401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Harold A. Steuber Enterprises, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan which was established on July 1, 1976 to provide retirement benefits for employees of Harold A. Steuber Enterprises, Inc. (the "Company").

The Plan covers all eligible employees who are not leased employees, union employees, or non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and certain provisions of the Internal Revenue Code ("IRC"). Employees must be 18 years of age and have completed one year of employment with the Company to be eligible to participate in the Plan. The Plan's trustee is responsible for the oversight of the Plan. The Company has appointed an investment committee which is responsible for determining the appropriateness of the Plan's investment offerings, monitoring investment performance and reporting to the Plan's trustee.

The Plan has appointed a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. Effective September 25, 2017, the Plan appointed Massachusetts Mutual Life Insurance Company ("MassMutual") to provide administrative services to the Plan and custodial services of the guaranteed interest account and Reliance Trust Company (Reliance) to provide trustee and custodial services. Prior to September 25, 2017, these administrative and custodial services were provided by America United Life Insurance Company ("AUL"), the former insurance company.

Participant Contributions – Participants may make pre-tax and post-tax ("Roth") contributions to the Plan. A participant's annual combined pre-tax and Roth contributions to the Plan may not exceed 100% of the participant's annual compensation, limited to $18,000 for the year ended December 31, 2017. Additionally, participants who have attained 50 years of age before the end of the Plan year, are eligible to make catch-up contributions of up to $6,000 for 2017. Participants may also make "rollover" contributions representing distributions from other qualified retirement plans.

Employer Contributions – The Company may make an annual discretionary profit sharing contribution at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC. An employee is eligible to receive an allocation of the annual discretionary profit sharing contribution if he/she is employed with the Company on the last day of the year and has been credited with at least 1,000 hours of service during the year. Employees who terminate employment during the year after attaining normal retirement age, becoming disabled or due to death are also eligible to receive the annual discretionary profit sharing contribution. The Company made a profit sharing contribution equal to 7% of participants' eligible compensation for 2017. Subsequent to December 31, 2017, the Company adopted safe-harbor contributions (see Note 11).

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions, if any, and earnings thereon is based on the participant's number of years of credited service over a six-year graded vesting schedule.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balance into various funds or an investment contract offered by the Plan.

Notes Receivables from Participants – Participants may borrow from their vested account balance provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. Interest rates are determined by the plan administrator, based on the prime rate plus 1%, and remain fixed throughout the life of the loan.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in the form of a lump-sum payment or installment payments. If a terminated participant's account balance below $5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Normal retirement age is 65. A participant may also elect to receive a pre-retirement distribution of his or her salary deferrals upon incurring a hardship, as defined by the Plan. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce employer contributions and fund administrative expenses. As of December 31, 2017 and 2016, forfeited non-vested accounts amounted to $26,857 and $0, respectively. For the year ended December 31, 2017, forfeitures of $252 were used to pay Plan fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan investment committee determines the valuation policies utilizing information provided by the investment advisor, insurance companies and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. Loans which become delinquent are recorded as deemed distributions to the participant in the period they become delinquent, in accordance with the terms of the Plan.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations – Three funds represent 42% and 38% of total investments at December 31, 2017 and 2016, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-Bearing Cash: Valued at cost which represents fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

These valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments reported at fair value as of December 31, 2017 and 2016:

	2017			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 9,972,442	-	-	9,972,442
Interest-Bearing Cash	5,005	-	-	5,005
Investments at Fair Value	$ 9,977,447	$ -	$ -	$ 9,977,447

	2016			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 9,683,819	$ -	$ -	$ 9,683,819

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE AND INSURANCE COMPANIES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the trustee of Plan assets, has certified to the completeness and accuracy of all investments, except for the guaranteed interest account, and the notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment income and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the period from September 25, 2017 to December 31, 2017. MassMutual, the insurance company, has certified to the completeness and accuracy of the guaranteed interest account reflected on the accompanying Statement of Net Assets Available for Benefits, in Note 5, and the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment income and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the period from September 25, 2017 to December 31, 2017. AUL, the former insurance company of the Plan, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits and in Note 5 as of December 31, 2016, and the related investment income and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits from the period from January 1, 2017 to September 24, 2017.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Guaranteed Interest Account with MassMutual

The Plan entered into a fully benefit-responsive investment contract, the Guaranteed Interest Account, with MassMutual stated at $1,917,642 as of December 31, 2017. MassMutual maintains participant contributions to this contract in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan is credited with an annual interest rate of no less than 3.50% every six months. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no unfunded commitments as of December 31, 2017.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Guaranteed Interest Account with MassMutual (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contact, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. Upon termination, a market-value adjustment may apply.

Guaranteed Interest Account with AUL

Previously, the Plan had entered into a similar fully benefit-responsive investment contract, the Guaranteed Interest Account, with AUL stated at $1,170,189 as of December 31, 2016. AUL maintained the contributions in a general account. The account was credited with earnings on the underlying investments and was charged for participant withdrawals and administrative expenses. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuer or otherwise. There were no unfunded commitments as of December 31, 2016.

The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for this fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily directed the withdrawals or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Guaranteed Interest Account with AUL (Continued)

Certain events may have limited the ability of the Plan to transact at contract value with AUL. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allowed the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contact, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. Upon termination, a market-value adjustment may have applied.

NOTE 6 – TAX STATUS

Effective September 25, 2017, the Plan adopted the Massachusetts Mutual Life Insurance Company prototype plan, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the prototype plan and related trust are designed in accordance with the applicable sections of the IRC. Previously, the Plan had adopted the OneAmerica Financial Partners Inc. prototype plan, which had also received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the prototype plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – RELATED PARTY TRANSACTIONS

The guaranteed interest account is managed by MassMutual. The investment transactions are executed by MassMutual, the recordkeeper as defined by the Plan. For 2016 and a portion of 2017, the Plan had a guaranteed interest account managed by AUL. The investment transactions were executed by AUL, the insurance company as defined by the Plan. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA prohibited transaction rules.

MassMutual provides certain administrative services to the Plan pursuant to a service agreement. MassMutual receives revenue from certain mutual fund service providers for services MassMutual provides to the funds. This revenue is used to offset certain amounts owed to MassMutual for its administrative services to the Plan. Because these expenses are paid through a revenue sharing arrangement, they are included in net appreciation in fair value of investments.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
