Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Trust Company LLC ("John Hancock") and by Fidelity Management Trust Company ("Fidelity"), the trustees/custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity holds the Plan's investment assets other than employer stock and executes investment transactions and executes investment transactions from March 1, 2017 to December 31, 2017 and that John Hancock held the Plan's investment assets other than employer stock and executed investment transactions as of December 31, 2016 and for the period January 1, 2017 to February 28, 2017.

Basis for Disclaimer of Opinion (Continued)

The Plan administrator has obtained the certifications from the trustees/custodians as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustees/custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2017, the Plan adopted new accounting guidance: Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share. If we had issued an opinion it would not be modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees/custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SH GROUP, INC.
PROFIT SHARING AND 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SH Group, Inc. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established November 30, 1988, is a qualified profit-sharing and defined contribution plan organized under Internal Revenue Code section 401(k) subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan maintains three separate funds, as follows: The ESOP Fund, the Profit-Sharing Fund and the 401(k) Plan ("401(k) Fund"). The Profit Sharing Fund and ESOP Fund were separate Plans which were merged into this plan in 1988.

The Plan covers substantially all employees, excluding certain union and other employees as defined in the Plan document, of SH Group, Inc. and its subsidiaries (the "Employer").

Effective March 1, 2017, the assets of the Plan were transferred to a new trustee/custodian, Fidelity Management Trust Company ("Fidelity"), and the Plan adopted Fidelity's volume submitter plan. Fidelity is the new recordkeeper effective March 1, 2017.

ESOP Fund and Profit Sharing Fund

During 1988, the Profit-Sharing Fund and the ESOP Fund were merged into the Plan. Upon the merger, all participants became 100% vested in their balances in these Funds and the Plan did not allow any additional contributions to these Funds. These Funds' assets primarily consist of investments in the Employer common stock. After receiving distributions of the common stock, the Plan requires participants to offer the securities first to the Employer and then to the Plan if the Employer does not purchase the shares.

Effective September 1, 2016, upon attaining age 59 ½, active participants are eligible for an in-service withdrawal of his or her vested ESOP balance.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Eligibility to Participate

Each covered employee is eligible to become an active participant in the Plan provided the individual is at least 21 years old. Upon satisfying this requirement, each employee shall become a participant in the Plan.

Employee Contributions

Individual participants may contribute 1% to 50% of their annual compensation (subject to statutory limits) to the Plan. Effective January 1, 2014, the Plan allows participants to make a Roth election. Roth elective deferrals are post-tax contributions and are treated the same way as other deferral contributions in terms of allowing rollover of Roth contributions and withdrawals for loans. Roth elective deferrals are also subject to in-service and hardship distributions.

Any employee, upon first becoming eligible to participate in the Plan, who fails to affirmatively make any deferral election within the time prescribed by the administrator shall be deemed to have elected to defer three percent (3%) of his compensation and effective January 1, 2016, four percent (4%) of his compensation. Unless the employee otherwise elects, such deemed elective deferral shall be increased by one percent (1%) annually to a maximum of fifty percent (50%) of compensation.

Upon enrollment in the 401(k) Plan Fund, a participant may direct contributions in any of the various investments offered by the Plan. Participants may change their investment options daily.

Employer Contributions

The Employer may make a discretionary matching contribution to the Plan on behalf of each participant employed on the last day of such plan year who has deferred compensation for the Plan year. The amount of such Employer matching contribution for any Plan year shall not exceed six percent (6%) of compensation. Effective March 1, 2017, the employer match is discretionary. For the year ended December 31, 2017, the Employer elected to make a matching contribution of 50% of each participant's contribution not to exceed 3% of compensation. The Employer contributed $1,237,785 for the Plan year ended December 31, 2017 as employer matching contributions. The Employer may also make a discretionary profit sharing contribution into the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions as well as an allocation of the plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer contributions and earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their 401(k) fund account balance. Loan terms may not exceed five years unless the loan is for the purpose of acquiring a principal residence in which case the term of the loan may not exceed 10 years. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Loans outstanding during the year had interest rates which ranged from 4.25% to 9.25%. Principal and interest are typically paid ratably through semi-monthly payroll deductions, but must be paid in at least quarterly installments and credited to the borrower's account balance.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, participants or beneficiaries can elect to have their benefits which total in excess of $5,000 distributed by a direct rollover, in one lump sum payment or in designated sums over time, not to exceed ten years, as elected by the participants. Effective March 1, 2017, designated sums over time are not to exceed the life expectancy of the participant and/or beneficiary. Benefits of $1,000 or less are payable in one lump sum. Benefits greater than $1,000 but not greater than $5,000, as elected by the participant, are payable either in one lump sum or by a direct rollover. If the participant does not elect then the Plan administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

Under certain circumstances (hardship), and with approval of the Employer, a participant can elect at any time to receive a portion of his or her vested account balance subject to the provisions of the Plan. In-service withdrawals are permitted once a participant has attained age 59½.

Effective September 1, 2016, when a participant ceases to be an employee, they are eligible to receive his or her ESOP distribution under the Plan in one lump sum payment and upon attaining age 59½ active participants are entitled to an in-service withdrawal of his or her vested ESOP balance.

Forfeitures

At December 31, 2017 and 2016 forfeited non-vested accounts totaled $4 and $20,207, respectively. These balances primarily represent forfeited amounts prior to 2009 and outstanding checks moved to the forfeiture account in accordance with Plan policies. These accounts will be used to reduce future Employer contributions, Plan administrative expense, or restore previously forfeited amounts. For the year ended December 31, 2017, the Plan expenses were reduced by $20,375.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share, which removes the requirement to categorize, within the fair value hierarchy table, the investments for which fair value is measured using the net asset value per share practical expedient. Instead, an entity is required to include those investments as a reconciling item, so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. ASU No. 2015-07 is effective for reporting periods beginning after December 15, 2016. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. The adoption of this ASU had no impact on the Statements of Net Assets Available for Benefits or the Statements of Changes in Net Assets Available for Benefits as of December 31, 2017 and 2016.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (Note 4) with the exception of the fully benefit-responsive investment contract, which is valued at contract value and are valued based on the methodologies described in Note 5.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions to participants based upon the terms of the plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits or Distributions

Benefits are recorded when paid. Distribution of the Employer stock held in the ESOP Fund and the Profit Sharing Fund is recorded when the participant receives the distribution and simultaneous request of repurchase from the Employer.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Effective March 1, 2017, the Plan provides for a participant revenue credit to be allocated to eligible participants pro rata across current investments and sources on a quarterly basis. The revenue credit program allocates a revenue credit to participants who invest in mutual funds for which Fidelity receives revenue. The revenue credit is allocated to the participant quarterly and is reinvested in the fund that generated the credit. Any remaining revenue credit will be available to the Plan to pay fees or other expenses. The participant revenue credit which offset expenses was $62,727 for the year ending December 31, 2017.

NOTE 3 - UNAUDITED INFORMATION

Fidelity Management Trust Company, the custodian/trustee of the Plan, holds the notes receivable from participants and the Plan's investment assets other than employer stock, from March 1, 2017 through December 31, 2017, and executes transactions thereon. John Hancock Trust Company LLC, the predecessor custodian/trustee of the Plan, held the notes receivable from participants and the Plan's investment assets other than employer stock, from January 1, 2017 through February 28, 2017, and executed transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the trustee/custodian which was certified as complete and accurate. That information, which is unaudited, consists of 94.7% and 94.4% of all of the Plan's assets as of December 31, 2017 and 2016, respectively and $11,550,463 of net investment gain for the year ended December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The Plan also utilizes the authoritative guidance under GAAP for estimating the fair value of investments in the investment funds that have calculated net asset value ("NAV") per share in accordance with the specialized accounting guidance for investment companies. Accordingly, the Plan estimates the fair value of an investment in an investment fund using the NAV of the investment (or its equivalent) without further adjustment unless the Plan determines that the NAV is deemed to be not reflective of fair value.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In evaluating the level at which the Plan's investments have been classified, the Plan has assessed factors including, but not limited to price transparency, the ability to redeem at net asset value at the year-end and the existence of absence of certain restrictions at year-end.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment fund: Valued based on the NAV of the collective investment fund's underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals can be prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) which may restrict a participant's ability to redeem the investment.

The collective investment fund has the ability to redeem its investment in the underlying fund at NAV per unit at the valuation date. The collective investment fund is an index fund that seeks to match the performance of the S&P 500 index and is intended for long-term investors seeking to capture the earnings and growth potential of large companies in the United States.

Common stock of employer: Investments in common stock of the Employer are valued at their estimated fair value at December 31, 2017 and 2016. The Employer has obtained independent appraisals of its common stock at December 31, 2017 and 2016, which values are used to value the shares in the Plan at December 31, 2017 and 2016, respectively as stipulated in the Plan. At December 31, 2017 and 2016, the appraiser provides a value which is used by the Employer's board of directors as the actual value.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016, excluding investments in collective investment funds for which ASU 2015-07 is applicable:

2017	**Total**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	**$ 55,393,191**	**$ 55,393,191**	**$ -**	**$ -**

Total Investments at Fair Value	$ 61,149,555	$ 49,648,75	$ -	$22,294,481

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017.

	Common Stock of Employer
Balance, beginning of year	$ 2,294,481
Unrealized gain on investments held at year end	171,172
Benefits paid to participants	(49,600)
Balance, End of Year	$ 2,416,053
The amount of gains and (losses) included in income attributable to the change in unrealized gains and losses relating to assets still held at December 31, 2017	$ 171,172

Gains and losses (realized and unrealized), if any, are included in the net realized gain on investments and net change in unrealized appreciation (depreciation) in the statement of changes in net assets available for plan benefits.

Valuation Processes for Level 3 Fair Value Measurement

The Plan establishes valuation processes and procedures to ensure that the valuation techniques for investments that are categorized within Level 3 of the fair value hierarchy are fair, consistent, and verifiable. The fiduciaries are responsible for overseeing the Plan's valuation process for its Level 3 investments.

On an annual basis, the Employer's Board of directors engages the services of a third-party valuation firm to provide an independent appraisal of the Plan's Level 3 investment in the Employer's common stock. The fiduciaries of the Plan utilize the information provided by the third-party valuation firm to determine that valuation.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017, and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2017	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
BlackRock Equity Index Fund T	**$11,471,112**	**n/a**	**Daily**	**30 days**

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
BlackRock Equity Index Fund T	$9,206,320	n/a	Daily	30 days

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has a fully benefit-responsive guaranteed investment contract with NYLIC. NYLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the investment contract in the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed not less frequently than quarterly or more frequently than daily.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The investment contract does not permit the insurance Employer to terminate the agreement prior to the scheduled maturity date.

NYLTC, as contract holder of the investment contract, may terminate the investment contracts with 30 days notice to NYLIC. The payment to the Plan will be adjusted for a market value adjustment as defined in the contract.

NOTE 6 - NON-PARTICIPANT-DIRECTED INVESTMENTS

Benefits paid to participants	**(49,617)**
Other charges, net	**(662)**
	$ 120,893

NOTE 7 - RELATED PARTY TRANSACTIONS

Plan investments included shares of mutual funds and guaranteed interest account managed by the Plan's trustee, Fidelity Management Trust Company and Employer common stock. The Plan paid, net of revenue credits, approximately $19,141 and $22,553 for investment management services and other administrative expenses to Fidelity Management Trust Company, recordkeeper and John Hancock Retirement Plan Services, predecessor recordkeeper for the years ended December 31, 2017 and 2016. The Plan invests in Company stock. Benefit payments for the year include distributions of Employer common stock valued at $49,617.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

Effective March 1, 2017, the Plan adopted Fidelity's volume submitter plan. The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2014, that the volume submitter plan is acceptable under the applicable sections of the IRC. The plan has been amended since receiving the advisory letter. However, the plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Effective January 1, 2015, the Plan was amended and restated to adopt a pre-approved prototype plan prepared by the trustee under the volume submitter program. The Internal Revenue Service has determined and informed the Company by a letter dated December 7, 2016, that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 11, 2018, which is the date the financial statements were available to be issued.

SH GROUP, INC.
PROFIT SHARING AND 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SH Group, Inc. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, established November 30, 1988, is a qualified profit-sharing and defined contribution plan organized under Internal Revenue Code section 401(k) subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan maintains three separate funds, as follows: The ESOP Fund, the Profit-Sharing Fund and the 401(k) Plan ("401(k) Fund"). The Profit Sharing Fund and ESOP Fund were separate Plans which were merged into this plan in 1988.

The Plan covers substantially all employees, excluding certain union and other employees as defined in the Plan document, of SH Group, Inc. and its subsidiaries (the "Employer").

Effective March 1, 2017, the assets of the Plan were transferred to a new trustee/custodian, Fidelity Management Trust Company ("Fidelity"), and the Plan adopted Fidelity's volume submitter plan. Fidelity is the new recordkeeper effective March 1, 2017.

ESOP Fund and Profit Sharing Fund

During 1988, the Profit-Sharing Fund and the ESOP Fund were merged into the Plan. Upon the merger, all participants became 100% vested in their balances in these Funds and the Plan did not allow any additional contributions to these Funds. These Funds' assets primarily consist of investments in the Employer common stock. After receiving distributions of the common stock, the Plan requires participants to offer the securities first to the Employer and then to the Plan if the Employer does not purchase the shares.

Effective September 1, 2016, upon attaining age 59 ½, active participants are eligible for an in-service withdrawal of his or her vested ESOP balance.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Eligibility to Participate

Each covered employee is eligible to become an active participant in the Plan provided the individual is at least 21 years old. Upon satisfying this requirement, each employee shall become a participant in the Plan.

Employee Contributions

Individual participants may contribute 1% to 50% of their annual compensation (subject to statutory limits) to the Plan. Effective January 1, 2014, the Plan allows participants to make a Roth election. Roth elective deferrals are post-tax contributions and are treated the same way as other deferral contributions in terms of allowing rollover of Roth contributions and withdrawals for loans. Roth elective deferrals are also subject to in-service and hardship distributions.

Any employee, upon first becoming eligible to participate in the Plan, who fails to affirmatively make any deferral election within the time prescribed by the administrator shall be deemed to have elected to defer three percent (3%) of his compensation and effective January 1, 2016, four percent (4%) of his compensation. Unless the employee otherwise elects, such deemed elective deferral shall be increased by one percent (1%) annually to a maximum of fifty percent (50%) of compensation.

Upon enrollment in the 401(k) Plan Fund, a participant may direct contributions in any of the various investments offered by the Plan. Participants may change their investment options daily.

Employer Contributions

The Employer may make a discretionary matching contribution to the Plan on behalf of each participant employed on the last day of such plan year who has deferred compensation for the Plan year. The amount of such Employer matching contribution for any Plan year shall not exceed six percent (6%) of compensation. Effective March 1, 2017, the employer match is discretionary. For the year ended December 31, 2017, the Employer elected to make a matching contribution of 50% of each participant's contribution not to exceed 3% of compensation. The Employer contributed $1,237,785 for the Plan year ended December 31, 2017 as employer matching contributions. The Employer may also make a discretionary profit sharing contribution into the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions as well as an allocation of the plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer contributions and earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their 401(k) fund account balance. Loan terms may not exceed five years unless the loan is for the purpose of acquiring a principal residence in which case the term of the loan may not exceed 10 years. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Loans outstanding during the year had interest rates which ranged from 4.25% to 9.25%. Principal and interest are typically paid ratably through semi-monthly payroll deductions, but must be paid in at least quarterly installments and credited to the borrower's account balance.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, participants or beneficiaries can elect to have their benefits which total in excess of $5,000 distributed by a direct rollover, in one lump sum payment or in designated sums over time, not to exceed ten years, as elected by the participants. Effective March 1, 2017, designated sums over time are not to exceed the life expectancy of the participant and/or beneficiary. Benefits of $1,000 or less are payable in one lump sum. Benefits greater than $1,000 but not greater than $5,000, as elected by the participant, are payable either in one lump sum or by a direct rollover. If the participant does not elect then the Plan administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

Under certain circumstances (hardship), and with approval of the Employer, a participant can elect at any time to receive a portion of his or her vested account balance subject to the provisions of the Plan. In-service withdrawals are permitted once a participant has attained age 59½.

Effective September 1, 2016, when a participant ceases to be an employee, they are eligible to receive his or her ESOP distribution under the Plan in one lump sum payment and upon attaining age 59½ active participants are entitled to an in-service withdrawal of his or her vested ESOP balance.

Forfeitures

At December 31, 2017 and 2016 forfeited non-vested accounts totaled $4 and $20,207, respectively. These balances primarily represent forfeited amounts prior to 2009 and outstanding checks moved to the forfeiture account in accordance with Plan policies. These accounts will be used to reduce future Employer contributions, Plan administrative expense, or restore previously forfeited amounts. For the year ended December 31, 2017, the Plan expenses were reduced by $20,375.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share, which removes the requirement to categorize, within the fair value hierarchy table, the investments for which fair value is measured using the net asset value per share practical expedient. Instead, an entity is required to include those investments as a reconciling item, so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. ASU No. 2015-07 is effective for reporting periods beginning after December 15, 2016. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. The adoption of this ASU had no impact on the Statements of Net Assets Available for Benefits or the Statements of Changes in Net Assets Available for Benefits as of December 31, 2017 and 2016.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (Note 4) with the exception of the fully benefit-responsive investment contract, which is valued at contract value and are valued based on the methodologies described in Note 5.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions to participants based upon the terms of the plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits or Distributions

Benefits are recorded when paid. Distribution of the Employer stock held in the ESOP Fund and the Profit Sharing Fund is recorded when the participant receives the distribution and simultaneous request of repurchase from the Employer.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Effective March 1, 2017, the Plan provides for a participant revenue credit to be allocated to eligible participants pro rata across current investments and sources on a quarterly basis. The revenue credit program allocates a revenue credit to participants who invest in mutual funds for which Fidelity receives revenue. The revenue credit is allocated to the participant quarterly and is reinvested in the fund that generated the credit. Any remaining revenue credit will be available to the Plan to pay fees or other expenses. The participant revenue credit which offset expenses was $62,727 for the year ending December 31, 2017.

NOTE 3 - UNAUDITED INFORMATION

Fidelity Management Trust Company, the custodian/trustee of the Plan, holds the notes receivable from participants and the Plan's investment assets other than employer stock, from March 1, 2017 through December 31, 2017, and executes transactions thereon. John Hancock Trust Company LLC, the predecessor custodian/trustee of the Plan, held the notes receivable from participants and the Plan's investment assets other than employer stock, from January 1, 2017 through February 28, 2017, and executed transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the trustee/custodian which was certified as complete and accurate. That information, which is unaudited, consists of 94.7% and 94.4% of all of the Plan's assets as of December 31, 2017 and 2016, respectively and $11,550,463 of net investment gain for the year ended December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The Plan also utilizes the authoritative guidance under GAAP for estimating the fair value of investments in the investment funds that have calculated net asset value ("NAV") per share in accordance with the specialized accounting guidance for investment companies. Accordingly, the Plan estimates the fair value of an investment in an investment fund using the NAV of the investment (or its equivalent) without further adjustment unless the Plan determines that the NAV is deemed to be not reflective of fair value.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In evaluating the level at which the Plan's investments have been classified, the Plan has assessed factors including, but not limited to price transparency, the ability to redeem at net asset value at the year-end and the existence of absence of certain restrictions at year-end.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment fund: Valued based on the NAV of the collective investment fund's underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals can be prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) which may restrict a participant's ability to redeem the investment.

The collective investment fund has the ability to redeem its investment in the underlying fund at NAV per unit at the valuation date. The collective investment fund is an index fund that seeks to match the performance of the S&P 500 index and is intended for long-term investors seeking to capture the earnings and growth potential of large companies in the United States.

Common stock of employer: Investments in common stock of the Employer are valued at their estimated fair value at December 31, 2017 and 2016. The Employer has obtained independent appraisals of its common stock at December 31, 2017 and 2016, which values are used to value the shares in the Plan at December 31, 2017 and 2016, respectively as stipulated in the Plan. At December 31, 2017 and 2016, the appraiser provides a value which is used by the Employer's board of directors as the actual value.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016, excluding investments in collective investment funds for which ASU 2015-07 is applicable:

2017	**Total**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	**$ 55,393,191**	**$ 55,393,191**	**$ -**	**$ -**

Collective investment fund [(a)]	**11,471,112**	**-**	**-**	**-**
Total Investments at Fair Value	**$ 69,280,356**	**$ 55,393,191**	**$ -**	**$ 2,416,053**

2016	Total	Level 1	Level 2	Level 3
Mutual funds	$ 49,648,754	$ 49,648,754	$ -	$ -
Common stock of employer	2,294,481	-	-	2,294,481
Total Investments in the Fair Value Hierarchy	51,943,235	49,648,754	-	2,294,481
Collective investment fund [(a)]	9,206,320	-	-	-
Total Investments at Fair Value	$ 61,149,555	$ 49,648,75	$ -	$22,294,481

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017.

	Common Stock of Employer
Balance, beginning of year	$ 2,294,481
Unrealized gain on investments held at year end	171,172
Benefits paid to participants	(49,600)
Balance, End of Year	$ 2,416,053
The amount of gains and (losses) included in income attributable to the change in unrealized gains and losses relating to assets still held at December 31, 2017	$ 171,172

Gains and losses (realized and unrealized), if any, are included in the net realized gain on investments and net change in unrealized appreciation (depreciation) in the statement of changes in net assets available for plan benefits.

Valuation Processes for Level 3 Fair Value Measurement

The Plan establishes valuation processes and procedures to ensure that the valuation techniques for investments that are categorized within Level 3 of the fair value hierarchy are fair, consistent, and verifiable. The fiduciaries are responsible for overseeing the Plan's valuation process for its Level 3 investments.

On an annual basis, the Employer's Board of directors engages the services of a third-party valuation firm to provide an independent appraisal of the Plan's Level 3 investment in the Employer's common stock. The fiduciaries of the Plan utilize the information provided by the third-party valuation firm to determine that valuation.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017, and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2017	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
BlackRock Equity Index Fund T	**$11,471,112**	**n/a**	**Daily**	**30 days**

BlackRock Equity Index Fund T	$9,206,320	n/a	Daily	30 days

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has a fully benefit-responsive guaranteed investment contract with NYLIC. NYLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the investment contract in the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed not less frequently than quarterly or more frequently than daily.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The investment contract does not permit the insurance Employer to terminate the agreement prior to the scheduled maturity date.

NYLTC, as contract holder of the investment contract, may terminate the investment contracts with 30 days notice to NYLIC. The payment to the Plan will be adjusted for a market value adjustment as defined in the contract.

NOTE 6 - NON-PARTICIPANT-DIRECTED INVESTMENTS

NOTE 7 - RELATED PARTY TRANSACTIONS

Plan investments included shares of mutual funds and guaranteed interest account managed by the Plan's trustee, Fidelity Management Trust Company and Employer common stock. The Plan paid, net of revenue credits, approximately $19,141 and $22,553 for investment management services and other administrative expenses to Fidelity Management Trust Company, recordkeeper and John Hancock Retirement Plan Services, predecessor recordkeeper for the years ended December 31, 2017 and 2016. The Plan invests in Company stock. Benefit payments for the year include distributions of Employer common stock valued at $49,617.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

Effective March 1, 2017, the Plan adopted Fidelity's volume submitter plan. The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2014, that the volume submitter plan is acceptable under the applicable sections of the IRC. The plan has been amended since receiving the advisory letter. However, the plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Effective January 1, 2015, the Plan was amended and restated to adopt a pre-approved prototype plan prepared by the trustee under the volume submitter program. The Internal Revenue Service has determined and informed the Company by a letter dated December 7, 2016, that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 11, 2018, which is the date the financial statements were available to be issued.
