Execustaff HR, Inc. Multiple Employer Plan
Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following description of the Execustaff HR, Inc. Multiple Employer Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1994 and is designed to comply with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income and Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). In addition, the financial statements have been prepared in compliance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and with ERISA. As a multiple employer plan, each participating cosponsor is required to follow the provisions outlined in the Plan for eligibility and participation. During 2017 and 2016, certain employers elected to have "safe-harbor" matching rules apply to their related participants.

Plan sponsor and administration

Execustaff HR, Inc. ("Employer" or "Plan sponsor") is engaged in the business of providing human resources, payroll, and related employee benefits to its customers. To provide benefits to its customers, the employees of its customers are referred to as either "client organizations" or "co-sponsors." The Plan is administered by the Administrative Committee (the "Committee") appointed by the Plan sponsor's Board of Directors. All money contributed to the Plan is held in a trust fund. The Plan's trustees are Susan Jochheim, CEO, David Coburn, CFO and James Dawson, Controller. Voya Retirement Insurance and Annuity Company ("Voya") is the custodian of the Plan and is responsible for the custody of the Plan's assets, executing investment transactions, maintaining participant account records and transactions.

Eligibility

Generally, the Plan provides that employees are eligible to participate in the Plan on the first day of employment. Collective bargained employees and nonresident aliens are not permitted to participate in the Plan.

Contributions

The Plan allows participants to contribute up to the maximum allowable amount of annual pretax or Roth after-tax compensation or a combination of both pre-tax and Roth after-tax compensation, as defined in the Plan documents. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Co-sponsors have the discretion under the Plan to treat their contributions under the safe-harbor rules.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

All investments in the Plan are directed by the participant. Participants have the option of investing their account balance as either pooled segregated accounts or in individual self-directed brokerage accounts. For participants selecting the pooled segregated account option, their account balance is derived through an allocation of the pooled segregated accounts. Each participant's pooled segregated account is credited with the participant's contribution and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase.

Vesting and forfeitures

Generally, participants vest in discretionary plan sponsor contributions in ratable installments of 20% after the second year of service. Forfeitures on nonvested participant account balances are used to reduce the plan sponsor's current year contribution. Plan sponsor contributions relating to safe-harbor contributions are 100% vested. There were no forfeitures used during 2017 and no forfeitures balance as of December 31, 2017 and 2016, respectively.

Payment of benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are permitted under the Plan providing the participant is at least age 59½. In-service distributions are available from the participant's salary deferrals (upon eligibility) and from the participant's rollover portion of their account balance (regardless of age). Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of joint and survivor annuity, a lump sum in cash, or in installment payments. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have vested account balances of \$5,000 or less are subject to an administrative lump sum distribution as follows: for account balances less than \$5,000 but greater than \$1,000, the Committee will distribute the account balance directly to an individual retirement account preselected by the Committee; for distributions under \$1,000, the Committee will distribute the account balance as a lump sum in cash.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. No loan in an amount of less than \$1,000 will be made. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Participant loans must be repaid within five years (unless the loan is to be used in acquiring the participant's principal residence). Loans are segregated investments. As such, the interest that participants pay on their loans will be directly credited to their account. Loans are considered to be in default when payments are not received within 90 days. The Plan sponsor will offset a defaulted loan against the participant's account balance upon the occurrence of a distributable event.

Fidelity bond

The Plan has obtained adequate fidelity bond coverage as of December 31, 2017.

Administrative expenses

Fees and expenses charged under participant accounts will impact retirement savings, and fall into three basic categories. Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from investment fund balances. They can be in the form of sales charges, loads, commissions, or management fees. Plan administration and recordkeeping fees cover the routine expenses for the services of lawyers, accountants, third party administrators, and other advisors. The Plan allows that certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. Currently, the Employer directly pays generally all expenses incurred to operate and administer the Plan. Transaction based fees are associated with optional services offered under the Plan, and are charged directly to participant accounts for particular Plan features that may be available, such as a participant loan or the maintenance of a terminated participants account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting. Contributions are recorded when withheld from participants. Plan sponsor contributions are recorded when approved by the various co-sponsors of the Plan. Benefit payments are recorded when paid.

Execustaff HR, Inc. Multiple Employer Plan
Notes to Financial Statements
December 31, 2017 and 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments represents realized gains and losses bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a fair value hierarchy and a framework which requires categorizing assets and liabilities into one of three levels based on the assumptions (inputs) used in valuing the asset or liability. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

- *Level 1* - Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities.
- *Level 2* - Inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurements (continued)

- *Level 3* - inputs include unobservable inputs that are supported by little, infrequent, or no market activity and reflect management's own assumptions about inputs used in pricing the asset or liability. The Plan's management uses the following valuation techniques to measure fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

- *Pooled separate accounts* - These accounts, maintained by Voya in select mutual funds, are valued using the market approach at net asset value ("NAV") of the shares held by the Plan at year end as a practical expedient to fair value. The pooled separate accounts allow participants to invest in the following: various large-, medium-, and small-cap index funds, both foreign and domestic oriented, strategized to approximate the aggregate returns posted to the respective stock indices; target-date mutual funds which adjust their investment mix to better preserve a greater proportion of contributed capital as the respective investment approaches the respective target retirement date; mutual funds which specialize in the investment in under-valued or growth-oriented domestic stocks; and mutual funds which invest in bonds backed by either real estate or U.S. corporate bond holdings or both. All pooled separate accounts have no unfunded commitments, a daily redemption frequency and no redemption notice period.
- *Self-directed brokerage accounts* - Self-directed brokerage accounts include investments in money market funds and common stock. The common stock investments are classified as Level 1 investments within the valuation hierarchy. Common stock traded in active markets on national security exchanges are valued at closing prices on the last business day of the Plan year.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

Plan management has evaluated events and transactions subsequent to December 31, 2017 for potential recognition or disclosure in the financial statements. During February and March 2018, approximately \$9,300,000 of assets were transferred out of the Plan by one of its co-sponsors. Subsequent events have been evaluated through the date the financial statements became available to be issued, October 11, 2018.

3. FAIR VALUE MEASUREMENTS

The following table sets forth by level the Plan's assets at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Self-directed brokerage accounts	<u>\$ 90,875</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 90,875
Investments measured at NAV(*)				<u>54,483,341</u>
				<u>\$ 54,574,216</u>

The following table sets forth by level the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Self-directed brokerage accounts	<u>\$ 76,160</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 76,160
Investments measured at NAV(*)				<u>48,766,805</u>
				<u>\$ 48,842,965</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following investment information, and related activity, certified by the custodian as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule.

The following information has been certified by the custodian as complete and accurate as of December 31:

	<u>2017</u>	<u>2016</u>
Investments:		
Pooled separate accounts, at fair value	\$ 54,483,341	\$ 48,766,805
Fully benefit-responsive investment contract, at contract value	6,238,139	6,543,947
Self-directed brokerage accounts, at fair value	<u>90,875</u>	<u>76,160</u>
	<u>\$ 60,812,355</u>	<u>\$ 55,386,912</u>

The following information has been certified by the custodian as complete and accurate for the year ended December 31, 2017:

Investment income:	
Net appreciation on fair value of investments	\$ 8,515,997
Interest and dividends	<u>87,070</u>
	<u>\$ 8,603,067</u>

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting interest rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include: (a) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; (b) premature termination of the contract; (c) Plan termination or merger; (d) changes to the Plan's prohibition on competing investment options; and (e) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. PLAN TERMINATION

Although it has not expressed any interest to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. ASSET TRANSFERS

During the year ended December 31, 2017, three participating co-sponsors of the Plan terminated their participation in the Plan and transferred total respective participant investments of \$5,765,727 to successor plans.

8. INCOME TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Notes to Financial Statements

8. INCOME TAX STATUS (continued)

U.S GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2017 and 2016.

9. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the custodian and its affiliates, including fund fees and revenue sharing agreements, qualify as party-in-interest transactions. Also, the Plan Sponsor pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.
