Note A - Description of Plan

The following description of the Plan provides only general information. Participants should refer to the plan agreement and employer's adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Workforce Business Services, Inc. and related affiliates (collectively, WBS or Sponsor). To reflect the co-employment relationship between WBS and other employers, the Plan is qualified as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code and includes employees of WBS and other adopting employers that have entered into a staffing relationship with WBS. The Plan is a defined contribution 401(k) plan covering substantially all fulltime employees of WBS who are age 21 or older. The adopting employers may select service requirements ranging from immediate eligibility to one year of service.

During 2017, one employer transferred assets into the Plan totaling approximately \$123,000. During 2016, two employers transferred assets out of the Plan totaling approximately \$215,000 and are included in the statement of changes in net assets available for benefits as transfers.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Custodian and Recordkeeper

Mutual of America Life Insurance Company is the custodian and recordkeeper. Effective April 1, 2018, CUNA Mutual Retirement Solutions and Matrix Trust Company became the new recordkeeper and custodian, respectively.

Contributions

Participants may contribute up to 100% of their pretax annual compensation up to statutory limits. Participants may also contribute catch-up contributions and post-tax contributions, as well as amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participating employers may make matching contributions in an amount equal to a percentage the employer may deem advisable of the participant's deferred compensation. Additional profit sharing plan amounts may be contributed at the option of the participating employer. Plan participants should refer to their employer's adoption agreement for provisions adopted by their individual employers.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the employer discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

The following schedule describes the Plan's vesting provision.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	None
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five years or more	100%

Payment of Benefits

Upon termination of employment for any reason, participants may elect to receive either a lump sum payment or a direct rollover in an amount equal to the vested value of their accounts.

Forfeitures

Forfeitures of participating employer contributions that are nonvested are used to reduce the participating employer's future contributions or to pay administrative expenses. Unallocated forfeitures at December 31, 2017 and 2016 are \$27,013 and \$26,738, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan that are not paid through forfeitures are paid directly by the Employers and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants

Participants are able to borrow from their accounts a minimum of \$1,000, up to 50% of their vested account balance, not exceeding \$50,000. Loans bear interest at prime rate at the time of the loan plus 1%, with terms that may not exceed five years unless made to purchase a primary residence. Loans carry an interest rate of 4.25% to 5.25%, which is commensurate with local prevailing rates as determined by the plan administrator.

Note B - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting, except for benefit payments that are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses is recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Sponsor has evaluated all events subsequent to December 31, 2017 and through October 11, 2018, which is the date these financial statements were available to be issued. The Sponsor determined that there are no subsequent events, other than disclosed in Notes A and K, that require recognition or disclosure in these financial statements.

Note C - Investments

The Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The plan administrator has obtained certification from the custodian regarding the completeness and accuracy of the information provided to the plan administrator.

No auditing procedures were performed with respect to investment assets, investment and interest income, and the schedule of investments, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

Note D - Fair Value Measurements

Accounting standards provide a framework for fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1- Inputs to the valuation methodology are actual quoted prices for identical securities.
- Level 2 - Inputs to the valuation methodology include indirect observable inputs including prices for similar assets and market corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets measured at fair value.

- *Pooled separate accounts* - Valuation is based on the reported net asset value of each fund, which is based on the quoted market price or fair value of each fund's underlying investments.
- *General accounts* - Valued at fair value as reported by the custodian.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Sponsor believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Total	Level 1	Level 2	Level 3
<i>2017</i>				
Pooled separate accounts	\$ 8,302,151	\$ -	\$ 8,302,151	\$ -
General account	391,779	-	391,779	-
	<u>\$ 8,693,930</u>	<u>\$ -</u>	<u>\$ 8,693,930</u>	<u>\$ -</u>
<i>2016</i>				
Pooled separate accounts	\$ 6,041,591	\$ -	\$ 6,041,591	\$ -
General account	276,657	-	276,657	-
	<u>\$ 6,318,248</u>	<u>\$ -</u>	<u>\$ 6,318,248</u>	<u>\$ -</u>

Note E - Tax Status

The Internal Revenue Service has determined and informed the Sponsor by letter dated December 12, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Sponsor believes that the Plan is currently designed and being operated in accordance with the IRC and, therefore, no provision for income taxes has been included in the accompanying financial statements.

Note F - Nonexempt Party-In-Interest Transactions

Certain employee pretax contributions from 2014 and 2013 totaling \$491,298 were not remitted to the Plan within the defined time period during 2014 and 2013. The defined time period requires that sponsors remit employee contributions to the Plan as soon as they can be reasonably segregated from the sponsor's general assets, but not later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the sponsor.

To correct this, during 2016, lost earnings in the amount of \$201 and \$89 were remitted to the Plan and allocated to participants on late remittances from 2014 and 2013, respectively. Additionally, during 2016, the Sponsor filed a Voluntary Fiduciary Correction Program application with the Department of Labor and received an approval for no further action in 2017. There were no late contributions during 2017 or 2016.

Note G - Related Party Transactions

Fees paid during 2017 and 2016 by the Plan and Sponsor to the Plan's custodian and other service providers were based on customary rates for their services. Plan investments throughout the year were in investment accounts managed by the Plan's custodian. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note H - Plan Termination

Although they have not expressed any intent to do so, the participating employers have the right under the Plan to discontinue their contributions at any time and to terminate their participation in the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note I - Risks and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note J - Reconciliation of Financial Statements to Form 5500

As the custodian that holds the pooled separate accounts (PSAs) is not a direct filing entity, the Plan's interest in the underlying assets of PSAs is required to be reported on Schedule H of the Form 5500. As such, PSAs are classified as registered investment companies on Schedule H of the Form 5500.

Note K -Subsequent Events

Effective April 1, 2018, the Plan changed service providers from Mutual of America Life Insurance Company to CUNA Mutual Retirement Solutions (CUNA). Also on that date, Matrix Trust Company became the Plan custodian. As a result of the change in service providers, assets totaling approximately \$7.5 million were transferred to CUNA.
