DECEMBER 31, 2017 AND 2016

A. DESCRIPTION OF THE PLAN

The following description of the Frederick Wildman & Sons Limited 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of Frederick Wildman & Sons Limited ("the Company") who have completed a consecutive six months of service and have reached the age of 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The benefits under this plan are not insured by the Pension Benefit Guaranty Corporation.

2. Contributions

a. Each participant may contribute through payroll deferral not less than 1% of earnings and up to 100% of pre-tax annual earnings subject to the Internal Revenue Code Rules and Regulations.

b. The Company matching contribution as defined under this Plan is an amount equal to 50% on the first 5% of the participant's elective contributions. The Company may in its discretion make a nonelective contribution to the Plan that will be allocated to all employees eligible to participate as defined in the Plan.

c. The eligible participants who are projected to reach age fifty (50) during a Plan year will be eligible to make a catch-up contribution at any time during that Plan year. Catch-up contributions are contributions that exceed either the statutory limit as defined by the Internal Revenue Code Rules and Regulations, or the limit as defined by the Plan or any restrictions on contributions for certain highly paid employees. The limit on catch-up contributions for the year 2017 was $6,000.

3. Participant accounts

a. Each participant's account is credited with his/her contribution during the plan year. Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, taking into consideration the participant's vesting in the employer's contribution as provided in the Plan. All significant costs of plan administration are being absorbed by the employer.

3. Participant accounts (cont.)

b. Eligible participants may transfer funds from other qualified plans, with the consent of the administrator, provided that it does not jeopardize the qualified status of the Plan or trust or otherwise create adverse tax consequences for the Company. A separate participant account is created with the transferred amount and the transfer is 100% vested as defined in the Plan. The transferred amount shall be invested and administered as a part of the trust fund.

4. Vesting

The participant shall be vested in his or her nonelective contribution account as determined under the schedule set forth below and defined in the Plan.

Years of service	Vested percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The participant is always 100% vested in his or her own contribution account. Also, the participant will always be automatically 100% vested in his or her nonelective contribution account upon reaching retirement age (65), at death or disability, or upon termination of the Plan. For the purpose of vesting, all years of service are credited from date of hire to determine a participant's vesting service.

5. Payment of benefits

All distributions of benefits under this plan shall be made by the companies holding the investments in accordance with the terms and conditions set forth in the group contract. Benefits less than $5,000 can be distributed either by one lump sum payment or direct rollover. Benefits over $5,000 can be distributed (in addition to one lump sum payment or direct rollover) either in monthly installments or the payments can be deferred until the participant reaches age 70½.

A. DESCRIPTION OF THE PLAN (CONT.)

5. Payment of benefits (cont.)

In the event of the death of the participant, the surviving spouse, an alternate payee, or another beneficiary may be able to treat the payment as a lump sum distribution if the employee met the appropriate age requirements.

6. Loans and withdrawals

A participant may elect to withdraw from his or her account by demonstrating an immediate and heavy financial hardship and that the money can not be obtained from any other source. Immediate and heavy financial hardships are: post-secondary tuition payments for the education of the participant and immediate family members; the purchase of a principal residence; non-elective medical expenses; and payments to prevent the eviction of the participant from a principal residence.

A participant may elect to receive a loan in the amount that may not exceed the lesser of $50,000 or one-half of the participant's vested amount. The interest on a new loan is the prime rate plus 1% as published by the Federal Reserve Bank on a nondiscriminatory basis. Each loan amount (principal and interest) must be completely paid within five (5) years with the exception of loans used for the purchase of a principal residence which may exceed five years. Loan and interest repayments are deducted ratably from the participant's compensation each payroll period.

7. Forfeited accounts

Forfeited accounts, as defined in the Plan, will be applied first to reduce employer's contributions at the end of the plan year. Any remaining balance of forfeitures will be applied to pay Plan expenses. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $0 and $23,996, respectively. During the year 2017, the Company had used $42,105 to reduce the 2017 matching contributions. Forfeited credits of $0 and $23,996 at December 31, 2017 and 2016, respectively, were included in the investments at fair market value and reflected in the statement of net assets available for benefits. If forfeited credits were excluded from the investments, the total net assets available for benefits would be $15,926,762 and $13,394,723 at December 31, 2017 and 2016, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

B. SUMMARY OF ACCOUNTING POLICIES

Date of management's review

Subsequent events were evaluated through October 1, 2018, which is the date the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (CONT.)

Payment of benefits

Benefits are recorded when paid. However, $4,857,045 of allocated balances as of December 31, 2017 for terminated participants were not paid because the participants did not request the withdrawal of their vested balances.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the assets and liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair value measurements using:	
	Fair value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)
December 31, 2017			
Common/collective trusts	$ 1,866,712	$	$ 1,866,712
Mutual funds	13,865,475	13,865,475	
Total	$ 15,732,187	$ 13,865,475	$ 1,866,712
December 31, 2016			
Common/collective trusts	$ 1,142,097	$	$ 1,142,097
Mutual funds	12,063,178	12,063,178	
Total	$ 13,205,275	$ 12,063,178	$ 1,142,097

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of investments in the common/collective trust is determined by a comparative performance benchmark index and a universe of investment funds which primarily invest in the same investment category according to independent mutual fund database providers.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table reconciles the beginning and ending balances of fair value measurements using significant other observable inputs (Level 2) of the common/collective trusts for the years ended December 31, 2017 and 2016:

	Total	Common/ collective trusts
December 31, 2017		
Beginning balance	$ 1,142,097	$ 1,142,097
Purchases, sales, issuances, and settlements (net)	724,615	724,615
Ending balance	$ 1,866,712	$ 1,866,712
December 31, 2016		
Beginning balance	$ 324,146	$ 324,146
Purchases, sales, issuances, and settlements (net)	817,951	817,951
Ending balance	$ 1,142,097	$ 1,142,097

D. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee and custodian as of and for the years ended December 31, 2017 and 2016:

	2017	2016
Investments at fair value and participant notes:	$ 15,926,762	$ 13,418,719
Investment income for the year :		
Interest and dividends	$ 181,943	$ 190,478
Net appreciation in fair value of investments	2,257,195	863,717
Interest on participant notes	9,428	11,186
Total investment income	$ 2,448,566	$ 1,065,381

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

F. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

G. RELATED - PARTY TRANSACTIONS

Certain Plan investments are guaranteed interest accounts managed by the custodian. Accordingly, these transactions qualify as party-in-interest transactions. The Company pays for most of the expenses incurred in the administration of the Plan.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

FREDERICK WILDMAN & SONS LIMITED

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

A. DESCRIPTION OF THE PLAN

The following description of the Frederick Wildman & Sons Limited 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of Frederick Wildman & Sons Limited ("the Company") who have completed a consecutive six months of service and have reached the age of 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The benefits under this plan are not insured by the Pension Benefit Guaranty Corporation.

2. Contributions

a. Each participant may contribute through payroll deferral not less than 1% of earnings and up to 100% of pre-tax annual earnings subject to the Internal Revenue Code Rules and Regulations.

b. The Company matching contribution as defined under this Plan is an amount equal to 50% on the first 5% of the participant's elective contributions. The Company may in its discretion make a nonelective contribution to the Plan that will be allocated to all employees eligible to participate as defined in the Plan.

c. The eligible participants who are projected to reach age fifty (50) during a Plan year will be eligible to make a catch-up contribution at any time during that Plan year. Catch-up contributions are contributions that exceed either the statutory limit as defined by the Internal Revenue Code Rules and Regulations, or the limit as defined by the Plan or any restrictions on contributions for certain highly paid employees. The limit on catch-up contributions for the year 2017 was $6,000.

3. Participant accounts

a. Each participant's account is credited with his/her contribution during the plan year. Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, taking into consideration the participant's vesting in the employer's contribution as provided in the Plan. All significant costs of plan administration are being absorbed by the employer.

A. DESCRIPTION OF THE PLAN (CONT.)

3. Participant accounts (cont.)

b. Eligible participants may transfer funds from other qualified plans, with the consent of the administrator, provided that it does not jeopardize the qualified status of the Plan or trust or otherwise create adverse tax consequences for the Company. A separate participant account is created with the transferred amount and the transfer is 100% vested as defined in the Plan. The transferred amount shall be invested and administered as a part of the trust fund.

4. Vesting

The participant shall be vested in his or her nonelective contribution account as determined under the schedule set forth below and defined in the Plan.

Years of service	Vested percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The participant is always 100% vested in his or her own contribution account. Also, the participant will always be automatically 100% vested in his or her nonelective contribution account upon reaching retirement age (65), at death or disability, or upon termination of the Plan. For the purpose of vesting, all years of service are credited from date of hire to determine a participant's vesting service.

5. Payment of benefits

All distributions of benefits under this plan shall be made by the companies holding the investments in accordance with the terms and conditions set forth in the group contract. Benefits less than $5,000 can be distributed either by one lump sum payment or direct rollover. Benefits over $5,000 can be distributed (in addition to one lump sum payment or direct rollover) either in monthly installments or the payments can be deferred until the participant reaches age 70½.

A. DESCRIPTION OF THE PLAN (CONT.)

5. Payment of benefits (cont.)

In the event of the death of the participant, the surviving spouse, an alternate payee, or another beneficiary may be able to treat the payment as a lump sum distribution if the employee met the appropriate age requirements.

6. Loans and withdrawals

A participant may elect to withdraw from his or her account by demonstrating an immediate and heavy financial hardship and that the money can not be obtained from any other source. Immediate and heavy financial hardships are: post-secondary tuition payments for the education of the participant and immediate family members; the purchase of a principal residence; non-elective medical expenses; and payments to prevent the eviction of the participant from a principal residence.

A participant may elect to receive a loan in the amount that may not exceed the lesser of $50,000 or one-half of the participant's vested amount. The interest on a new loan is the prime rate plus 1% as published by the Federal Reserve Bank on a nondiscriminatory basis. Each loan amount (principal and interest) must be completely paid within five (5) years with the exception of loans used for the purchase of a principal residence which may exceed five years. Loan and interest repayments are deducted ratably from the participant's compensation each payroll period.

7. Forfeited accounts

Forfeited accounts, as defined in the Plan, will be applied first to reduce employer's contributions at the end of the plan year. Any remaining balance of forfeitures will be applied to pay Plan expenses. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $0 and $23,996, respectively. During the year 2017, the Company had used $42,105 to reduce the 2017 matching contributions. Forfeited credits of $0 and $23,996 at December 31, 2017 and 2016, respectively, were included in the investments at fair market value and reflected in the statement of net assets available for benefits. If forfeited credits were excluded from the investments, the total net assets available for benefits would be $15,926,762 and $13,394,723 at December 31, 2017 and 2016, respectively.

FREDERICK WILDMAN & SONS LIMITED

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

B. SUMMARY OF ACCOUNTING POLICIES

Date of management's review

Subsequent events were evaluated through October 1, 2018, which is the date the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (CONT.)

Payment of benefits

Benefits are recorded when paid. However, $4,857,045 of allocated balances as of December 31, 2017 for terminated participants were not paid because the participants did not request the withdrawal of their vested balances.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the assets and liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair value measurements using:	
	Fair value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)
December 31, 2017			
Common/collective trusts	$ 1,866,712	$	$ 1,866,712
Mutual funds	13,865,475	13,865,475	
Total	$ 15,732,187	$ 13,865,475	$ 1,866,712
December 31, 2016			
Common/collective trusts	$ 1,142,097	$	$ 1,142,097
Mutual funds	12,063,178	12,063,178	
Total	$ 13,205,275	$ 12,063,178	$ 1,142,097

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of investments in the common/collective trust is determined by a comparative performance benchmark index and a universe of investment funds which primarily invest in the same investment category according to independent mutual fund database providers.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table reconciles the beginning and ending balances of fair value measurements using significant other observable inputs (Level 2) of the common/collective trusts for the years ended December 31, 2017 and 2016:

	Total	Common/ collective trusts
December 31, 2017		
Beginning balance	$ 1,142,097	$ 1,142,097
Purchases, sales, issuances, and settlements (net)	724,615	724,615
Ending balance	$ 1,866,712	$ 1,866,712
December 31, 2016		
Beginning balance	$ 324,146	$ 324,146
Purchases, sales, issuances, and settlements (net)	817,951	817,951
Ending balance	$ 1,142,097	$ 1,142,097

D. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee and custodian as of and for the years ended December 31, 2017 and 2016:

	2017	2016
Investments at fair value and participant notes:	$ 15,926,762	$ 13,418,719
Investment income for the year :		
Interest and dividends	$ 181,943	$ 190,478
Net appreciation in fair value of investments	2,257,195	863,717
Interest on participant notes	9,428	11,186
Total investment income	$ 2,448,566	$ 1,065,381

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

F. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

G. RELATED - PARTY TRANSACTIONS

Certain Plan investments are guaranteed interest accounts managed by the custodian. Accordingly, these transactions qualify as party-in-interest transactions. The Company pays for most of the expenses incurred in the administration of the Plan.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

A. DESCRIPTION OF THE PLAN

The following description of the Frederick Wildman & Sons Limited 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of Frederick Wildman & Sons Limited ("the Company") who have completed a consecutive six months of service and have reached the age of 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The benefits under this plan are not insured by the Pension Benefit Guaranty Corporation.

2. Contributions

a. Each participant may contribute through payroll deferral not less than 1% of earnings and up to 100% of pre-tax annual earnings subject to the Internal Revenue Code Rules and Regulations.

b. The Company matching contribution as defined under this Plan is an amount equal to 50% on the first 5% of the participant's elective contributions. The Company may in its discretion make a nonelective contribution to the Plan that will be allocated to all employees eligible to participate as defined in the Plan.

c. The eligible participants who are projected to reach age fifty (50) during a Plan year will be eligible to make a catch-up contribution at any time during that Plan year. Catch-up contributions are contributions that exceed either the statutory limit as defined by the Internal Revenue Code Rules and Regulations, or the limit as defined by the Plan or any restrictions on contributions for certain highly paid employees. The limit on catch-up contributions for the year 2017 was $6,000.

3. Participant accounts

a. Each participant's account is credited with his/her contribution during the plan year. Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, taking into consideration the participant's vesting in the employer's contribution as provided in the Plan. All significant costs of plan administration are being absorbed by the employer.

A. DESCRIPTION OF THE PLAN (CONT.)

3. Participant accounts (cont.)

b. Eligible participants may transfer funds from other qualified plans, with the consent of the administrator, provided that it does not jeopardize the qualified status of the Plan or trust or otherwise create adverse tax consequences for the Company. A separate participant account is created with the transferred amount and the transfer is 100% vested as defined in the Plan. The transferred amount shall be invested and administered as a part of the trust fund.

4. Vesting

The participant shall be vested in his or her nonelective contribution account as determined under the schedule set forth below and defined in the Plan.

Years of service	Vested percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The participant is always 100% vested in his or her own contribution account. Also, the participant will always be automatically 100% vested in his or her nonelective contribution account upon reaching retirement age (65), at death or disability, or upon termination of the Plan. For the purpose of vesting, all years of service are credited from date of hire to determine a participant's vesting service.

5. Payment of benefits

All distributions of benefits under this plan shall be made by the companies holding the investments in accordance with the terms and conditions set forth in the group contract. Benefits less than $5,000 can be distributed either by one lump sum payment or direct rollover. Benefits over $5,000 can be distributed (in addition to one lump sum payment or direct rollover) either in monthly installments or the payments can be deferred until the participant reaches age 70½.

A. DESCRIPTION OF THE PLAN (CONT.)

5. Payment of benefits (cont.)

In the event of the death of the participant, the surviving spouse, an alternate payee, or another beneficiary may be able to treat the payment as a lump sum distribution if the employee met the appropriate age requirements.

6. Loans and withdrawals

A participant may elect to withdraw from his or her account by demonstrating an immediate and heavy financial hardship and that the money can not be obtained from any other source. Immediate and heavy financial hardships are: post-secondary tuition payments for the education of the participant and immediate family members; the purchase of a principal residence; non-elective medical expenses; and payments to prevent the eviction of the participant from a principal residence.

A participant may elect to receive a loan in the amount that may not exceed the lesser of $50,000 or one-half of the participant's vested amount. The interest on a new loan is the prime rate plus 1% as published by the Federal Reserve Bank on a nondiscriminatory basis. Each loan amount (principal and interest) must be completely paid within five (5) years with the exception of loans used for the purchase of a principal residence which may exceed five years. Loan and interest repayments are deducted ratably from the participant's compensation each payroll period.

7. Forfeited accounts

Forfeited accounts, as defined in the Plan, will be applied first to reduce employer's contributions at the end of the plan year. Any remaining balance of forfeitures will be applied to pay Plan expenses. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $0 and $23,996, respectively. During the year 2017, the Company had used $42,105 to reduce the 2017 matching contributions. Forfeited credits of $0 and $23,996 at December 31, 2017 and 2016, respectively, were included in the investments at fair market value and reflected in the statement of net assets available for benefits. If forfeited credits were excluded from the investments, the total net assets available for benefits would be $15,926,762 and $13,394,723 at December 31, 2017 and 2016, respectively.

FREDERICK WILDMAN & SONS LIMITED

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

B. SUMMARY OF ACCOUNTING POLICIES

Date of management's review

Subsequent events were evaluated through October 1, 2018, which is the date the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (CONT.)

Payment of benefits

Benefits are recorded when paid. However, $4,857,045 of allocated balances as of December 31, 2017 for terminated participants were not paid because the participants did not request the withdrawal of their vested balances.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the assets and liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

		Fair value measurements using:	
	Fair value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)
December 31, 2017			
Common/collective trusts	$ 1,866,712	$	$ 1,866,712
Mutual funds	13,865,475	13,865,475	
Total	$ 15,732,187	$ 13,865,475	$ 1,866,712

Common/collective trusts	$ 1,142,097	$	$ 1,142,097
Mutual funds	12,063,178	12,063,178	
Total	$ 13,205,275	$ 12,063,178	$ 1,142,097

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of investments in the common/collective trust is determined by a comparative performance benchmark index and a universe of investment funds which primarily invest in the same investment category according to independent mutual fund database providers.

C. FAIR VALUE MEASUREMENTS (CONT.)

The following table reconciles the beginning and ending balances of fair value measurements using significant other observable inputs (Level 2) of the common/collective trusts for the years ended December 31, 2017 and 2016:

	Total	Common/ collective trusts
December 31, 2017		
Beginning balance	$ 1,142,097	$ 1,142,097
Purchases, sales, issuances, and settlements (net)	724,615	724,615

Purchases, sales, issuances, and settlements (net)	817,951	817,951

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

F. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

G. RELATED - PARTY TRANSACTIONS

Certain Plan investments are guaranteed interest accounts managed by the custodian. Accordingly, these transactions qualify as party-in-interest transactions. The Company pays for most of the expenses incurred in the administration of the Plan.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
