NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE A – DESCRIPTION OF PLAN

The following brief description of the Patented Retirement Plan (the “Plan”) is provided for general information purposes. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General Information

The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of Think Patented (the “Company”) who are not subject to a collective bargaining agreement, unless that agreement specifically allows for participation. Employees are eligible to participate in the before-tax component of the Plan and to receive an allocation of Company contributions after reaching the age of 18 and 60 days service at the Company. Employees may enter the Plan on the first payroll run after the eligibility requirements were met. Matrix Trust Company, serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under the Internal Revenue Code (Code).

Contributions

The Plan is subject to the Annual Addition Limitations set forth by the Internal Revenue Service (IRS) which allows participants to defer up to 100% of their salary until this maximum contribution has been reached. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans. Participants may direct investment of their account balances into various investment options offered by the Plan.

The Plan has automatic enrollment for all employees who meet the eligibility requirements. An automatic deferral election of 3% will be withheld if an election is not made by the date the participant becomes eligible.

The Company’s discretionary matching contributions shall be determined by the Company with respect to each plan year. The Company elected to forego the discretionary matching contributions in 2017.

The Company may also make a discretionary profit sharing contribution that is allocated to all eligible participants at the ratio that the participant’s compensation bears to the total eligible compensation. There were no profit sharing contributions in 2017.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, if any, and plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed; however, the trustee has complete control over the investment offerings made available to Plan participants.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Employer matching contributions to the Plan, plus any earnings they generate, vest after the second year of service at 20% each year and are fully vested after six years of service.

Participant Loans

Participant loans are not permitted under the Plan.

Distributions

Participants become eligible for benefit distributions upon retirement, disability, death, termination of employment, or termination of the Plan. A participant who has attained age 50 and who has not separated from service may also request to receive a distribution of the funds which the participant has contributed to his or her account. All benefit distributions are made in lump sum cash payments or rollovers to other plans. Benefit payments are recorded when distributed. Hardship withdrawals may be authorized for the following reasons: (a) purchase of primary residence, (b) tuition expense for post-secondary education, (c) medical expenses, (d) prevention of foreclosure on a primary residence, (e) funeral or burial expenses for parents, spouse, children, or dependents, and (f) repair or damage expenses to primary home that would be tax deductible.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts can be reallocated to all plan participants and treated as part of the Company contributions. At December 31, 2017 and 2016, forfeitures totaled \$1,074 and \$0, respectively. In 2017, no forfeitures were used to offset Company contributions. For the year ended December 31, 2017, \$2,269 was used to reduce administrative expenses.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in the employer portion of contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan are allocated to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation and depreciation of fair value of investments. Administrative expenses paid by the Plan totaled \$35,925 for the year ended December 31, 2017.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note D). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when approved. There were approved but unpaid distribution requests as of December 31, 2017 and 2016 in the amount of \$7,588 and \$0, respectively. This amount is recorded as a liability on the statement of net assets available for benefits and was paid out subsequent to year end.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Except for information related to investments held in the Legend IMA Fund, (the managed portfolio fund) all investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2017 and 2016, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2017, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets; |

PATENTED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Level 2 (continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market, mutual and managed portfolio funds: Money market, mutual and managed portfolio funds are stated at fair value as defined by observable quoted prices in active markets (Level 1) or by quoted prices for similar assets in active markets (Level 2).

Common/Collective Trust: The asset value of the investments in the common/collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value (NAV) of the shares held by the Plan at year end. When NAV is used as an estimate of fair value, the investments shall not be categorized within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE F – TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated September 30, 2014, stating that the form of the plan is qualified under Section 401 of the Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the plan sponsor has determined that it is eligible for, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan has been amended subsequent to the issuance of the determination letter. The plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that are more likely than not would not be sustained upon examination by the IRS. The Plan has taken no uncertain tax positions that require adjustment to the financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

PATENTED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE G – RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of certain mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE H – PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Certain administrative services are provided by the Company at no cost to the Plan.

NOTE I – CORRECTIVE DISTRIBUTIONS

The Plan failed to pass the Average Deferral Percentage Test for the plan years ended December 31, 2017 and 2016.

The accompanying statements of net assets available for benefits include a liability of \$15,909 and \$10,148 as of December 31, 2017 and 2016, respectively, related to the excess contributions payable to the participants. The Plan distributed these corrective distribution amounts to the participants within three months after the Plan's respective year end.

NOTE J – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2017, events and transactions subsequent to December 31, 2017 through September 14, 2018 have been evaluated by the plan administrator for possible adjustment and/or disclosure. No subsequent events requiring financial statement adjustment and/or disclosure have been identified.
