` not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,223,367	$ -	$ -	$ 4,223,367
Investments at fair value	$ 4,223,367	$ -	$ -	$ 4,223,367

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,544,244	$ -	$ -	$ 3,544,244
Investments at fair value	$ 3,544,244	$ -	$ -	$ 3,544,244

Note 5. Group Annuity Contract with Nationwide Life Insurance Company

The Plan offers a traditional fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company (Nationwide) totaling $53,642 and $55,000 as of December 31, 2017 and 2016, respectively. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting is based on a formula established by the contract issuer but may not be less than .5 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5. Group Annuity Contract with Nationwide Life Insurance Company (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different than the contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their discretionary employer contribution, if any.

Note 7. Income Tax Status

Effective January 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by All Valley Administrators, LLC. The prototype plan received an opinion letter from the Internal Revenue Service as the prototype plan's qualified status as of March 31, 2014. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Note 7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Nationwide. Nationwide is the custodian and financial advisor to the Plan and, therefore, these transactions qualify as party in interest transactions as do administrative expenses paid to All Valley Administrators, LLC, a third party administrator utilized by the Plan. As described in Note 2, certain expenses are paid by the Plan to the extent not paid by the Company.

Note 10. Subsequent Event

Effective September 1, 2018, the Plan completed a revised adoption agreement of the All Valley Administrators, LLC's prototype plan, and issued a new plan document. Among the revisions included in the revised plan document, a participant may request a loan for any purpose, subject to the limitations on the amount of any loan. Additionally, in-service withdrawals will be allowed from vested benefits from all sources upon attainment of age 59-1/2. The revision resulted in no other material modifications to the Plan document, operations, or investment alternatives.
