Independent Auditor's Report

To the Trustees and Plan Administrator of the Intergulf Corporation 401(k) Profit Sharing Plan and Participants:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Intergulf Corporation 401(k) Profit Sharing Plan which comprises the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company (collectively the "Custodian") except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
Intergulf Corporation 401(k) Profit Sharing Plan
December 31, 2017 and 2016

Note A – Description of the plan

The following brief description of the Intergulf Corporation 401(k) Profit Sharing Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Intergulf Corporation (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and discretionary nonelective contributions by the Company. Employees are eligible to participate in the Plan after completion of six (6) months of service and the attainment of age twenty-one (21). An employee's entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied. The Plan, which commenced effective January 1, 1998 and was amended and restated effective January 1, 2016, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company (collectively the "Custodian") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan amendments

Effective January 1, 2016, the plan was amended to suspend employer safe harbor contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their eligible compensation at each pay period up to the maximum amount allowed for deferral under the Internal Revenue Code ("IRC"). The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made. The Plan will automatically increase elective contributions by 1% each plan year until the deferral rate reaches the plan-specified maximum of 6%.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

Employer contributions

The Company may, at its discretion, make nonelective contributions in amounts determined by the Company. Eligible participants employed on the last day of the Plan year and have received credit for at least 1,000 hours of service during the plan year share in any discretionary nonelective contributions. Nonelective contributions are allocated to eligible participants based upon the percentage of the participant's age and compensation relative to all eligible participants. No discretionary nonelective contributions were made during the years ended December 31, 2017 and 2016.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds), a self-directed brokerage account, common investment trust funds and a group annuity contract. Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary nonelective contributions and earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company discretionary nonelective contributions and earnings is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures will be used to reduce any employer contribution to the Plan. Forfeited non-vested accounts amounted to $4,513 and $4,464 at December 31, 2017 and 2016, respectively. During 2017 and 2016, the Company applied $0 and $1,250 from the forfeiture balance to pay administrative expenses or reduce employer contributions, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. The maximum of $50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous twelve-month period. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.25% which is consistent with local prevailing rates at the time the loans were initiated as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to fifteen (15) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution upon severance of employment until a later date unless their account balance is $1,000 or less. All participants with account balances of less than $1,000 receive mandatory lump sum distributions upon termination.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need. In accordance with Internal Revenue Service ("IRS") regulations, participants must exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal. Employee contributions to the Plan will be suspended for six (6) months after the receipt of the hardship distribution.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Certain expenses such as advisory, audit and tax return preparation are paid by the Company. Administrative expenses totaled $56,652 and $54,609 for the years ended December 31, 2017 and 2016, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"* except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 962, *Plan Accounting – Defined Contribution Pension Plans* (ASC 962), ASU 2015-12, fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the Plan accounts for its fully-benefit responsive investment in Great-West Life & Annuity Insurance Company's Key Guaranteed Portfolio Fund, a group annuity contract, in accordance with FASB ASC Topic No. 962.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2017, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in shares of registered investment companies (mutual funds), a self-directed brokerage account, common investment trust funds and a group annuity contract. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect

participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2017 and 2016, the Plan's investments were held by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company (collectively the "Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2017	12/31/2016
Mutual funds	$ 1,868,541	$ 1,663,564
Self-directed brokerage account	122,759	582,662
Common investment trust	4,565,258	4,077,382
Group annuity contract	128,565	180,818
Total investments	**$ 6,685,123**	**$ 6,504,426**

During 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	12/31/2017
Mutual funds	$ 275,159
Common investment trust	640,625
	$ 915,784

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds): Valued at the daily closing price reported on the active market on which the fund is traded.

Self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment trust: Valued at net asset value ("NAV"), as a practical expedient to measure fair value, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The underlying investments within the collective investment trust are mutual funds. The strategies of the collective investment trust include investing in mutual funds designed for varying retirement dates. These accounts provide for immediate redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 1,991,300	$ -	$ -	$ 1,991,300
	$ 1,991,300	**$ -**	**$ -**	**$ 1,991,300**
Investments measured at net asset value [(a)]				4,565,258
				$ 6,556,558

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 2,246,226	$ -	$ -	$ 2,246,226
	$ 2,246,226	**$ -**	**$ -**	**$ 2,246,226**
Investments measured at net asset value [(a)]				4,077,382
				$ 6,323,608

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E - Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is included in the financial statements at contract value as reported by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

Note F – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds), collective investment trust funds and a group annuity issued managed by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company except for the self-directed brokerage account which is held by TD Ameritrade. The brokerage account consists primarily of common stock and short-term investments. Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company (collectively the "Custodian") has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by Great-West Trust Company LLC, Great-West Life & Annuity Insurance Company and TD Ameritrade qualifies as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions also qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note G - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note H - Tax status

The underlying prototype nonstandard profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype nonstandard profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within three (3) days during the 2016 plan year. Any contributions and loan repayments remitted to the plan greater than three (3) days in 2016 was considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2016 plan year. Late remittances amount to $273,921 in 2016. The Company is currently in process of making appropriate filings in accordance with the DOL's Voluntary Fiduciary Corrective Program and estimating the amount of corrective payments due to the plan and believes the amount will be immaterial. Costs incurred for penalties and interest will be borne by the sponsor of the Plan.

The Plan Sponsor believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2017 and 2016:

	12/31/2017	12/31/2016
