Independent Auditor's Report

To the Plan Trustee and Retirement Committee
Riverside Radiology and Interventional Associates, Inc.
401(k) Profit Sharing Plan
Columbus, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Riverside Radiology and Interventional Associates, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the years ended December 31, 2017 and 2016 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements

1. Description of Plan

The following description of the Riverside Radiology and Interventional Associates, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees. Non-leased employees may enter the Plan at any time after attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 85% of their eligible earnings and 100% of any bonuses paid as defined by the Plan, not to exceed the limits imposed by the Internal Revenue Service (IRS). Participant deferral contributions can be tax deferred contributions, Roth contributions, or a combination of both. The Plan also allows for in-plan Roth rollover contributions. These contributions are fully vested and nonforfeitable.

The Company's Board of Directors adopted a Section 401(k) safe harbor design for the Plan which means that the Plan automatically complies with the nondiscrimination requirements of Section 401 of the Internal Revenue Code. As such, the Company provided for a fully vested qualified, nonelective contribution of 3% of compensation for all eligible participants totaling \$854,017 and \$815,530 during 2017 and 2016, respectively.

The Company may make two separate discretionary contributions; a discretionary matching contribution equal to a uniform percentage of participant deferrals and a discretionary profit sharing contribution equal to a discretionary percentage of participant compensation. Participants share in the discretionary contributions regardless of the amount of service completed by participants during the Plan year. During both 2017 and 2016 the Company did not make discretionary matching contributions. The Company made discretionary profit sharing contributions of \$2,234,087 and \$2,181,550 during 2017 and 2016, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan appointed Matrix Trust Company to act as a non-discretionary successor trustee of the trust with the goal of holding all assets of the Plan. Matrix Trust Company offers a platform of investment funds to participants and manages self-directed brokerage accounts.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

Riverside Radiology and Interventional Associates, Inc.
401(k) Profit Sharing Plan

Notes to the Financial Statements

Payment of Benefits

Benefits are recorded when paid. The participant's account becomes payable upon death, disability, or normal retirement. Normal retirement age is 62. Participants will receive account balances in a lump sum payment. However, former participants of the money-purchase pension plan have the option of either equal monthly installments in the form of an annuity or a lump sum payment. In-service withdrawals are permitted for participants who have reached age 62 or those electing to make an in-Plan Roth rollover. For termination of service due to other reasons, a participant will receive the value of the vested interest of his or her account as a lump sum payment. However, participants of the money-purchase pension plan also have the option of equal monthly installments in the form of an annuity.

Forfeitures

Forfeitures arising from balances of terminated participants with less than fully vested interests in the Plan are applied to reduce employer contributions. As of December 31, 2017 and 2016, forfeited amounts available to reduce employer contributions totaled \$49,578 and \$17,530, respectively. For the Plan years ended December 31, 2017 and 2016, the full amount of the forfeited nonvested account balance was applied to reduce employer contributions through the employer - discretionary contribution receivable.

Vesting

Participants are immediately vested in their deferral contributions, rollover contributions and safe harbor contributions plus actual earnings thereon. Vesting in the plan sponsor's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of service. A participant is 100% vested in the discretionary contributions after three years of credited service, as defined in the plan document and 0% vested with less than three years of credited service.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07 ("ASU No. 2015-07"), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the Net Asset Value ("NAV") per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. Additionally, ASU No. 2015-07 removes the requirement to make certain disclosures (FASB Accounting Standards Codification ("ASC") 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. For employee benefit plans, ASU No. 2015-07 is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. The Plan

Riverside Radiology and Interventional Associates, Inc.
401(k) Profit Sharing Plan

Notes to the Financial Statements

adopted this ASU for the year ended December 31, 2017, with retrospective application to all periods presented.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan reports variable annuity contracts at fair market value. The variable annuity contract the Plan holds includes provisions that could cause an impairment of the asset value upon liquidation or other occurrence. The provisions included a surrender charge value of \$24,376 and \$32,662 as of December 31, 2017 and 2016, respectively. Upon liquidation or other occurrence the aforementioned provisions would decrease the amount received as they would offset the contract value.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Fees

The Plan paid administrative expenses of \$228,049 and \$205,427 to Matrix Trust Company and other third-party administrators for the years ended December 31, 2017 and 2016, respectively. All other professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2018 and September 18, 2018 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certified by the Trustee

In accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Matrix Trust Company has certified as complete and accurate the following information at December 31, 2017 and 2016 including the comparable information in the accompanying supplemental schedule:

	2017	2016
Cash	\$ 762,420	\$ 2,827
Investments, at fair value	65,448,495	51,201,041
Interest and dividends	1,030,896	1,005,716
Net appreciation in fair value of investments	7,431,319	2,493,511

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Riverside Radiology and Interventional Associates, Inc.
401(k) Profit Sharing Plan

Notes to the Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts - other: Accounts consist primarily of mutual funds, common stocks, exchange traded funds, and money market funds that are valued on the basis of readily determinable market prices.

Variable annuity: The variable annuity is valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAV reported by the investment company approximates the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Real estate investment trust: The Hines Real Estate Investment Trust (REIT) is valued at NAV. As of December 31, 2016, the NAV was calculated using the final shareholder distribution amount issued in 2017, in conjunction with the company's dissolution effective March 7, 2017.

Collective funds: The fair values of participation units in the stable value collective funds are based upon the net asset values of such fund, as a practical expedient, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund. The fund invests in conventional and synthetic investment contracts issued by various companies and institutions, with the objective of providing a high level of return that is consistent while also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAV reported by the investment company approximates the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Notes to the Financial Statements

5. Income Tax Status

The prototype adopted by the Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The prototype has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the prototype is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although the plan administrator has not expressed any intent to do so, the plan administrator has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

7. Parties-in-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Plan investments are managed by various investment brokers, including Matrix Trust Company, who are the trustees and as defined by the Plan qualify as parties-in-interest.

8. Transfer of Assets

During 2014, certain employees of the Company were included in a newly formed affiliated service group, Medical Billing Experts, LLC (MBX). Elective transfers to the MBX Plan amounted to \$168,116 during the year ended December 31, 2016. There were no transfers during the year ended December 31, 2017. In conjunction with the formation of MBX, certain amounts were incorrectly distributed to transferred employees during 2015 and appropriate corrective action has been taken.
