NOTE A.--DESCRIPTION OF PLAN

The following description of the Simplicity Consulting, Inc. (Company or Plan Sponsor) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) and profit sharing plan originally established by the Company effective January 1, 2009, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any person employed by the Company. An employee becomes eligible to participate in the plan after reaching age 21 and after completing six months of service. Participants receive credit for one month of service for each month in which they complete one hour of service. The entry date is the first day of each month following completion of eligibility requirements. The Plan was amended and restated effective February 2015 to bring the Plan into compliance with the Pension Protection Act of 2006 and other legal requirements. Effective January 1, 2016, the Plan was amended and restated to elect a Qualified Automatic Contribution Arrangement (QACA). Effective September 1, 2016, the Plan was amended and restated to change the QACA to a per-payroll basis with an annual true-up. Effective January 1, 2017, the Plan was amended and restated to remove the annual true-up. See also Note N for subsequent amendments.

Effective November 1, 2017, the Plan changed record keeper and third-party administrator from ADP to Hunnex and Shoemaker and changed custodian from Reliance Trust Company to Transamerica. The Plan also changed financial advisors in early 2017.

Contributions: The Plan is funded by eligible participant elective deferrals which may range from 1% to 90% of eligible compensation, discretionary Company matching contributions, and QACA safe harbor matching contributions. The Plan automatically enrolls participants at a 3% deferral rate. The auto enroll percentage will increase 1% per year up to a maximum of 6%. The Company has historically not made any discretionary matching contributions. The QACA safe harbor employer match is the sum of 100% of the participant’s compensation which is deferred as an elective deferral that does not exceed 1% of the participant’s compensation, plus 50% of the participant’s compensation which is deferred as an elective deferral that exceeds 1% of the participant’s compensation but does not exceed 6% of the participant’s compensation. The QACA was to be paid on an annual basis until September 1, 2016, when it was paid on a per-payroll basis. Effective January 1, 2017, the true-up requirement was removed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Also, all participants who are eligible to make elective deferral contributions may elect to designate all or any portion of their deferrals as Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Roth rollover contributions are not allowed. Contributions are subject to certain limitations.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contribution, allocation of any Company contributions, an allocation of plan earnings (losses), and charged with certain administrative expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as applicable, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting for the QACA safe harbor matching contributions will be 100% after 2 years of vesting service or upon death or disability. There is no vesting schedule for the discretionary match as there has been no discretionary employer matching and/or discretionary non-elective contributions, historically.

Retirement: The normal retirement date is the first day of the month on or after the date the participant turns 65. There is no early retirement.

Payment of Benefits: On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals, or annual installments over their lifetime or the joint or last survivor life expectancy of the participant and their designated beneficiary. Upon death of a participant, payments made to a beneficiary shall be payable in a lump sum or other form as selected by the beneficiary. If the beneficiary is a spouse, distribution shall be in the form of a qualified pre-retirement survivor annuity.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may continue to participate in the plan investments and benefits will be provided upon retirement or death. For terminated participants, if the balance of the vested accounts is $5,000 or less, payment may be made in a lump-sum without the participant’s consent. If such balance is less than $5,000 but greater than $1,000, it will automatically be rolled over into an IRA established by an IRA provider selected by the Company. Certain hardship distributions may be made in accordance with Plan provisions.

Investment Options: Participants are allowed to direct their contributions and account balances in a variety investment options including mutual funds, collective trust funds and a fully-benefit responsive investment contract (effective November 1, 2017). The Plan Sponsor periodically reviews the investment options available to participants and changes them as warranted. Participants may change their investments at any time.

Plan Expenses: Expenses of maintaining the Plan may be paid by the Company or the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Plan Expenses (Continued): Certain fees such as for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses including 12b-1 fees and revenue sharing fees (until November 1, 2017) are deducted from each funds' earnings and are included in net appreciation (depreciation) in fair value of investments.

Forfeitures: Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce future Company contributions or to pay plan administrative expenses. As of December 31, 2017, and 2016, forfeited non-vested accounts totaled $23,663 and $369.

NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

NOTE C.--CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation (depreciation) in fair value of investments, other income and dividend income for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (as of December 31, 2016 and for the period from January 1, 2017 through October 31, 2017) and Transamerica Life Insurance Company (as of December 31, 2017 and for the period from November 1, 2017 through December 31, 2017), the trustees and custodians of the plan.

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at NAV of units held by the Plan at year end. The NAV, as provided by the trustees and custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective trust is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,947,989	$ -	$ -	$ 4,947,989
Total investments at fair value	$ 4,947,989	$ -	$ -	$ 4,947,989

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2016				
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,818,816	$ -	$ -	$ 2,818,816
Total assets in the fair value hierarchy	$ 2,818,816	$ -	$ -	2,818,816
Investments measured at net asset value (a)				608,423
Total investments at fair value				$ 3,427,239

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31:

	2017 Fair Value	2016 Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in funds and an insurance company general account are managed by the trustees and custodians, State Street Bank and Trust Company (from January 1, 2016 to June 30, 2016), Reliance Trust Company (from July 1, 2016 to October 31, 2017) and Transamerica Life Insurance Company (from November 1, 2017 to December 31, 2017), therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

The Plan was amended and restated during 2016. The Plan adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on July 8, 2014, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

The Plan has been amended since the date of this determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE I.--PLAN ERRORS

Auto-Enroll Feature Errors
With the addition of the auto-enroll feature, the Plan Sponsor misunderstood the auto-enroll rules related to employees who were eligible prior to the date of adding the auto-enroll feature but whom had not initiated any deferrals or waiver. The Plan's auto- enroll feature was selected such that all employees needed to have an opt-out form on file or be automatically enrolled at 3%. This error occurred with certain hires and rehires from September 2014 through September 2016 when the error was discovered. Accordingly, the Plan Sponsor corrected these errors and communicated with the affected employees from 2014, 2015 and 2016 pursuant to Rev Procedure 2015-28 provisions, as applicable.

The Plan Sponsor notified employees and made a QNEC contribution plus lost earnings for 2014 affected employees by December 31, 2016. Those employees affected in 2015 and 2016 received a notice and were auto-enrolled.

For employees who were affected in 2016, because of the new plan provisions for matching contributions, a matching contribution of $16,152 on the missed deferrals was calculated and deposited into the affected participant accounts in January 2017.

During 2017, it was noted that the participants who were not auto-enrolled also did not receive the employer match true-up for the year ended December 31, 2016. The Plan Sponsor deposited $4,951 into the affected participant accounts in June 2017.

During 2017, it was also noted that one employee was not auto-enrolled as they were a rehire. The Plan made a QNEC to the employee's account of $211 in December 2017.

NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016, to Form 5500:

	2017	2016
Net assets available for benefits per financial statements	$4,997,232	$3,730,182
Difference related to employer contribution receivable	-	(302,943)
Net assets available for benefits per the Form 5500	$4,997,232	$3,427,239

The following is a reconciliation of the net increase in assets available for benefits for the year ended December 31, 2017, per the financial statements to the Form 5500:

Net increase in assets available for benefits per the financial statements	$1,267,050
Difference related to employer contribution receivable	302,943
Net income per the Form 5500	$1,569,993

NOTE K.--TRUE-UP OF EMPLOYER MATCH

As part of the normal course of plan operations through December 31, 2016, an annual true-up was required to be calculated on the QACA safe harbor match contributions made during 2016. As a result of the true-up assessments at December 31, 2016, total additional safe harbor match contributions of $302,943 were calculated and are included in employer contribution receivable as of December 31, 2016, in the accompanying statements of net assets available for benefits. Effective January 1, 2017, the Plan was amended and restated to remove the annual true-up.

NOTE L.--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a group annuity contract with Transamerica Life Insurance Company with a fully benefit-responsive investment contract to invest in their insurance company general account, the Transamerica Stable Value Focus Option (Stable Value Investment). Transamerica maintains the contributions in their general account. Assets in the general account are supported by the financial stability of Transamerica. While Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, any guarantees are subject to the claims paying ability of Transamerica.

The contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value of the Plan's investment in the fund was $49,243 and $0 at December 31, 2017 and 2016.

NOTE L.--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value with no conditions, limits or restrictions. If the Sponsor wishes to remove the Stable Value Investment as an investment choice from the Plan, Transamerica may impose a hold for up to a 270-day period if certain conditions are met depending on the contract held. Additionally, under limited circumstances, Transamerica may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level. Transamerica and the Plan's management are not aware of events that would limit the ability of participants to transact at contract value.

The Stable Value Investment does not have a maturity date and there are no stated minimum or maximum interest rates. The crediting interest rate is based on a formula agreed upon with Transamerica. Such interest rates are reviewed on a semi-annual basis for resetting.

NOTE M.--BLACK-OUT PERIOD

During 2017, the Plan's assets were transferred from ADP to Transamerica Retirement Solutions, LLC pursuant to a change of service providers. Accordingly, the Plan incurred a black-out period from October 25, 2017 through December 1, 2017.

NOTE N.--SUBSEQUENT EVENTS

The Plan was amended and restated with a volume submitter profit sharing plan with CODA effective January 1, 2018 with the switch to Hunnex and Shoemaker and Transamerica. Plan changes were made to appoint Lisa Hufford as trustee of the Plan, to allow participants to defer up to 100% of eligible compensation and to exclude non-resident aliens, employees covered by a collective bargaining agreement, and leased employees.

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.
