Contributions Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. In accordance with the collective bargaining agreement, the Company is required to maintain a 401(k) plan for all eligible employees, under which the Company contributes 2% of the employees' gross pay for individuals enrolled in the plan as of September 1, 2000. For employees on the Company's payroll as of September 1, 2000, but not yet enrolled in the plan, the Company will contribute 1% of the employees gross pay commencing after the employee completes one year of employment.

Participants Amounts Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions plus actual earning thereon. Vesting in the Company's contributions portion on their accounts plus actual earning thereon is based on years of continuous service. A participant is 100% vested after six continuous years of service.

Participant Loans Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.00% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratable through monthly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount to equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period not to exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A – DESCRIPTION OF PLAN - continued

Forfeited Accounts. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $71,354 and $58,413, respectively. These accounts will be used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The Plan reports on the basis of cash receipts and disbursements, except that investments are reported at fair value in the statements of net assets available for benefits and changes in fair value of investments are shown as appreciation or depreciation in the statements of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles.

Estimates. The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses. Certain expenses of the Plan for administrative services are paid directly by the Plan, except to the extent the Company chooses to pay such expenses. Each participant is charged a fixed amount per year for recordkeeping services.

Investment Valuation and Income Recognition. The Plan's investments are pooled separate accounts and mutual funds. They are valued by the fund administrator and trustee, based upon the fair value of the funds underlying investments which is the fair market value. Purchases and sales of securities are recorded on trade-date basis. Dividends are recorded on the ex-dividend date.

Restated. Certain prior period balances have been restated to conform to current year's presentation.

NOTE C – INVESTMENTS-(UNAUDITED)

The following presents investments at December 31, 2017 and 2016 of the plans assets included in the Plan's financial statement and supplemental schedule that were prepared or derived from information prepared by Great West Retirement Services, a division of First Great-West Life & Annuity Insurance Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certification from the trustee that such information is complete and accurate.

The following investments represent 5% or more of the Plan's net assets available for benefits:

	2017	2016
Great-West Aggressive Profile II	$ 3,466,969	$ 2,845,641
Great-West Lifetime 2035 Fund	$ 2,212,525	$ 1,780,472
Great-West Conservative Profile II	$ 2,074,614	$ 1,946,899
Great-West S & P 500 Index	$ 1,285,007	$ 1,128,941
Great-West Moderate Profile II	$ 2,522,195	$ 2,192,289
Key Guaranteed Portfolio FD	$ 3,986,217	$ 3,884,216

NOTE D – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.
The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1—Quoted market prices in active markets for identical assets or liabilities
Level 2—Observable market-based inputs or unobservable inputs corroborated by market data
Level 3—Unobservable inputs reflecting the reporting entity's own assumptions

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2017:

	Level 1	Level 2
Registered investment accounts	$ 18,865,750	$ -
Funds held in insurance company general account	-	4,057,571
Total assets at fair value	$ 18,865,750	$ 4,057,571

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2
Registered investment accounts	$ 16,002,130	$ -
Funds held in insurance company general account	-	3,943,761
Total assets at fair value	$ 16,002,130	$ 3,943,761

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event, of Plan termination, participants will become 100% vested in their accounts.

NOTE F – TAX STATUS

As of January 1, 1998, the Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE F – TAX STATUS - continued

The Plan has adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. The standard clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The plan is subject to routine audits by taxing jurisdictions; however, there are not audits currently in progress. The Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PRIOR PERIOD ADJUSTMENT

A prior period adjustment of $59,086 was made for 2016 participant loan defaults which were subsequently reversed in 2017. This adjustment resulted in an increase in beginning net assets available for benefits and has no effect on the current year change in net assets.

NOTE I – SUBSEQUENT EVENTS

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2018, the date that the financial statements were available to be issued.
