Queen City Retirement Plan
Notes to Financial Statements
December 31, 2017 and 2016

Note A - Description of Plan

The following description of the Queen City Retirement Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan agreement for more complete information and a description of the Plan's provisions.

1. General: The Plan is a defined contribution plan established on January 1, 2013, covering eligible employees of R&A Healthcare Holdings, LLC (the "Plan Sponsor") and related employers who elect to adopt the Plan (collectively, the "Company"). Employees must complete 6 months of service and attain age 21 to be eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions: Each year, participants may contribute up to the maximum compensation allowable by the Internal Revenue Code ("IRC") in the form of pre-tax or after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Company may, at its discretion, make contributions to Plan. There were no Company contributions for the 2017 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.
3. Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of other Company contributions and Plan earnings, as applicable. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after six years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments not exceeding the participant's life expectancy. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.
7. Forfeited Accounts: The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future employer contributions. Forfeited accounts totaled \$204 and \$70 at December 31, 2017 and 2016, respectively. No forfeitures were used by the Plan during the Plan year ended December 31, 2017.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Payment of Benefits: Benefits are recorded when paid.
5. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
6. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
7. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued. See Note I.

Note C - Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Guardian Insurance & Annuity Company, Inc. ("The Guardian"), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the Schedule of Assets (Held at End of Year) at December 31, 2017, and the related net appreciation in fair value of investments reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

Queen City Retirement Plan
Notes to Financial Statements (Continued)
December 31, 2017 and 2016

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through subaccounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The investment strategies of these sub-accounts are consistent with each of the strategies in the names of the sub-accounts. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company at December 31, 2017 and 2016. The investments are redeemable at the adjusted NAV under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E - Related-party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

The Plan invests in pooled separate accounts managed by The Guardian. The Guardian is the custodian of the Plan and, therefore, these investments and related transactions qualify as party-in-interest.

Note F - Income Tax Status

The Internal Revenue Service ("IRS") ruled on March 31, 2014 that the Volume Submitter Plan Document (the volume submitter plan of CCH Incorporated DBA Ft William.com upon which the Plan is based), as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and is currently under examination by the IRS. The Plan administrator is in the process of taking all actions required in accordance with IRS requests and believes the audit is routine and will not have a material impact on the Plan. In addition, the Plan Sponsor has been in communication with the Department of Labor regarding corrective action resulting from the late remittance of participant contributions. See Note H.

Queen City Retirement Plan
Notes to Financial Statements (Continued)
December 31, 2017 and 2016

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note H - Non-Exempt Transactions

During the Plan years ended December 31, 2017, 2016, and 2015, employee withholdings totaling \$71,673 were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted all withholdings and applicable earnings for all outstanding years prior to September 30, 2017.

Note I - Subsequent Event

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. During 2018, Plan management determined to terminate the Plan effective October 16, 2018. All participants will become 100% vested in their accounts as of the date of Plan termination and Plan assets are expected to be distributed during 2018.
