Guthy-Renker Ventures, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following description of the Guthy-Renker Ventures, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Guthy-Renker Ventures, LLC (the "Company") who have three months or more of service and are age twenty-one or older. Effective January 1, 2017 eligible participants are automatically enrolled to defer 3% of their pay unless they elect a different percentage, including zero. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective March 1, 2017, the Plan's name was changed from Guthy-Renker Holdings, LLC 401(k) Plan to Guthy-Renker Ventures, LLC 401(k) Plan. Effective September 1, 2017, the Plan added WBCD Hair and Body, LLC and GRS, LLC as participating employers under the Plan.

Contributions

Participants may contribute up to 100 percent of their annual wages up to the maximum allowed under the Internal Revenue Code, which for 2017 was $18,000. Employees over the age of 50 could also contribute an additional $6,000 to the Plan for 2017. Participants are also allowed to roll over contributions from other qualified employer-sponsored retirement plans. In addition, the Company makes matching contributions at a rate determined annually by the board of directors of the Company. For the year ended December 31, 2017, matching contributions were 50 percent of the participant's contribution up to a maximum participant contribution of five percent.

Participant accounts

Each participant's account is credited with their elected contribution and the Company's matching contribution and allocated among the investment options as elected by the participant.

Vesting

Participants are immediately vested in their voluntary contribution plus actual earnings thereon. The participants' vested percentage in employer contributions plus actual earnings are based on participants' years of service. The vesting percentage is 25 percent per annum and a participant is fully vested after four years of service.

Investment options

The Plan has entered into an administrative services agreement with State Street Bank and Trust Company ("State Street"). Participants may direct contributions between any of the investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts subject to a minimum of $1,000 and a maximum of $50,000 or 50 percent of their vested balance, whichever is less, for any purpose. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus one percent as of the loan funding date. Loan terms are from six months to five years, unless 1) the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years or 2) the loan is a home loan. Principal and interest are paid through bi-weekly payroll deductions.

Payment of benefits

Distributions under the Plan will be paid as a lump sum.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amount of revenues and expenses during the reporting period. Actual results could differ from the estimates.

Investments and income recognition

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments or net depreciation in fair value of investments which consist of realized gains and losses and changes in the unrealized appreciation (depreciation) on those investments. Investment income is allocated to participant accounts based on each participant's investment allocation.

The Plan's investments are stated at fair value. Quoted market prices are used to value the investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Fair value measurements

The Plan follows Accounting Standards Codification No. 820-10, *Fair Value Measurements and Disclosures* ("ASC 820-10"), which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurements (continued)

The three levels of the fair value hierarchy under ASC 820-10 are described below:

- *Level 1* - Valuations based on unadjusted quoted prices in active markets for identical assets. The fair value of investments included in the Level 1 category is based on quoted prices that are readily and regularly available in an active market.
- *Level 2* - Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets at the measurement date; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly.
- *Level 3* - Valuations based on inputs that are unobservable and involve the Plan's own assumptions about market participants and pricing.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for fair value measurement of investments:

Mutual funds - Mutual funds are valued at quoted prices in active markets, based on the number of shares held by the Plan at year end.

Guaranteed interest - Guaranteed interest accounts are not fully benefit responsive and reported at fair value based on various assumptions and pricing models from the trustee.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents.

Forfeited accounts

Forfeited accounts will be allocated to participants in the same manner as employer contributions. At December 31, 2017, forfeited non-vested accounts totaled $87,417.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 41,509,214	$ -	$ -	$ 41,509,214
Guaranteed interest account	-	-	4,159,804	4,159,804
	$ 41,509,214	$ -	$ 4,159,804	$ 45,669,018

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 37,811,350	$ -	$ -	$ 37,811,350
Guaranteed interest account	-	-	5,356,348	5,356,348
	$ 37,811,350	$ -	$ 5,356,348	$ 43,167,698

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2017:

	Guaranteed Interest Account
Beginning balance	$ 5,356,348
Interest credited	86,687
Sales	(1,747,304)
Purchases	242,082
Issuances, settlements	32,747
Transfer in or out of Level 3	189,244
	$ 4,159,804
Unrealized gains or losses	$ -

The Plan considers the carrying amount of contributions receivable and other receivables to approximate their fair value due to the short maturity.

4. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

5. PARTY-IN-INTEREST

During the year ended December 31, 2017, there were no party-in-interest transactions that are prohibited by ERISA, Section 406 and for which no statutory or administrative exemption exists.

6. INCOME TAX STATUS

The Plan is a prototype non-standardized plan as designed by Transamerica Retirement Solutions Corporation ("Transamerica"), who has received a favorable determination letter from the Internal Revenue Service covering any employer who adopts the plan and follows all of its terms. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. INFORMATION PREPARED BY THE TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the trustee certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2017 and 2016, and investment and notes receivable from participants' transactions entered into during the year ended December 31, 2017, which was used in the preparation of the accompanying financial statements and supplemental schedules.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in guaranteed interest accounts which are managed by State Street. State Street is the trustee and Transamerica is the recordkeeper and contract administrator as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Commissions and fees paid by the Plan for the investment management and contract administration services amounted to none and $188,290, respectively, for the year ended December 31, 2017.

9. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
