Report of Independent Auditors

To the Administrator of
The Charles River Laboratories, Inc. Savings/Plus Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Charles River Laboratories, Inc. Savings/Plus Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of The Charles River Laboratories, Inc. Savings/Plus Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and is funded through employee salary reduction contributions matched in part by supplemental employer contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participation

All regular and temporary employees of Charles River Laboratories, Inc. (the “Company”) are eligible to participate on the first day of the month following their date of hire, provided they are at least eighteen years of age. Upon satisfying these requirements, the employee will become eligible to participate in the Plan.

Administration

The Plan is administered by a committee appointed by the Company’s Board of Directors (the “Plan Administrator”). The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”). The recordkeeper is Fidelity Workplace Services LLC. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

Contributions

Each year, participants may contribute up to 60% of pre-tax eligible compensation or, for the 2017 Plan year, \$18,000, as defined by the Plan. Additionally, participants age 50 and older can contribute up to \$6,000 in catch-up contributions for the 2017 Plan year. The Company matches 100% of the first 3% of eligible compensation (regular earnings, overtime, commissions and paid leave) and then 50% of the next 2% of eligible compensation contributions. The Plan has an automatic enrollment feature whereby new employees are automatically enrolled at a 3% deferral contribution, commencing generally six weeks after start of employment. Investment elections are defaulted to the age appropriate life cycle fund, which may be adjusted by the participant at any time. Participants may adjust their deferral percentage or opt out of the Plan by contacting the Trustee.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participant investments are self-directed across approved investments options, which have been selected by the Plan Administrator in accordance with the plan agreement.

Payment of Benefits

Upon termination of services, a participant whose vested account balance is less than \$5,000, cannot postpone distribution. In this case, the Plan Administrator will direct the Trustee that any amount exceeding \$1,000 be distributed to an Individual Retirement Account (IRA) or Annuity for the participant’s benefit. If the vested account balance is less than \$1,000 the Plan Administrator will direct the Trustee to distribute it to the participant as a lump sum distribution without the participant’s consent. If the vested account is greater than \$5,000 the participant may electronically process a distribution through the third party administrator’s online portal or by contacting the third party administrator directly. The participant may also elect to leave the balance with the Plan in which case the Plan Administrator will direct the Trustee to begin participant disbursements no later than April 1 of the calendar year following the calendar year in which the participant turns 70 1/2.

Transfer In

On April 4, 2016 and September 28, 2016, the Plan Sponsor acquired WIL Research (WIL) and Agilux Laboratories, Inc. (Agilux), respectively. Employees were eligible to participate in the Plan as of April 1, 2017 for former WIL employees and October 1, 2016 for former Agilux employees. Prior to being acquired by the Plan Sponsor, each of the acquired companies had qualified defined contribution plans. The WIL and Agilux defined contribution plans were merged into the Plan as of May 1, 2017 with assets and participants from each plan amounting to \$45.5 million and \$3.1 million in assets, respectively, as well as 842 and 142 participants, respectively.

Notes Receivable from Participants

Loans from the Plan are limited to a minimum amount of \$1,000 and a maximum amount equal to the lesser of one-half of the participant’s vested account balance, determined as of the valuation date immediately preceding the date of the loan, or \$50,000, less the excess of the highest outstanding loan balance for the prior twelve-month period over the loan balance of the participant on the date on which the loan is made. No participant is eligible for more than one loan at a time or more than one loan each Plan year. Loans shall bear a reasonable rate of interest as determined by the Plan Administrator. The minimum interest rate charged to participants for the fiscal years ended December 31, 2017 and 2016 was equal to the prime rate plus 1%. The prime rate as of December 31, 2017 and 2016 was 4.50% and 3.75%, respectively. Loans outstanding bore interest rates

**The Charles River Laboratories, Inc. Savings/Plus Plan
Notes to Financial Statements**

from 4.25% to 6.00% as of December 31, 2017. In addition, employees are charged a \$75 set-up fee for taking out a loan plus an annual \$25 maintenance fee (\$6.25 quarterly).

Each loan is secured by the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Subsequent to May 5, 2008, all Company contributions are vested immediately. Certain contributions from predecessor employers are subject to cliff vesting as more fully described in the plan agreement.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Forfeited Accounts

As of December 31, 2017 and 2016, there were no amounts allocated to participants who have elected to withdraw from the Plan, but to whom disbursement of funds has not been made. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$718 and \$15,213, respectively. During the years ended December 31, 2017 and 2016, \$14,495 and \$15,427, respectively, of forfeited account balances were used to reduce employer contributions.

Plan Expenses

Participant loan fees associated with notes receivable from participants are charged to the participant receiving the loan. Investment fees paid by the Plan are allocated to participant accounts and included as a component of net appreciation in fair value of investments. All other plan administration expenses are paid by the Company or by the Plan, at the discretion of the Plan Administrator. Plan administration expenses paid by the Company are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2017-06, "Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965); Employee Benefit Plan Master Trust Reporting." Among other things, the amendments require a plan's interest in a master trust and any change in that interest to be presented in separate line items in the statements of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendments also remove the requirement to disclose the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments. The amendments require all plans to disclose: (a) their master trust's other asset and liability balances; and (b) the dollar amount of the plan's interest in each of those balances. Lastly, the amendments eliminate redundant investment disclosures (e.g., those required by Topics 815 and 820) relating to 401(h) account assets. This ASU is effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. The amendments should be applied retrospectively to each period for which financial statements are presented. The Plan is in the process of determining the effect of adopting this standard on the Plan's financial statements.

Investment Valuation and Income Recognition

Shares of mutual funds are valued at quoted market prices, which represent net asset value at year end. The Plan's interest in common collective trusts are valued at the net asset value of units held by the Plan at year end as reported by the Trustee. The common collective trust units are not traded on a securities exchange but are redeemable only by the issuer. Purchases and sales of investments are recorded on a trade date basis. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Risk and Uncertainties

The Plan provides for any combination of numerous investment options. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the value of investments in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

3. Fair Value Measurements

The accounting standard for fair value measurements defines fair value, establishes a framework for measuring fair value in accordance with U.S. GAAP, and requires certain disclosures about fair value measurements. Under this standard, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan has certain financial assets and liabilities recorded at fair value, which have been classified as Level 1, 2 or 3 within the fair value hierarchy:

- Level 1 - Fair values are determined utilizing prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access,
- Level 2 - Fair values are determined by utilizing quoted prices for identical or similar assets and liabilities in active markets or other market observable inputs such as interest rates, yield curves, and foreign currency spot rates,
- Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Valuation Techniques

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In periods of market inactivity, the observability of prices and inputs may be reduced for certain instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3. Transfers between fair value hierarchy levels, if any, are recognized at the end of the period. There were no transfers between levels of the fair value hierarchy during the year.

Descriptions of the valuation methodologies used for assets measured at fair value are as follows. There have been no change to the methodologies used at December 31, 2017 and 2016.

- Registered investment companies - Valued at the unadjusted quoted net asset value of shares held by the Plan at year end.
- Collective trust - Valued at net unit value which is based on the market value of underlying investments held by the fund less its liabilities. The net unit value, as provided by the Trustee, is used as a practical expedient to estimate fair value. Participant transactions may occur daily. In unusual market conditions, in accordance with the governing documents of the collective trust, the trustee of the underlying trust may impose restrictions on the redemption of units.

Notes to Financial Statements

Assets measured at fair value are summarized below:

Fair Value Measurements at December 31, 2017				
Assets	Level 1	Level 2	Level 3	Assets at Fair Value
Registered investment companies				
Mutual funds	\$ 144,880,188	\$ —	\$ —	\$ 144,880,188
Money market funds	8,306	—	—	8,306
Total registered investment companies	144,888,494	—	—	144,888,494
Collective trusts (a)	—	—	—	221,119,500
Investments, at fair value	\$ 144,888,494	\$ —	\$ —	\$ 366,007,994

Fair Value Measurements at December 31, 2016				
Assets	Level 1	Level 2	Level 3	Assets at Fair Value
Registered investment companies				
Mutual funds	\$ 104,090,871	\$ —	\$ —	\$ 104,090,871
Total registered investment companies	104,090,871	—	—	104,090,871
Collective trusts (a)	—	—	—	152,533,045
Investments, at fair value	\$ 104,090,871	\$ —	\$ —	\$ 256,623,916

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair value measurements of the investments in certain entities that calculate net asset value per share are summarized below:

December 31, 2017					
Assets	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Trade to Settlement Terms	Redemption Notice Period
American Century collective trusts (b)	\$ 221,119,500	—	daily	1 to 3 days	N/A

December 31, 2016					
Assets	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Trade to Settlement Terms	Redemption Notice Period
American Century collective trusts (b)	\$ 150,283,119	—	daily	1 to 3 days	N/A
Stable value collective trust (c)	2,249,926	—	daily	1 to 3 days	N/A
Total	\$ 152,533,045				

(b) The American Century target date portfolios seek the highest total return consistent with its asset mix. Over time, the asset mix and weightings are adjusted to be more conservative. In general, as the target year approaches, the portfolio's allocation becomes more conservative by decreasing the allocation to stocks and increasing the allocation to bonds and money market instruments.

(c) Fidelity Managed Income Portfolio is a stable value collective trust whose objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Plan level liquidations require notice and may result in the Plan's investment in the stable value collective trust being placed into an investment only account for up to 12 months.

4. Fully Benefit-Responsive Investment Contract

The Prudential Guaranteed Income Fund (“GIF”) is a group annuity insurance contract issued by Prudential Retirement Insurance and Annuity Company (“PRIAC”) and is backed by the full faith and creditworthiness of the issuer.

Under the group annuity insurance contract that supports this GIF, participants may direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed rates, less withdrawals and fees.

The GIF is a traditional guaranteed investment contract (“GIC”) and deemed to be fully benefit-responsive. Since the GIF is fully benefit-responsive, contract value is the relevant measurement. Contract value, as reported by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid with 90 days notice or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid either with 90 days notice or over time.

Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest rate is applied to all contributions made to the GIF regardless of the timing of those contributions. Interest rates are reviewed on a semi-annual basis for resetting. The minimum interest rate under the contract is 1.80%.

5. Financial Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the Plan Administrator that the following information is complete and accurate as of December 31, 2017 and 2016 and for the year ended December 31, 2017. The following information has been relied on by the Plan Administrator in preparation of the Plan’s financial statements, notes, and related supplemental schedule in accordance with ERISA:

- (a) the cost, fair value and contract value of investment balances and notes receivable from participants, by fund and in the aggregate;
- (b) net appreciation (depreciation) in fair value and contract value of investments by fund and in the aggregate;
- (c) investment income, including interest and dividends received or accrued, by fund and in the aggregate;
- (d) interest income on notes receivable from participants;
- (e) all investment purchase and sales activity; and
- (f) identity of issue, borrower, lessor or similar party, description of investment, shares/units, investment cost and investment current value as presented in the accompanying Schedule of Assets (Held at End of Year).

6. Related Party and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies and collective trusts managed by FMR Corp., an affiliate of the Trustee, and are considered party-in-interest transactions. Such investments represent 10% of net assets available for benefits as of December 31, 2017 and 2016. Notes receivable from participants qualify as party-in-interest transactions and represent 2% of net assets available for benefits as of December 31, 2017 and 2016.

The Company, in its role as the Plan Sponsor and the Plan Administrator are considered related parties. As described in Note 1, the Plan or Company paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

7. Other Revenue

The Plan has a revenue credit agreement with the Trustee, whereby excess revenue, exceeding agreed-upon compensation, received by the Trustee from sponsors of certain Plan investment options is paid to the Plan. The credit is invested in the GIF that earns interest. The revenue payments also qualify as party-in-interest transactions. For the year ended December 31, 2017, \$147,566 of this credit was used to pay for service provider expenses incurred by the Plan. The remaining unallocated credit balance of \$224,479 in the account as of December 31, 2017 is included within the investments, at the fair value line item on the statements of net assets available for benefits.

8. Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 5, 2001, as updated on March 31, 2008 and March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving its determination letter. The Plan Administrator

The Charles River Laboratories, Inc. Savings/Plus Plan
Notes to Financial Statements

and the Plan's tax counsel believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

9. Form 5500 Reconciliation

The following is a reconciliation of the statements of net assets available for benefits at December 31, 2017 and 2016 to net assets per the Form 5500:

	December 31, 2017	December 31, 2016
Net assets available for benefits	\$ 388,085,521	\$ 274,200,145
Adjustment from fair value to contract value for the collective trust	—	5,537
Deemed distributions of participants loans (a)	(17,071)	(16,795)
Net assets per the Form 5500	<u>\$ 388,068,450</u>	<u>\$ 274,188,887</u>

(a) In the financial statements of the Plan, delinquent loans remain as assets of the Plan. However, for the Form 5500 reporting purposes, delinquent loans are removed from plan assets and reported as benefits paid to participants. Participant loan balances in previous years are applied against the current year's distribution balance if the participant distributes or terminates from the Plan in the current year.

The following is a reconciliation of the increase in net assets available for benefits per the statement of changes in net assets available for benefits for the year ended December 31, 2017 and 2016, to net income per the Form 5500:

	December 31, 2017	December 31, 2016
Net increase prior to transfers from other qualified plans	\$ 65,313,665	\$ 24,500,011
Conversion account assets (b)	9,823	—
Changes in the adjustment from fair value to contract value for the collective trust	(5,537)	(7,824)
Changes in the deemed distributions of participants loans (c)	(276)	(1,154)
Net income per the Form 5500	<u>\$ 65,317,675</u>	<u>\$ 24,491,033</u>

(b) The conversion account is a temporary holding account for use when the Plan is converting assets and records to Fidelity from another recordkeeper. The activity in this account is kept on a trust level and is not reflected in the operations of the Plan but included in the Plan's assets.

(c) In the financial statements of the Plan, delinquent loans remain as assets of the Plan. However, for the Form 5500 reporting purposes, delinquent loans are removed from plan assets and reported as benefits paid to participants. Participant loan balances in previous years are applied against the current year's distribution balance if the participant distributes or terminates from the Plan in the current year.

10. Subsequent Event

The Company evaluated subsequent events through October 11, 2018, the date these financial statements were available to be issued.

On April 3, 2018, the Company acquired MPI Research. Employees of MPI Research are eligible to participate in the Plan as of January 1, 2019. Prior to being acquired by the Company, MPI Research had a qualified defined contribution plan. The MPI Research defined contribution plan will merge into the Plan as of January 2, 2019.
