Note 1. Plan Description

The following brief description of the Aperion Care Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers employees who are members of a collective bargaining unit of Aperion Care, Inc.'s related entities (collectively the Company). Employees of Aperion Care, Inc. are excluded from participating in this Plan. Employees must complete three months of service to participate in the Plan and may enter the Plan upon satisfaction of the eligibility requirements. Participants are eligible to receive Company contributions if they have completed one year of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established for the benefit of a group of related companies through common ownership (controlled group) with the Company. Companies participating in the Plan include:

Plum Grove Nursing and Rehabilitation Center, LLC
Island City Rehabilitation Center, LLC

Contributions: Each year, participants may contribute a percent of annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover). The Company makes matching contributions on behalf of Plan participants in accordance with the requirements of the Collective Bargaining Agreement (CBA). Allocation of Company contribution for the collectively bargained employees of Plum Grove Nursing and Rehabilitation Center, LLC is based on years of service. Collectively bargained employees of Island City Rehabilitation Center, LLC receive a Company contribution equal to $0.27 per hour. Company contributions are subject to certain limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contribution, Company contribution, and Plan earnings/losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service. Participants who terminate employment due to death or disability are 100 percent vested in their account balances.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited accounts: At December 31, 2017 and 2016, forfeited non-vested accounts totaled $123 and $839, respectively. Forfeited non-vested accounts may be used to pay for Plan expenses. Forfeitures of contributions that are not used to pay plan expenses are to be used to reduce Company contributions. In 2017, $207 and $1,163 from forfeited non-vested accounts was used to pay for Plan expenses and reduce Company's contribution, respectively.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Transfers out: The Company also sponsors Aperion Care 401(k) and Profit Sharing Plan. Certain employees, upon change in their eligibility status, can transfer their balances to the Aperion Care 401(k) and Profit Sharing Plan. Additionally, the Plan merged into the Aperion Care 401(k) and Profit Sharing Plan, effective January 1, 2018. The participant accounts and Plan's assets were transferred to the successor plan in January 2018.

Administrative expenses: Most expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. In addition, certain investment related expenses are included in net appreciation/(depreciation) of fair value of investments in the accompanying statement of changes in net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2018, the date the financial statements were available to be issued.

The plan changed the custodian from Mass Mutual Life Insurance Company to Transamerica Life Insurance Company, effective January 1, 2018. The plan has received the new plan document, adoption agreement, and determination letter. The provisions under the new plan document are in compliance with the applicable requirements of the Internal Revenue Code.

Plan management, as permitted by the plan document, made the decision to merge the Aperion Care Union 401(k) Plan into the Aperion Care 401(k) & Profit Sharing Plan, effective January 1, 2018.

Note 3. Investments Certified or Provided by Mass Mutual Life Insurance Company

Mass Mutual Life Insurance Company (MassMutual), the custodian, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held, at December 31, 2017 and 2016 and net appreciation/(depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2017. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodian. The Plan Administrator, therefore has instructed the independent public accountants to exclude the information certified by the custodian from the scope of their audit.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 230,334	$ -	$ -	$ 230,334

	2016			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 162,737	$ -	$ -	$ 162,737

Note 5. Related Party Transactions

Certain investments are mutual funds managed by MassMutual. These transactions qualify as party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 6. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. In accordance with Revenue Procedure 2011-49, 2011-44 I.R.B 608, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Prohibited Transactions

During 2015, the Company failed to remit $537 of participant contributions to the Plan pursuant to 29 CFR 2510.3-102 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The amount was paid into the Plan by December 31, 2017, however, the related lost earnings will be calculated and deposited in 2018. Under the regulation, amounts paid by a Plan participant or withheld by an employer from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can reasonably be segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Company. As a result, the Company has engaged in a nonexempt prohibited transaction under ERISA Section 406.

Note 9. Reconciliation of Financial Statements to Form 5500
