Profit Sharing Plan

Notes to Financial Statements
December 31, 2017

1. Description of Plan

a. General

Effective January 1, 1994, Leatherstocking Corporation (Employer) established The Leatherstocking Corporation Profit Sharing Plan (the Plan), a defined contribution plan, covering substantially all employees who have satisfied the age and service eligibility requirements. A Trust Fund was established by the Employer for the purpose of funding the Plan and into which contributions are to be made and from which benefits and expenses are to be paid in accordance with the provisions of the Plan. The Employer has designated the Board of Trustees (the Trustee) to administer the Plan. The Trustee shall receive the contributions to the Trust Fund made pursuant to the Plan and shall hold, invest, reinvest, and distribute such funds in accordance with the terms and provisions of the Trust Agreement. The Plan and its related Trust are subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and section 401(a) of the Internal Revenue Code of 1986, as amended.

Effective September 26, 2017, the Plan amended and restated its Plan document and Fidelity Management Trust Company ("Fidelity") became the Custodian of the Plan and is the recipient of all contributions related to the Plan. Prior to September 26, 2017, American Funds served as the custodian and record-keeper of the Plan.

The following outlines the more significant provisions of the Plan and Trust Agreement. The Plan document contains a more detailed description of the Plan provisions.

b. Contributions and Related Investment Funds

Effective January 1, 2002, the Plan was amended and restated to permit Plan participants to make elective deferral contributions within the limits prescribed by section 401(k) of the Internal Revenue Code (Code) and to make rollover contributions and permit the Employer to make matching contributions within the limits prescribed by section 401(m) of the Code. Contributions to the 401(k) plan began in 2004.

The Plan requires the Employer to make a profit sharing contribution for each Plan year in which a participant retires, dies or becomes permanently disabled, or otherwise completes 1,000 hours of service in such Plan year. A profit sharing contribution for any Plan year shall be based on a discretionary percentage, not to exceed 15%, and will be allocated to the accounts of eligible participants in the proportion that each participant's compensation bears to the compensation of all eligible participants. For the year ended December 31, 2017, the Employer contribution was 10% of participants' eligible compensation.

1. Description of Plan *(continued)*

c. Participation and Vesting

Each employee became a participant in the Plan on January 1, 1994. Other employees become a participant on January 1 or July 1 coincident with or immediately following the date of a complete year of eligibility service and attaining age 21. A year of eligibility service generally means each Plan year during which an employee completes 1,000 hours of service.

A participant is fully vested in profit sharing and their voluntary contributions to the 401(k) plan. Employees become vested in matching 401(k) contributions made by the Employer as follows

Years of Service	Percentage Vested
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant who ceases to be an employee or who has a break in service, other than by death and prior to retirement, in accordance with the provisions of the Plan, and who has completed fewer than five years of service shall cease to be a participant and will not be entitled to any non-vested benefit under this Plan.

d. Participant Accounts

Each participant's account is credited with their voluntary contributions and the investment earnings thereon plus an allocation of any Employer contribution. The contributions are allocated among investment opinions according to the participant transactions. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

1. Description of Plan *(continued)*

e. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. A borrower is limited to having a maximum of one outstanding loan under the Plan at any given time. Loans are secured by the balance in the participant's account and bear interest as determined at the time of the loan origination. Principal and interest are paid ratably through monthly payroll deductions over a period of time not to exceed five years. If the proceeds are used to construct or rehabilitate a participant's principal residence, the Plan administrator may extend the repayment term to not exceed ten years. Principal and interest repaid is reinvested based on the participant's present investment allocation selection.

The interest rate for all outstanding loans at December 31, 2017 was 5.25%.

f. Benefits

Benefits are paid as a lump sum in cash. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

g. Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to first pay administrative expenses, then used to reduce future Employer contributions. The Employer did not elect to use any forfeited amounts to pay certain Plan expenses as allowed by the Plan during the year ended December 31, 2017. Forfeited accounts totaled $131,575 and $123 at December 31, 2017 and 2016, respectively. The Employer contributions for the year ended December 31, 2017 reflected in the accompanying statement of changes in net assets available for Plan benefits has been reduced by $131,211 of forfeitures. Such forfeitures were used in 2018 to reduce the 2017 contribution which was paid in March 2018.

h. Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer or Trustee and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

1. Description of Plan *(continued)*

i. Plan Termination

Subject to limitations imposed by ERISA and rules and regulations promulgated thereunder, the Employer reserves the right to amend, modify, suspend, discontinue or terminate the Plan. In the event of termination or partial termination of the Plan, the interest of all affected participant accounts and benefits accrued to the date of such termination or partial termination will become fully vested and nonforfeitable. In the event of Plan termination, the interests of all participants to accounts accrued to the date of such discontinuance will become fully vested and nonforfeitable.

2. Summary of Significant Accounting Policies

The following are significant accounting policies consistently followed by the Plan in maintaining the underlying records of the Plan's net assets and the accounts of participants. The financial statements have been prepared in accordance with these policies.

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and disclosure of contingent net assets available for Plan benefits at the date of the financial statements and the reported amounts of additions and deductions to net assets available for Plan benefits during the period.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and common/collective trusts are stated at fair value. Investments in mutual funds are determined by quoted market prices which represents the net asset value of shares held by the Plan at year end. The common/collective trusts are valued based upon significant observable inputs, but not quoted market prices in an active market. Investments in common/collective trusts are recorded at the value reported to the Plan by Fidelity which represents fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan administrator by a letter dated March 31, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure.

The Plan's tax returns for all years since 2014 remain open to examination by the respective tax authorities. There are currently no examinations in progress.

4. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Custodian of the Plan at year end, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying 2017 statement of net assets available for benefits and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 and the investment activity reflected in the statement of changes in net assets available for benefits for the period September 27, 2017 through December 31, 2017. For the period January 1, 2017 through September 26, 2017, the former custodian of the Plan did not certify to the completeness and accuracy of the investment activity during this period. Below is a summary of the audited and unaudited investment activity included in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017:

	Audited Information	Unaudited Information	Total

5. Investments *(continued)*

(A) The Fidelity Managed Income Portfolio Class 1 Fund's investment objective is to preserve an investor's principal investments while earning a level of interest income that is consistent with principal preservation. To achieve its investment objective, the Fidelity Managed Income Portfolio Class 1 Fund is primarily comprised of benefit responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. Issuances and redemptions of units are made on each business day.

6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect account balances and the amounts reported in the statements of net assets available for plan benefits.

7. Party-in-Interest Transactions

Certain investments of the Plan are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for plan benefits.

Certain employees of the Employer, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.
