REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Administrator of the
CastleRock Communities, L.P. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CastleRock Communities, L.P. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual Life Insurance Company (MassMutual) and Wells Fargo Bank, N.A. (Wells Fargo), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that MassMutual held the Plan's investment assets and executed investment transactions from January 1, 2016 to July 31, 2016 and that Wells Fargo held the Plan's investment assets and executed investment transactions from August 1, 2016 to December 31, 2017. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets, as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the CastleRock Communities, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General. The Plan is a prototype plan established on July 1, 2004 for employees of CastleRock Communities, L.P. (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The operation, control and overall administration of the Plan are performed by the Company's President and Human Resources Coordinator, collectively, the "Plan Administrator". The Plan was amended and restated effective August 1, 2016, but the basic provisions of the Plan have not changed significantly.

The assets of the Plan were held by MassMutual Life Insurance Company (MassMutual) as custodian of the Plan until August 1, 2016 at which time the assets were transferred to the new custodian and trustee, Wells Fargo Bank, N.A. (Wells Fargo) subject to the terms of a Trust Agreement. On August 1, 2016, Wells Fargo assumed all recordkeeping responsibilities from Thompson Retirement Resources, Inc. dba Malcom Thompson & Associates.

All employees are eligible to participate in the Plan on the first of the month coincident with or next following the completion of ninety (90) days of service and the attainment of 21 years of age.

Contributions. Each year, participants may make salary deferral contributions or ROTH contributions as defined by the Plan, but not more than $18,000 in 2017 and 2016, pursuant to Section 402(g)(5) of the Internal Revenue Code (IRC). Participants age 50 and above could contribute an additional $6,000, as catch-up contributions. The Company may make discretionary matching contributions. For the years ended December 31, 2017 and 2016, the Company contributed $50,000 and $45,390, respectively, of which $6,428 and $7,930, respectively, were taken from forfeitures. The Company match was not remitted to the Custodian until the subsequent year. Such matching contributions are only made for participants who are still employed by the Company on the last day of the year. The Company match is allocated to the participants' accounts based on the pro rata share of each participant's contribution to the total employee contributions for the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). No rollover contributions were made during the years ended December 31, 2017 and 2016. Participants may change their contribution rates or may suspend contributions at any time.

Participants' Accounts. Each participant's account is credited with or reduced by the participant's contributions, earnings of the investment funds, realized gains or losses in the value of the investment funds, and administrative fees. The benefit to which a participant is entitled is the balance of his or her vested account.

Investment Options. The Plan has an automatic contribution provision, whereby employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation unless they opt out. The Plan was amended, so that effective May 1, 2017, the automatic deferral percentage will increase by 1% per year up to a maximum of 6% of compensation. The elective deferral percentage will increase each May 1st. Participants may change their investment options at any time.

Participants direct the investment of their contributions into registered investment mutual funds or the Plan's primary investment vehicle, a group of collective investment funds managed and trusteed by Wells Fargo. Wells Fargo purchases shares of registered investment mutual funds based on participants' requests and holds them in collective investment funds; the Plan and participants hold units of participation in these collective investment funds.

Vesting. Participants are immediately vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's discretionary contribution accounts and the appreciation or depreciation thereon is based on years of credited service. A participant is 100% vested after 6 years of credited service.

Payment of Benefits. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments as indicated in the Plan agreement. Terminated participants are allowed to leave their funds in the Plan indefinitely if their account balance exceeds $5,000. If the vested account balance is $5,000 or less, the account will be distributed to the participant as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service and has attained age 59 ½ provided the amount being withdrawn has accumulated in the Plan for at least two years. Hardship distributions can also be made to participants satisfying certain conditions.

Forfeited Accounts. At December 31, 2017 and 2016, the forfeited non-vested accounts totaled $6,428 and $7,930, respectively. These balances were used in the subsequent period to offset employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting. The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See a discussion of fair value measurements at Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

Payment of Benefits. Benefits are recorded when paid.

Federal Income Taxes. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Tax Reform Act of 1986 provides that plans such as this one cannot discriminate in favor of highly compensated individuals.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Administrative Expenses. All expenses related to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and trustee fees, shall be paid by the Company or shall be paid by the custodian from Plan assets. Operating expenses paid by the Company are excluded from these financial statements.

The administrative expenses reflected in the financial statements include loan and withdrawal fees as well as administrative and management fees paid to the custodian from participants' accounts.

Other investment expenses were paid to the custodians and other service providers by reducing each investment option's daily price by an expense ratio; participant accounts are not charged separately for these costs. During the year ended December 31, 2107, based on estimates from the custodian, those fees approximated $11,000. For the year ended December 31, 2016, such investment expenses approximating $20,000 and $5,000 were paid to Mass Mutual and Wells Fargo, respectively.

New Accounting Standards. Seeking to simplify financial reporting for employee benefit plans, the Financial Accounting Standards Board (FASB) recently issued Accounting Standards Update (ASU) 2015-12 regarding Plan Accounting for certain benefit plans. In addition to changing the basis of accounting for certain fully benefit-responsive investment contracts, the guidance also eliminated certain disclosure requirements and made provisions for certain reporting entities whose fiscal year-end does not coincide with a month-end. The new guidance is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. The Plan adopted ASU 2015-12 for its 2015 financial statements in an effort to simplify its disclosure requirements.

Management's Subsequent Review. In accordance with ASC Topic 855, management has evaluated subsequent events and transactions up to and including September 17, 2018, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians.

4. Notes Receivable from Participants

Prior to August 1, 2016, participants could borrow up to 50% of their account balance, but not more than $50,000 nor less than $1,000. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bear interest at a rate that is based on the Wall Street Journal prime rate. As of December 31, 2017, the interest rates on outstanding loans ranged from 4.25% to 4.5%. Principal and interest are generally paid through monthly or semi-monthly payroll deductions. All payments, including interest, are

credited to the respective participant's account. On August 1, 2016, the Plan was amended such that no new loans will be allowed; however, existing loans as of the date of this change will be paid out based on the original terms of these notes receivable.

As of December 31, 2017, no loans were in default and no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document.

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value measurement provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodology used for assets measured at fair value.

Level 1 Fair Value Measurements

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Collective Investment Funds: The fair value of the Plan's investment in Wells Fargo's Collective Investment Funds (CIFs) accounts is based on the quoted net asset values (NAV) of the underlying mutual funds at the end of each day. However, since each Plan participant does not own individual mutual fund shares but rather owns units as a proportionate interest of the Plan's assets, Plan management believes that these investments should be categorized as Level 2 inputs rather than Level 1. Wells Fargo purchases shares of mutual funds that have unadjusted quoted prices in active markets, but those shares are valued daily based on the units and the unit values. The unit value is based on the quoted market price, but also takes into consideration the Plan's annual asset fee for the particular investment option as well as any declared but unpaid dividends and capital gains.

The assets of the Plan were held by MassMutual until August 1, 2016 at which time the assets were transferred to Wells Fargo. Plan assets under Mass Mutual were all measured at Level 1 fair value measurement as the assets consisted of direct investments in registered mutual funds. These were all liquidated and the proceeds were used by Wells Fargo to purchase both mutual funds and investments in collective investment funds.

The following table sets forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of 12/31/2017			
	Level 1	Level 2	Level 3	Total
Collective investment funds	$ -	$2,901,848	$ -	$2,901,848
Mutual funds	21,401	-	-	21,401
Total assets at fair value	$ 21,401	$2,901,848	$ -	$2,923,249

	Assets at Fair Value as of 12/31/2016			
	Level 1	Level 2	Level 3	Total
Collective investment funds	$ -	$2,128,560	$ -	$2,128,560
Mutual funds	105	-	-	105
Total assets at fair value	$ 105	$2,128,560	$ -	$2,128,665

Gains and losses (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the events that caused the transfer. For the years ended December 31, 2017 and 2016, there were no Level 3 assets.

6. Party-In-Interest

The Plan invests in various funds that are managed and trusteed by Wells Fargo; these investments are considered party-in-interest transactions because Wells Fargo serves as trustee and custodian of the Plan.

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Administrator of the
CastleRock Communities, L.P. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CastleRock Communities, L.P. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual Life Insurance Company (MassMutual) and Wells Fargo Bank, N.A. (Wells Fargo), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that MassMutual held the Plan's investment assets and executed investment transactions from January 1, 2016 to July 31, 2016 and that Wells Fargo held the Plan's investment assets and executed investment transactions from August 1, 2016 to December 31, 2017. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets, as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CASTLEROCK COMMUNITIES, L.P. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016
(Audited with Limited Scope)

1. Description of Plan

The following description of the CastleRock Communities, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General. The Plan is a prototype plan established on July 1, 2004 for employees of CastleRock Communities, L.P. (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The operation, control and overall administration of the Plan are performed by the Company's President and Human Resources Coordinator, collectively, the "Plan Administrator". The Plan was amended and restated effective August 1, 2016, but the basic provisions of the Plan have not changed significantly.

The assets of the Plan were held by MassMutual Life Insurance Company (MassMutual) as custodian of the Plan until August 1, 2016 at which time the assets were transferred to the new custodian and trustee, Wells Fargo Bank, N.A. (Wells Fargo) subject to the terms of a Trust Agreement. On August 1, 2016, Wells Fargo assumed all recordkeeping responsibilities from Thompson Retirement Resources, Inc. dba Malcom Thompson & Associates.

All employees are eligible to participate in the Plan on the first of the month coincident with or next following the completion of ninety (90) days of service and the attainment of 21 years of age.

Contributions. Each year, participants may make salary deferral contributions or ROTH contributions as defined by the Plan, but not more than $18,000 in 2017 and 2016, pursuant to Section 402(g)(5) of the Internal Revenue Code (IRC). Participants age 50 and above could contribute an additional $6,000, as catch-up contributions. The Company may make discretionary matching contributions. For the years ended December 31, 2017 and 2016, the Company contributed $50,000 and $45,390, respectively, of which $6,428 and $7,930, respectively, were taken from forfeitures. The Company match was not remitted to the Custodian until the subsequent year. Such matching contributions are only made for participants who are still employed by the Company on the last day of the year. The Company match is allocated to the participants' accounts based on the pro rata share of each participant's contribution to the total employee contributions for the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). No rollover contributions were made during the years ended December 31, 2017 and 2016. Participants may change their contribution rates or may suspend contributions at any time.

Participants' Accounts. Each participant's account is credited with or reduced by the participant's contributions, earnings of the investment funds, realized gains or losses in the value of the investment funds, and administrative fees. The benefit to which a participant is entitled is the balance of his or her vested account.

Investment Options. The Plan has an automatic contribution provision, whereby employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation unless they opt out. The Plan was amended, so that effective May 1, 2017, the automatic deferral percentage will increase by 1% per year up to a maximum of 6% of compensation. The elective deferral percentage will increase each May 1st. Participants may change their investment options at any time.

Participants direct the investment of their contributions into registered investment mutual funds or the Plan's primary investment vehicle, a group of collective investment funds managed and trusteed by Wells Fargo. Wells Fargo purchases shares of registered investment mutual funds based on participants' requests and holds them in collective investment funds; the Plan and participants hold units of participation in these collective investment funds.

Vesting. Participants are immediately vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's discretionary contribution accounts and the appreciation or depreciation thereon is based on years of credited service. A participant is 100% vested after 6 years of credited service.

Payment of Benefits. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments as indicated in the Plan agreement. Terminated participants are allowed to leave their funds in the Plan indefinitely if their account balance exceeds $5,000. If the vested account balance is $5,000 or less, the account will be distributed to the participant as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service and has attained age 59 ½ provided the amount being withdrawn has accumulated in the Plan for at least two years. Hardship distributions can also be made to participants satisfying certain conditions.

Forfeited Accounts. At December 31, 2017 and 2016, the forfeited non-vested accounts totaled $6,428 and $7,930, respectively. These balances were used in the subsequent period to offset employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting. The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See a discussion of fair value measurements at Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

Payment of Benefits. Benefits are recorded when paid.

Federal Income Taxes. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Tax Reform Act of 1986 provides that plans such as this one cannot discriminate in favor of highly compensated individuals.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Administrative Expenses. All expenses related to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and trustee fees, shall be paid by the Company or shall be paid by the custodian from Plan assets. Operating expenses paid by the Company are excluded from these financial statements.

The administrative expenses reflected in the financial statements include loan and withdrawal fees as well as administrative and management fees paid to the custodian from participants' accounts.

Other investment expenses were paid to the custodians and other service providers by reducing each investment option's daily price by an expense ratio; participant accounts are not charged separately for these costs. During the year ended December 31, 2107, based on estimates from the custodian, those fees approximated $11,000. For the year ended December 31, 2016, such investment expenses approximating $20,000 and $5,000 were paid to Mass Mutual and Wells Fargo, respectively.

New Accounting Standards. Seeking to simplify financial reporting for employee benefit plans, the Financial Accounting Standards Board (FASB) recently issued Accounting Standards Update (ASU) 2015-12 regarding Plan Accounting for certain benefit plans. In addition to changing the basis of accounting for certain fully benefit-responsive investment contracts, the guidance also eliminated certain disclosure requirements and made provisions for certain reporting entities whose fiscal year-end does not coincide with a month-end. The new guidance is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. The Plan adopted ASU 2015-12 for its 2015 financial statements in an effort to simplify its disclosure requirements.

Management's Subsequent Review. In accordance with ASC Topic 855, management has evaluated subsequent events and transactions up to and including September 17, 2018, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians.

4. Notes Receivable from Participants

Prior to August 1, 2016, participants could borrow up to 50% of their account balance, but not more than $50,000 nor less than $1,000. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bear interest at a rate that is based on the Wall Street Journal prime rate. As of December 31, 2017, the interest rates on outstanding loans ranged from 4.25% to 4.5%. Principal and interest are generally paid through monthly or semi-monthly payroll deductions. All payments, including interest, are

credited to the respective participant's account. On August 1, 2016, the Plan was amended such that no new loans will be allowed; however, existing loans as of the date of this change will be paid out based on the original terms of these notes receivable.

As of December 31, 2017, no loans were in default and no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document.

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value measurement provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodology used for assets measured at fair value.

Level 1 Fair Value Measurements

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Collective Investment Funds: The fair value of the Plan's investment in Wells Fargo's Collective Investment Funds (CIFs) accounts is based on the quoted net asset values (NAV) of the underlying mutual funds at the end of each day. However, since each Plan participant does not own individual mutual fund shares but rather owns units as a proportionate interest of the Plan's assets, Plan management believes that these investments should be categorized as Level 2 inputs rather than Level 1. Wells Fargo purchases shares of mutual funds that have unadjusted quoted prices in active markets, but those shares are valued daily based on the units and the unit values. The unit value is based on the quoted market price, but also takes into consideration the Plan's annual asset fee for the particular investment option as well as any declared but unpaid dividends and capital gains.

The assets of the Plan were held by MassMutual until August 1, 2016 at which time the assets were transferred to Wells Fargo. Plan assets under Mass Mutual were all measured at Level 1 fair value measurement as the assets consisted of direct investments in registered mutual funds. These were all liquidated and the proceeds were used by Wells Fargo to purchase both mutual funds and investments in collective investment funds.

The following table sets forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of 12/31/2017			
	Level 1	Level 2	Level 3	Total
Collective investment funds	$ -	$2,901,848	$ -	$2,901,848
Mutual funds	21,401	-	-	21,401
Total assets at fair value	$ 21,401	$2,901,848	$ -	$2,923,249

	Assets at Fair Value as of 12/31/2016			
	Level 1	Level 2	Level 3	Total
Collective investment funds	$ -	$2,128,560	$ -	$2,128,560
Mutual funds	105	-	-	105
Total assets at fair value	$ 105	$2,128,560	$ -	$2,128,665

Gains and losses (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the events that caused the transfer. For the years ended December 31, 2017 and 2016, there were no Level 3 assets.

6. Party-In-Interest

The Plan invests in various funds that are managed and trusteed by Wells Fargo; these investments are considered party-in-interest transactions because Wells Fargo serves as trustee and custodian of the Plan.

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Administrator of the
CastleRock Communities, L.P. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CastleRock Communities, L.P. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual Life Insurance Company (MassMutual) and Wells Fargo Bank, N.A. (Wells Fargo), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that MassMutual held the Plan's investment assets and executed investment transactions from January 1, 2016 to July 31, 2016 and that Wells Fargo held the Plan's investment assets and executed investment transactions from August 1, 2016 to December 31, 2017. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets, as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CASTLEROCK COMMUNITIES, L.P. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016
(Audited with Limited Scope)

1. Description of Plan

The following description of the CastleRock Communities, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General. The Plan is a prototype plan established on July 1, 2004 for employees of CastleRock Communities, L.P. (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The operation, control and overall administration of the Plan are performed by the Company's President and Human Resources Coordinator, collectively, the "Plan Administrator". The Plan was amended and restated effective August 1, 2016, but the basic provisions of the Plan have not changed significantly.

The assets of the Plan were held by MassMutual Life Insurance Company (MassMutual) as custodian of the Plan until August 1, 2016 at which time the assets were transferred to the new custodian and trustee, Wells Fargo Bank, N.A. (Wells Fargo) subject to the terms of a Trust Agreement. On August 1, 2016, Wells Fargo assumed all recordkeeping responsibilities from Thompson Retirement Resources, Inc. dba Malcom Thompson & Associates.

All employees are eligible to participate in the Plan on the first of the month coincident with or next following the completion of ninety (90) days of service and the attainment of 21 years of age.

Contributions. Each year, participants may make salary deferral contributions or ROTH contributions as defined by the Plan, but not more than $18,000 in 2017 and 2016, pursuant to Section 402(g)(5) of the Internal Revenue Code (IRC). Participants age 50 and above could contribute an additional $6,000, as catch-up contributions. The Company may make discretionary matching contributions. For the years ended December 31, 2017 and 2016, the Company contributed $50,000 and $45,390, respectively, of which $6,428 and $7,930, respectively, were taken from forfeitures. The Company match was not remitted to the Custodian until the subsequent year. Such matching contributions are only made for participants who are still employed by the Company on the last day of the year. The Company match is allocated to the participants' accounts based on the pro rata share of each participant's contribution to the total employee contributions for the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). No rollover contributions were made during the years ended December 31, 2017 and 2016. Participants may change their contribution rates or may suspend contributions at any time.

Participants' Accounts. Each participant's account is credited with or reduced by the participant's contributions, earnings of the investment funds, realized gains or losses in the value of the investment funds, and administrative fees. The benefit to which a participant is entitled is the balance of his or her vested account.

Investment Options. The Plan has an automatic contribution provision, whereby employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation unless they opt out. The Plan was amended, so that effective May 1, 2017, the automatic deferral percentage will increase by 1% per year up to a maximum of 6% of compensation. The elective deferral percentage will increase each May 1st. Participants may change their investment options at any time.

Participants direct the investment of their contributions into registered investment mutual funds or the Plan's primary investment vehicle, a group of collective investment funds managed and trusteed by Wells Fargo. Wells Fargo purchases shares of registered investment mutual funds based on participants' requests and holds them in collective investment funds; the Plan and participants hold units of participation in these collective investment funds.

Vesting. Participants are immediately vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's discretionary contribution accounts and the appreciation or depreciation thereon is based on years of credited service. A participant is 100% vested after 6 years of credited service.

Payment of Benefits. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments as indicated in the Plan agreement. Terminated participants are allowed to leave their funds in the Plan indefinitely if their account balance exceeds $5,000. If the vested account balance is $5,000 or less, the account will be distributed to the participant as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service and has attained age 59 ½ provided the amount being withdrawn has accumulated in the Plan for at least two years. Hardship distributions can also be made to participants satisfying certain conditions.

Forfeited Accounts. At December 31, 2017 and 2016, the forfeited non-vested accounts totaled $6,428 and $7,930, respectively. These balances were used in the subsequent period to offset employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting. The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See a discussion of fair value measurements at Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

Payment of Benefits. Benefits are recorded when paid.

Federal Income Taxes. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Tax Reform Act of 1986 provides that plans such as this one cannot discriminate in favor of highly compensated individuals.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Administrative Expenses. All expenses related to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and trustee fees, shall be paid by the Company or shall be paid by the custodian from Plan assets. Operating expenses paid by the Company are excluded from these financial statements.

The administrative expenses reflected in the financial statements include loan and withdrawal fees as well as administrative and management fees paid to the custodian from participants' accounts.

Other investment expenses were paid to the custodians and other service providers by reducing each investment option's daily price by an expense ratio; participant accounts are not charged separately for these costs. During the year ended December 31, 2107, based on estimates from the custodian, those fees approximated $11,000. For the year ended December 31, 2016, such investment expenses approximating $20,000 and $5,000 were paid to Mass Mutual and Wells Fargo, respectively.

New Accounting Standards. Seeking to simplify financial reporting for employee benefit plans, the Financial Accounting Standards Board (FASB) recently issued Accounting Standards Update (ASU) 2015-12 regarding Plan Accounting for certain benefit plans. In addition to changing the basis of accounting for certain fully benefit-responsive investment contracts, the guidance also eliminated certain disclosure requirements and made provisions for certain reporting entities whose fiscal year-end does not coincide with a month-end. The new guidance is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. The Plan adopted ASU 2015-12 for its 2015 financial statements in an effort to simplify its disclosure requirements.

Management's Subsequent Review. In accordance with ASC Topic 855, management has evaluated subsequent events and transactions up to and including September 17, 2018, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians.

4. Notes Receivable from Participants

Prior to August 1, 2016, participants could borrow up to 50% of their account balance, but not more than $50,000 nor less than $1,000. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bear interest at a rate that is based on the Wall Street Journal prime rate. As of December 31, 2017, the interest rates on outstanding loans ranged from 4.25% to 4.5%. Principal and interest are generally paid through monthly or semi-monthly payroll deductions. All payments, including interest, are

credited to the respective participant's account. On August 1, 2016, the Plan was amended such that no new loans will be allowed; however, existing loans as of the date of this change will be paid out based on the original terms of these notes receivable.

As of December 31, 2017, no loans were in default and no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document.

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value measurement provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodology used for assets measured at fair value.

Level 1 Fair Value Measurements

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Collective Investment Funds: The fair value of the Plan's investment in Wells Fargo's Collective Investment Funds (CIFs) accounts is based on the quoted net asset values (NAV) of the underlying mutual funds at the end of each day. However, since each Plan participant does not own individual mutual fund shares but rather owns units as a proportionate interest of the Plan's assets, Plan management believes that these investments should be categorized as Level 2 inputs rather than Level 1. Wells Fargo purchases shares of mutual funds that have unadjusted quoted prices in active markets, but those shares are valued daily based on the units and the unit values. The unit value is based on the quoted market price, but also takes into consideration the Plan's annual asset fee for the particular investment option as well as any declared but unpaid dividends and capital gains.

The assets of the Plan were held by MassMutual until August 1, 2016 at which time the assets were transferred to Wells Fargo. Plan assets under Mass Mutual were all measured at Level 1 fair value measurement as the assets consisted of direct investments in registered mutual funds. These were all liquidated and the proceeds were used by Wells Fargo to purchase both mutual funds and investments in collective investment funds.

The following table sets forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of 12/31/2017			
	Level 1	Level 2	Level 3	Total
Collective investment funds	$ -	$2,901,848	$ -	$2,901,848
Mutual funds	21,401	-	-	21,401

Gains and losses (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the events that caused the transfer. For the years ended December 31, 2017 and 2016, there were no Level 3 assets.

6. Party-In-Interest

The Plan invests in various funds that are managed and trusteed by Wells Fargo; these investments are considered party-in-interest transactions because Wells Fargo serves as trustee and custodian of the Plan.

7. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
