1 – DESCRIPTION OF PLAN

GENERAL

The Savcop, Ltd 401(k) Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established and adopted effective January 1, 1996, for the benefit of eligible employees of Savcop, Ltd. and subsidiaries (the "Company"). AXA Equitable Life Insurance Company ("AXA") serves as the trustee ("Trustee") and record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

The Plan covers all employees of the Company who are not covered by a collective bargaining agreement. Eligibility requirements are that employees complete one year of service and attain 21 years of age. Entry date into the Plan will begin the first day of the plan year quarter following the date on which eligibility requirements are satisfied. Each participant's account is credited with the participant's contributions, Company contributions and actual earnings thereon. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings are allocated among investment options as selected by the participant. Participants may change their investment allocation at any time.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017).

The Company may make matching contributions to the account of each eligible participant on a uniform basis equal to a discretionary percentage, to be determined by the Company. Participants must complete 1,000 hours of service during the year, and be employed by the Company on the last day of the Plan year to be eligible for the discretionary matching contributions. The Company's matching contribution for the year ended December 31, 2017, totaled **$**64,350**.**

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of pooled separate accounts, mutual funds of registered investment company, and an insurance company general investment account in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's vested account balance. Account balances of $1,000 or less at the time of distribution will be cashed out as either an involuntary lump-sum payment or by direct rollover into an individual retirement account.

FORFEITURES

Upon separation from service for any reason other than retirement, participants forfeit any unvested portion of their employer contributions. Forfeitures are used to reduce the Plan's expenses and then used to reduce any future employer contributions. As of December 31, 2017, there were unallocated forfeitures of $1,322. Forfeitures are presented as a component of net assets available for benefits. During the year ended December 31, 2017, no forfeitures were used to pay Plan expenses.

VESTING

Participants are immediately vested in elective deferrals and rollover contributions. Vesting in the Company's discretionary matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 20% per year beginning after two years of qualified service and are 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at inception of the note receivable. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest determined by the Plan Administrator. All notes must be repaid within 5 years, unless for the purchase of a primary residence, in which case the repayment period may not exceed 10 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2017, have interest rates ranging from 4.75% to 5.25% with maturities of February 2018 through October 2021. Notes receivable from participants as of December 31, 2016, have interest rates from 4.25% to 4.5% with maturities of February 2018 through October 2021.

ADMINISTRATIVE EXPENSES

The Company pays certain administrative expenses incurred by the Plan, including recordkeeping, trustee and audit fees. Transaction costs incurred by the Plan are charged to the individual participant who initiated the transaction to which the charge related.

1 – DESCRIPTION OF PLAN

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivables from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share as the practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015, for public entities and after December 15, 2016, for all other entities with early adoption permitted. Plan management adopted ASU 2015-7 in 2017 with no material impact to the Plan.

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3 – FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year end, as determined by the Trustee. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments on these accounts at December 31, 2017 or 2016.

Mutual funds of registered investment companies: Valued at NAV or quoted market prices of shares held by the Plan at year end.

Insurance company general account: Valued at fair value as determined by AXA based on the crediting rate of interest and account balances and formulas that calculate future payments from the investment account.

3 – FAIR VALUE MEASUREMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 317,828	$ -	$ 317,828

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by AXA Equitable Life Insurance Company as of December 31, 2017 and 2016, and for the year ended December 31, 2017, the Trustee and party-in-interest as defined by ERISA, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investments at fair value:		
Pooled separate accounts	$ 317,828	$ 361,015
Mutual funds of registered investment companies	2,339,520	1,739,295
Insurance company general account	864,579	809,452
Total investments	$ 3,521,927	$ 2,909,762
Notes receivable from participants	$ 140,372	$ 199,437
Interest on notes receivables from participants	$ 7,553	
Net appreciation in fair value of investments	385,992	

5 – TAX STATUS OF THE PLAN

The Plan is based on a volume submitter profit sharing plan developed by AXA Equitable Life Insurance Company, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain pooled separate accounts and an insurance investment contract sponsored by AXA. As AXA is the Plan's third-party administrator and hold the Plan's assets, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $6,317 for the year ended December 31, 2017.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various options of investments. Such investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8 – RECONCILIATION TO THE 2017 FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefit per the financial statements to the Form 5500 at December 31, 2017 and 2016:
