Report on the Financial Statements

We have audited the accompanying financial statements of the Columbia Medical Associates Medical Plan (the Plan), which comprise the statements of net assets available for benefits and of plan's benefit obligations as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits and of changes in plan's benefit obligations for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Columbia Medical Associates Medical Plan as of December 31, 2017 and 2016, and the changes in its financial status for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Columbia Medical Associates Medical Plan (the Plan) provides only general information. Participants should refer to the official plan document for a more complete description of the Plan's provisions.

- a. **General** The Plan provides health and other benefits to eligible employees of Columbia Medical Associates (the Company) and covered dependents. Retired employees are not eligible to participate in the Plan. The Plan is a tax-exempt plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective January 1, 2011, and was initially funded through a fully insured contract with Group Health. Effective January 1, 2013, the Plan changed to a self-insured platform with Group Health.
- b. **Benefits** The Plan provides health benefits (medical, vision, and prescription drugs). The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).
- c. **Self-insured benefits** The claims for self-insured benefits are processed by Group Health, the Plan's third-party claims processor, under an administrative services only arrangement. Group Health pays claims on behalf of the participants and is then reimbursed by the Plan. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.
- d. **Contributions** In addition to deductibles and copayments, participants contribute specific amounts based on applicable monthly premiums for their respective benefit elections. The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

Note 2 – Summary of Significant Accounting Policies

- a. **Basis of accounting** The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. **Use of estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.
- c. **Payment of benefits** Claim payments are recorded when paid by the third-party claims processor. Amounts due to the claims processor that have yet to be reimbursed by the Plan are recorded as a payable in the accompanying statements of plan's benefit obligations.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (Continued)

d. **Subsequent events** – In August 2018, Plan management voted to terminate the Plan and merge with Kaiser Permanente Health Plan of Washington (KPWA) effective January 1, 2019. The Plan has evaluated subsequent events through August 30, 2018, the date the financial statements were available to be issued.

Note 3 - Claims Incurred but Not Reported

Plan obligations at December 31, 2017 and 2016, for claims incurred but not reported are estimated by plan management using claims data provided by Group Health (claims lag report). Management believes that the liability for claims incurred but not reported is adequately stated.

Note 4 – Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to the thirdparty claims processor. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Note 5 – Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2017 for unrelated business taxable income.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it is taken into an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 6 – Plan Termination and Merger

The Plan and Trust Agreement will be terminated by Plan management as of December 31, 2018, with a instrument in writing that will be executed by mutual consent and subject to all of the requirements and procedures for plan termination provided in the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and all regulations issued pursuant to such public law. Effective January 1, 2019, Columbia Medical Associates, will fully integrate all of its operations, including payroll and benefits, with Kaiser Permanente Health Plan of Washington (KPWA).

Note 7 – Related-party Transactions

The Plan is administered by Columbia Medical Associates and is assisted by its parent company, Group Health, to process claims. The costs of administering the Plan are paid by Columbia Medical Associates or the Plan, as provided in the plan document. Administrative fees paid to Group Health were \$139,960 and \$129,270 during the years ended December 31, 2017 and 2016, respectively.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 – Risks and Uncertainties

The claims incurred but not reported included in the statements of plan's benefit obligations are reported based on certain assumptions pertaining to employee demographics and claims run-out estimates, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
