AREY JONES 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Arey Jones 401(K) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 2003, Broadway Typewriter Co., Inc. (the "Company" or "Employer") established and adopted the Plan for its employees. The Plan, as amended and restated, is a defined contribution savings Plan covering substantially all employees who completed six months of service and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as the sponsor of the Plan. The Plan is administered by trustees consisting of one or more persons appointed by the Board of Directors of the Company.

Contributions

Under the terms of the Plan, participants may elect to defer a percentage of their regular earnings from the Company into the Plan. Such salary reduction contributions on a pre-tax basis shall not exceed the maximum Internal Revenue Service ("IRS") dollar limit of $18,000 in 2017 and 2016. Additionally, participants who will be at least age 50 by the end of the tax year may make an additional "catch up" contribution of $6,000 in 2017 and 2016. Contributions are subject to certain limitations under IRS regulations. Participants may also contribute rollover distributions from other qualified plans.

The Company may elect to contribute a discretionary matching contribution and a discretionary non-elective contribution, the amount of which is determined each year. For the years ended December 31, 2017 and 2016, the Company did not make any contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) the Plan's earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or losses on account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions or pay Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment into the Plan, a participant may direct their employee contributions in various percentage increments among any of the various investment options. Participants may change their investment options at any time via internet access.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Vesting

Participants become vested in all types of contributions based on years of continuous service. A participant becomes fully vested after four years of continuous service. Any amount not vested upon a participant's separation from service is forfeited and used to reduce the employer contribution or pay Plan expenses. A participant becomes fully vested in the entire balance of their account upon retirement, disability, death or termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of the participants vested account balance. Loan transactions are treated as segregated investments of the individual participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates are 4.50% - 6.00%. Principal and interest payments are paid ratably through payroll deductions. Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest.

Payment of Benefits

Upon termination of service for any reason a participant is entitled to the vested value of their accounts. If the vested is value is below $5,000 the participant may receive either a lump sum or have the funds transferred to an IRA or other plan. If the vested value is more than the $5,000 the participant in addition to the options above may also defer benefits to Normal Retirement Age or age 62.

Termination or Modification of the Plan

The Company has the right to terminate the Plan at any time by delivering to the Trustee and Administrator written notice. The sponsor may amend any or all provisions of this Plan without obtaining the approval or consent of the Employer providing the amendment does not permit any part of the corpus or income of the Plan to be used for any purpose other than for the benefit of the participants and their beneficiaries. In the event the Plan is terminated, all participants will become 100% vested in their accounts.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Administrative Expenses

The employer is authorized to reimburse the Plan for all expenses and fees incurred in the administration of the Plan and paid out of the assets of the fund. During 2017 and 2016 the Plan expenses were $21,413 and $17,806, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting and present the net assets available for Plan benefits at December 31, 2017 and 2016, and changes in net assets available for Plan benefits for the year ended December 31, 2017 and 2016.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan. The statements of net assets available for benefits present the contract value which approximates the fair value of the investment contracts. The statement of changes in net assets available for benefits is prepared on contract value basis.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loan receivables are valued at cost which approximate current value. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Cont.)

Forfeitures

Upon termination of service, a participant forfeits any non-vested Company contributions. Forfeitures of non-vested participant account balances can be used to reduce the Company's contributions or pay Plan expenses. At December 31, 2017 and 2016 forfeited non-vested accounts totaled $309 and $242 respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance will be reduced, and the delinquent participant note receivable is recorded as a benefit payment (deemed distribution) based on the terms in the Plan document. There were no deemed distributions reported for the Plan years ending December 31, 2017 and 2016.

Payment of Benefits

Benefits are recorded when paid. For the years ended December 31, 2017 and 2016 the Plan reported distributions of $0 and $20,806, respectively.

Administrative Expenses

Certain Plan expenses are deducted from participant accounts or investment income, and the remainder of the Plan expenses are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and charges therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 3 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan's Prototype sponsor by an opinion letter dated March 31, 2004, that the Volume Submitter Profit Sharing Plan with CODA sponsored by San Diego Pension Consultants Inc. and Complete Pension Services, which has been adopted by the Plan, is acceptable pursuant to Section 401 of the Internal Revenue Code and in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the trustees of the Plan consisting of one or more persons appointed by the Board of Directors of the Company. At December 31, 2017 and 2016, the assets of the Plan were administered under a trust agreement with Great West Trust Company, LLC and a Custodian agreement with Empower (formerly Great West Life & Annuity Insurance Company), (the "Custodian").

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded and therefore classified at Level one.

Guaranteed investment contract: Fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates differ from crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (Cont.)

As required by FASB ASC 820-10, at December 31, 2017 and 2016, the Plan's portfolio investments were classified as follows, based on fair values:

Input levels by investment category:

	December 31, 2017

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

At December 31, 2017 and 2016, the Plan's investments were held by Great-West Trust Company, LLC, the Trustee of the Plan. The investments are credited for earnings thereon and charged for withdrawals and expenses charged by the Trustee. The Plan administrator has obtained a certification from the Trustee as of December 31, 2017 and 2016 for the year then ended. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (Continued)

NOTE 7- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PARTY IN INTEREST TRANSACTION

Great West Life & Annuity Insurance, AIF Planning & Consultants Group, Capital Financial Consultants Group and Arey Jones 401(k) Retirement Plan are parties in interest in accordance with the definition provided by ERISA. During the year ended December 31, 2017 and 2016, fees totaling $12,808 and $10,767, respectively, were paid by the Plan to Great West. During the year ended December 31, 2017 and 2016, fees totaling $2,636 and $7,039, respectively, were paid by the Plan to Capital Financial Consultants Group. During the year ended December 31, 2017 fees totaling $5,969, were paid by the Plan to AIF Planning & Consultants Group. In addition, certain Plan investments during 2017 were shares of mutual funds managed by Great West Financial.
