Note 1 – Description of Plan

The Chauvet & Sons, Inc. 401(k) Profit Sharing Plan (the "Plan") is sponsored by Chauvet & Sons, LLC (the "Sponsor"), effective July 1, 2005, and is maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The following is a brief description of the Plan and is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available to all participants upon request.

Effective March 2017, the Plan was amended changing the Plan Sponsor name to Chauvet & Sonc, LLC.

Plan Administration

Under the terms of the Plan, the Sponsor acts as the Plan Administrator. The Sponsor has contracted with John Hancock Life Insurance Company (U.S.A.) to serve as the Custodian, John Hancock Retirement Services ("John Hancock RS"), the record-keeper and National Retirement Services, Inc. as the third party administrator ("TPA") of the Plan.

Eligibility

An employee of the Sponsor is eligible for participation in the Plan if they have attained 21 years of age and completed three (3) months of service. The entry date for the Plan is the first day of the month coinciding with or the month following the date on which an employee meets the eligibility requirements.

Plan participants are eligible for sponsor discretionary matching and profit sharing contributions upon completion of one (1) year of service and attaining age 21. For profit sharing contributions, participants must be employed on the last day of the year.

Contributions

Each year, a participant may defer up to 100% of total compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC"). The maximum pre-tax contribution for the years ended December 31, 2017 and 2016 was $18,000, respectively. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions for the years ended December 31, 2017 and 2016 of $6,000, respectively. A participant may change his or her contribution at any time during the year.

Roth deferrals are permitted under the terms of the Plan.

The Plan allows for automatic enrollment for new employees once they have met the Plan's eligibility requirements. Participants are automatically enrolled at a deferral rate of two percent (2%).

The Sponsor will contribute discretionary matching contributions. During 2017 and 2016, each participant received a discretionary matching contribution equal to 100% of the participant's salary deferrals up to 3% of the participant eligible compensation.

Note 1 – Description of Plan, continued

Contributions, continued

The Sponsor also may contribute discretionary profit sharing contributions. Contributions to the Plan under the profit sharing provisions are made at the discretion of the Sponsor from the Sponsor's current or accumulated profits. Annual profit sharing contributions cannot exceed 15% of the aggregate earnings of all participants during the year or exceed maximum amounts deductible by the Sponsor under the IRC. Profit sharing contributions and forfeitures are proportionately allocated to each participant's account based upon integration levels and on the relationship of each participant's compensation to the total compensation of all participants for such year. There was no profit sharing contribution in 2017.

Rollovers

The Plan accepts rollover contributions from eligible retirement plans.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's discretionary and profit sharing contributions and the Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferrals and rollover contributions when made, plus actual earnings (loss) thereon. Vesting in the Sponsor's discretionary and profit sharing contribution plus actual earnings thereon are vested based on years of service.

A year of service is earned in each fiscal plan year in which an employee completes at least 1,000 hours of service under the following vesting terms:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% vested after six years of credited service, if while employed, attains the age sixty-five (65) or higher, dies or becomes disabled.

Investment Options

The Plan currently offers various mutual funds held in pooled separate accounts as investment options through a group annuity contract. Upon enrollment in the Plan, a participant may direct employee and Sponsor contributions in any of the investment options offered by the Plan. Participants have online access to their accounts and may change their investment options at any time.

Note 1 – Description of Plan, continued

Notes Receivable from Participants

Participants may borrow a minimum loan amount of $1,000 up to a maximum loan amount of the lesser of $50,000 or 50% of the participant's vested account balance in their contributions and discretionary Sponsor contributions. The loan term must not exceed five (5) years, except for a home loan for which the term is determined by the Plan Administrator in a non-discriminatory manner.

The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent (2%), which was 6.50% and 5.75% as of December 31, 2017 and 2016, respectively. All loans must have a definite repayment period for the loan to be amortized on a level basis over a reasonable period of time not to exceed five (5) years. If the loan is for the purchase of your primary residence, the term may be longer. Principal and interest are repaid through payroll deductions.

Payment of Benefits

Participants may elect to receive lump-sum or installment distributions. Participants are eligible for distribution upon termination, age 65, disability, death, or attainment of age 59½. The Plan also allows for hardship distributions based on proven financial need, as defined by the IRC. The Plan automatically distributes participant accounts with balances less than $5,000 upon termination of employment. If the participant's account balance is between $1,000 and $5,000, the distribution will be made to an Individual Retirement Account ("IRA") account.

Administrative Expenses

Investment transaction costs and certain other costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets, and are presented as administrative expenses in the accompanying statement of changes in net assets available for plan benefits. The Sponsor has elected for the Plan to pay the audit fees incurred by the Plan. Administrative expenses were $6,378 for the year ended December 31, 2017. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts

Forfeited non-allocated balances of terminated participants' accounts may be used to pay the Plan's expenses, or reduce sponsor contributions. During 2017, $11,910 of forfeitures were used to pay Plan expenses and reduce employer matching contributions. As of December 31, 2017 and 2016, the balance of the non-vested forfeited account was $4,372 and $9,121, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimated.

Note 2 – Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

Investment contracts held by a defined–contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, which are then reinvested in the pooled separate account. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through October 10, 2018, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance pursuant to 29 CFR 2520.103-5 and 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investment and notes receivable from participants reported in the accompanying statements of net assets available for plan benefits as of December 31, 2017 and 2016, the schedule of assets (held at end of year) at December 31, 2017, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2017.

Note 4 – Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2017 and 2016.

Pooled Separate Accounts: The Plan held investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The underlying securities in pooled separate accounts, except for the stable value fund, are all listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, splits and administrative maintenance charges and other items) as reported by the insurance company denotes readily determinable fair value.

Included in pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The Plan has concluded that the net asset value as adjusted and reported by the insurance company denotes readily determinable fair value.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	As of December 31, 2017			
	Fair Value	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 3,796,019	$ 3,796,019	$ -	$ -

	As of December 31, 2016			
	Fair Value	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 2,712,816	$ 2,712,816	$ -	$ -

Note 5 – Related Party and Party-in-Interest Transactions

Certain Plan investments are held in pooled separate accounts managed by John Hancock. John Hancock provides services to the Plan as the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions according to the DOL guidelines. However, these transactions are exempt from the prohibited transaction rules under ERISA. Administrative fees amounted to $6,378 and $8,155 for the years ended December 31, 2017 and 2016, respectively. The Sponsor pays directly any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan as of December 31, 2017 and 2016. These loans are considered party-in-interest transactions according to the DOL guidelines. Total notes receivable from participants as of December 31, 2017 and 2016 were $233,603 and $174,871, respectively.

Note 6 – Income Tax Status

The Plan is a Volume Submitter Profit Sharing Plan sponsored by Sunguard Corbel, LLC ("Sunguard"). Sunguard received an opinion letter from the IRS dated March 8, 2008 stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Sponsor discretionary and profit sharing contributions and its related earnings.
