BCS RETIREMENT PLAN II
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the BCS Retirement Plan II (the Plan) provides summarized general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan covering substantially all union employees of Bellingham Cold Storage Co., LLC (BCS). TIC Holdings, Inc. (the Company), a related entity to BCS, is the Plan's sponsor. BCS serves as the plan administrator. The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended, and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the plan fiduciaries, are responsible for investment decisions relating to their participant account assets under the Plan.

Eligibility - Union employees of the Company are eligible to participate in the Plan upon completing 500 hours of service.

Contributions - Participants may contribute a percentage of their eligible compensation, subject to certain Internal Revenue Service limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides that the Company makes a matching contribution equal to 100% of each participant's eligible compensation, up to a maximum of \$0.20 per hour compensated during the year. The Plan provides that the Company may make annual discretionary profit-sharing contributions to eligible participants in an amount to be determined at plan year-end by BCS. There were no discretionary profit-sharing contributions to eligible participants for the years ended December 31, 2017 and 2016.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of employer contributions, plan earnings and forfeitures, and charged with an allocation of transaction fees. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their pre-tax account, amounts rolled over from other qualified plans, and any earnings thereon. The Company's matching and profit-sharing contributions, and any earnings thereon, are fully vested after three years of continuous service. Participants are 100% vested in all accounts upon reaching normal retirement age, death, or disability.

Notes receivable from participants - Participants may borrow from their participant accounts a minimum of \$500 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan repayment terms are five years or less, except loans used to acquire a primary residence may be repaid over a reasonable period of time that can exceed five years. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the plan administrator.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1. DESCRIPTION OF THE PLAN, (continued)

Payment of benefits - Upon termination of service due to death, disability, or retirement, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a fixed reasonable period not to exceed the life expectancy of the employee or the employee's beneficiaries, equal to the value of his or her vested interest. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Forfeited, non-vested accounts at December 31, 2017 and 2016, totaled \$0 and \$977, respectively. Forfeited amounts are allocated to participants as additional employer discretionary profit-sharing contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Registered investment companies represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in registered investment companies traded on national securities exchanges are valued at their net asset values as of December 31, 2017 and 2016.

Investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

Payment of benefits - Benefits to participants and beneficiaries are recorded when paid.

Administrative and investment expenses - Mutual fund expenses, including 12(b)1 revenue sharing fees, are deducted from each fund's earnings to arrive at net appreciation as reported in the accompanying statement of changes in net assets available for benefits. The 12(b)1 revenue sharing fees collected from various mutual fund companies by Northwest Plan Services, Inc. (NWPS), the plan administrator, are used to pay third party administration fees and insurance carrier fees. In 2017, NWPS acquired Trautmann, Maher & Associates, the former plan administrator. Loan and distribution administration fees charged by NWPS are deducted from the accounts of the respective plan participants. Certain participant loan transaction fees are paid by the Plan. Substantially all other administrative expenses are paid by the Company. Such costs may include accounting, auditing, legal, and other plan administrative expenses. Contract administrative service expenses paid by the Plan totaled \$709 for 2017. Other plan administrative expenses paid by the Company totaled \$10,962 for 2017 and will not be reimbursed by the Plan.

Subsequent events - In accordance with FASB ASC 855, *Subsequent Events*, management has evaluated subsequent events up to October 8, 2018, the date when the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data through correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS, (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,782,207	\$ -	\$ -	\$ 2,782,207
Common collective trust fund				<u>548,800</u>
at contract value				
Total investments				<u>\$ 3,331,007</u>

	2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,321,284	\$ -	\$ -	\$ 2,321,284
Common collective trust fund				<u>495,057</u>
at contract value				
Total investments				<u>\$ 2,816,341</u>

NOTE 4. INVESTMENT CONTRACTS

The Plan's MetLife Group Annuity Contract No. 25554 (the Contract) is presented at contract value in the statements of net assets available for benefits as of December 31, 2017 and 2016.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Because the investment contract is fully benefit-responsive, the account is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Crediting rates on the investment contract are based on a formula agreed upon with the issuer but may not be less than 0%. Interest rates are reviewed on a quarterly basis for resetting. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4. INVESTMENT CONTRACTS, (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the contract without the consent of the issuer.

The average yields earned by the contract for the years ended December 31, 2017 and 2016, were 2.70% and 1.84%, respectively. These represent the annualized earnings of the separate account investments owned by MetLife in which the contract funds are invested, divided by the fair value of the contract at December 31, 2017 and 2016.

The average yields earned by the contract with an adjustment to reflect the actual interest rate credited to participants in the contract for the year ended December 31, 2017 and 2016, were 2.33% and 2.34%, respectively. These represent the annualized earnings credited to participants in the contract, divided by the fair value of the contract at December 31, 2017 and 2016.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving their determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 7. RISK AND UNCERTAINTIES

The Plan allows participants to direct contributions into funds of various investment securities. The underlying securities of these funds are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the values of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 8. CERTIFICATION

TD Ameritrade Trust Company's certification applies to all assets except receivables. The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2017, was also certified by TD Ameritrade Trust Company.
