NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2017 AND 2016

A. DESCRIPTION OF THE PLAN:

The following description of the Ohio Gratings, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan’s provisions.

General - Ohio Gratings, Inc. (the “Company” or the “Plan Sponsor”) established the Ohio Gratings, Inc. 401(k) Profit Sharing Plan effective June 1, 1987. The Plan is a defined contribution plan that covers substantially all employees of the Company and all employees of Ohio Gratings-Texas, LTD and Waco Products, Inc., affiliated companies, that have reached age 18 and one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Each eligible participant is permitted to make pre-tax or post-tax elective deferrals up to a maximum of 100% of their compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan also provides for an Automatic Contribution Arrangement (“ACA”), unless elected otherwise, for eligible employees. Under the ACA provisions, the Employer automatically will withhold from new participant’s compensation 5% per pay period (referred to as the “automatic deferral percentage”), and will transmit the withheld amount to the Plan as elective deferrals.

The Company makes safe harbor matching contributions in the amount of 100% of the participants’ voluntary contributions for the first 3% of compensation and 50% of the participants’ voluntary contributions for the next 2% of compensation. As of December 31, 2017 and 2016, the Plan has recorded a contribution receivable of \$59,746 and \$55,231, respectively, related to the true-up of safe harbor matching contributions for certain participants. These amounts are included in the employer contributions receivable on the statement of net assets available for benefits and employer contributions on the statement of changes in net assets available for benefits. Total safe harbor matching contributions amounted to \$673,177 for the year ended December 31, 2017.

The Company also has the option to make a discretionary profit sharing contribution to the Plan. The discretionary contribution is determined for each of the following groups (a) the president and executive vice-president of the employer, (b) lineal descendants of group (a), and (c), all others. For the year ended December 31, 2017 the Company approved a profit sharing contribution of \$250,000. Employees are eligible for the profit sharing portion of the Plan upon completing one hour of service. In order to qualify for the employee deferral and match portion of the Plan, employees must complete one year of service and attain the age of 18. Participants direct the investment of their deferrals, matching contributions and profit sharing contributions into certain investments offered by the Plan. All contributions are limited to the maximum allowed as a deduction under the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Forfeitures - Forfeited discretionary profit sharing and employer matching contributions from terminated participants' nonvested accounts may be used to restore amounts previously forfeited by former participants who have resumed participation in the Plan, to reduce Company contributions, or to reduce administrative expenses. During the year ended December 31, 2017, approximately \$30,100 was transferred into the forfeiture account and approximately \$19,100 was used to reduce administrative expenses. As of December 31, 2017 and 2016, \$17,840 and \$2,878, respectively, of unallocated forfeitures were available.

Participant Accounts - An account is maintained in the name of each participant. Each participant's account is credited with the participant's contributions including elective deferrals and rollover contributions and an allocation of employer discretionary contributions and income earned on investments in accordance with the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant-directed.

Notes Receivable from Participants - Participants are permitted to borrow from the vested interest of their individual account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participants' vested account balance, are generally payable in equal installments through payroll deductions, and carry a reasonable interest rate based on a bank or other professional lender's rate charged for a loan with similar circumstances.

Payment of Benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution or a direct rollover distribution, equal to the value of the participant's vested interest in his or her account. If no election is made, married participants will automatically receive a joint and survivor annuity, while single participants receive a life annuity at the date of normal retirement. Participants can also elect to purchase other annuities that equal the value of the participant's vested interest in his or her account. Non-terminated employees may make withdrawals from their vested interest upon reaching age 59½ or from their elective deferral account balance as a hardship withdrawal prior to reaching age 59½. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Vesting - A participant is fully vested immediately in elective wage deferrals, amounts rolled over from other plans, and safe harbor matching contributions. Vesting for discretionary contributions and employer matching contributions made prior to the implementation of the safe harbor provisions are as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%

6	100%

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements has been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Subsequent Events - The Plan Sponsor has evaluated subsequent events through October 8, 2018, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

C. INFORMATION PROVIDED BY THE TRUSTEE:

Information including investments held and notes receivable from participants as shown on the statements of net assets available for benefits, and interest and dividend income and net appreciation in fair value as shown on the statement of changes in net assets available for benefits as of December 31, 2017 and 2016 and for the year ended December 31, 2017, was prepared by or derived from information provided by Capital Bank & Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator obtained certification of this information from the trustee that the information provided to the plan administrator was complete and accurate.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets or for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust - A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value ("NAV") of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full or partial redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

E. INCOME TAX STATUS:

The IRS has determined and informed the Company by a letter dated March 29, 2017, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not been amended since receiving the determination letter.

The authoritative accounting guidance requires the Plan Sponsor to evaluate uncertain tax positions taken by the Plan. The Plan Sponsor has concluded that as of December 31, 2017, there were no uncertain income tax positions taken or expected to be taken by the Plan. The Plan has not recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain administrative expenses including legal and accounting and other professional fees relating to the maintenance of participant eligibility records are absorbed by the Company. In addition, certain expenses are paid using a revenue sharing arrangement and are included in administrative expenses on the statement of changes in net assets available for benefits.

The Plan holds units of a stable value collective trust fund and shares of mutual funds managed by Reliance Trust Company ("Reliance") and American Funds Service Company ("American Funds"), respectively. Reliance serves as agent to the Plan which FASCore, LLC ("FASCore") is the record keeper and Capital Bank & Trust Company ("CB&T") is the trustee. CB&T and American Funds are affiliated entities. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
