CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2017 and 2016

Note 1 - Plan description

The following description of the Corenso 401(k) and Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all employees of Corenso North America Corp. (Company or Employer). The Company's workforce consists of members of several collective bargaining units and non-collectively bargained employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions

Participants are able to contribute pretax and Roth elective deferrals to the Plan. The combined pretax and Roth elective deferrals are limited to 60% of compensation subject to the annual Internal Revenue Service limit. The Company contributes an amount equal to 5% of eligible compensation to participants of the OPEIU, IAM and UAJ collective bargaining units and non-collectively bargained participants. The Company contributes an amount equal to 6% of eligible compensation to participants of the IBEW collective bargaining unit. The Company contributes \$1.25 per hour to participants of the USW collective bargaining unit. The Company matches 25% of participant's contributions up to 5% to participants of the USW collective bargaining unit. The Company matches 25% of participant's contributions up to 6% to the non-collectively bargained participants as well as the participants of the IAM, OPEIU, UAJ and IBEW collective bargaining units.

C. Transfers from qualified plans (rollovers)

At the discretion of the Plan Administrator, participants may be permitted to deposit distributions received from other plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation, hours or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are 100% vested upon entering the Plan.

F. Participant-directed investments

Plan participants may select from various investment options offered by the Plan. Plan participants may also invest in mutual funds offered in the open market.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2017 and 2016

Note 1 - Plan description, continued

G. Payment of benefits

Plan benefits are available at retirement, death, total disability, financial hardship, and termination of employment. Benefits are paid as a lump sum or periodic distribution. The Plan also allows for in-service distributions upon attaining age 59 1/2.

H. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at the market rate as determined at the time of the loan by the plan administrator. Principal and interest is paid ratably through biweekly or semi-monthly payroll deductions.

Note 2 - Significant accounting policies

A. Accounting method

The Plan's financial statements are prepared on the accrual basis of accounting.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Payment of benefits

Benefits are recorded when paid.

D. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2017 and 2016

Note 2 - Significant accounting policies, continued

E. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are reclassified as benefits paid to participants based on the terms of the Plan document.

F. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 11, 2018, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund.

Note 3 - Fair value measurements, continued

Money market fund: Valued at the quoted daily closing price as reported by the fund.

Common trust fund: Valued at the net asset value (NAV) of shares held by the Plan. The NAV is used as a practical expedient to estimate fair value.

Participant-directed brokerage accounts: Primarily composed of mutual funds. Valued at the daily closing price as reported by the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017			<u>Total</u>

*Certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2017 and 2016

Note 3 - Fair value measurements, continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment</u>	<u>Fair Value at December 31,</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>

Fidelity Managed Income Portfolio	\$ 123,428	\$ 76,105	N/A	Daily	12 Months

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5 - Tax status

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a letter from the IRS dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Information certified by trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- The investments, notes receivable from participants, and cash held as shown in the Statements of Net Assets Available for Benefits.
- The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplemental schedule.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2017 and 2016

Note 7 - Party-in-interest transactions

Substantially all administrative expenses relating to the Plan are paid by the Company.

Certain plan investments are shares of mutual funds, a money market fund and a common trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Administrative expenses paid by the Plan to the trustee amounted to \$3,881 for the year ended December 31, 2017.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of information per the accompanying financial statements to the Form 5500:

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2017 and 2016

Note 1 - Plan description

The following description of the Corenso 401(k) and Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all employees of Corenso North America Corp. (Company or Employer). The Company's workforce consists of members of several collective bargaining units and non-collectively bargained employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions

Participants are able to contribute pretax and Roth elective deferrals to the Plan. The combined pretax and Roth elective deferrals are limited to 60% of compensation subject to the annual Internal Revenue Service limit. The Company contributes an amount equal to 5% of eligible compensation to participants of the OPEIU, IAM and UAJ collective bargaining units and non-collectively bargained participants. The Company contributes an amount equal to 6% of eligible compensation to participants of the IBEW collective bargaining unit. The Company contributes \$1.25 per hour to participants of the USW collective bargaining unit. The Company matches 25% of participant's contributions up to 5% to participants of the USW collective bargaining unit. The Company matches 25% of participant's contributions up to 6% to the non-collectively bargained participants as well as the participants of the IAM, OPEIU, UAJ and IBEW collective bargaining units.

C. Transfers from qualified plans (rollovers)

At the discretion of the Plan Administrator, participants may be permitted to deposit distributions received from other plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation, hours or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are 100% vested upon entering the Plan.

F. Participant-directed investments

Plan participants may select from various investment options offered by the Plan. Plan participants may also invest in mutual funds offered in the open market.

NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2017 and 2016

Note 1 - Plan description, continued

G. Payment of benefits

Plan benefits are available at retirement, death, total disability, financial hardship, and termination of employment. Benefits are paid as a lump sum or periodic distribution. The Plan also allows for in-service distributions upon attaining age 59 1/2.

H. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at the market rate as determined at the time of the loan by the plan administrator. Principal and interest is paid ratably through biweekly or semi-monthly payroll deductions.

Note 2 - Significant accounting policies

A. Accounting method

The Plan's financial statements are prepared on the accrual basis of accounting.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Payment of benefits

Benefits are recorded when paid.

D. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2017 and 2016

Note 2 - Significant accounting policies, continued

E. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are reclassified as benefits paid to participants based on the terms of the Plan document.

F. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 11, 2018, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund.

Note 3 - Fair value measurements, continued

Money market fund: Valued at the quoted daily closing price as reported by the fund.

Common trust fund: Valued at the net asset value (NAV) of shares held by the Plan. The NAV is used as a practical expedient to estimate fair value.

Participant-directed brokerage accounts: Primarily composed of mutual funds. Valued at the daily closing price as reported by the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017			<u>Total</u>

*Certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 3 - Fair value measurements, continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment</u>	<u>Fair Value at December 31,</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>

Fidelity Managed Income Portfolio	\$ 123,428	\$ 76,105	N/A	Daily	12 Months

Note 4 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5 - Tax status

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a letter from the IRS dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Information certified by trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- The investments, notes receivable from participants, and cash held as shown in the Statements of Net Assets Available for Benefits.
- The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplemental schedule.

CORENSO 401(K) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED December 31, 2017 and 2016

Note 7 - Party-in-interest transactions

Substantially all administrative expenses relating to the Plan are paid by the Company.

Certain plan investments are shares of mutual funds, a money market fund and a common trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Administrative expenses paid by the Plan to the trustee amounted to \$3,881 for the year ended December 31, 2017.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of information per the accompanying financial statements to the Form 5500:
