Multi-Plastics, Inc.
Savings and Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Multi-Plastics, Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1985 by Multi-Plastics, Inc. (the Company and/or Plan Sponsor) as a 401(k) defined contribution plan covering all non-union employees who have attained age 18 and completed ninety days of service by the first day of the Plan year (January 1) or the first day of the seventh month following (July 1). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 100% of their pretax annual compensation as defined by the Plan not to exceed the limits imposed by the Internal Revenue Service (IRS). The Plan Sponsor will match a certain percentage of the participant's contribution as determined by the Plan Sponsor's Board of Trustees. For the plan years ended December 31, 2017 and 2016, the Plan Sponsor elected to match 50% of participant contributions up to 12% of eligible compensation.

At its discretion, the Plan Sponsor may also make additional discretionary contributions to the Plan each year. Participants covered by the Plan and either employed on the last day of the Plan year with 500 hours of service credited during the Plan year, or not employed as a result of death, disability, or retirement may be allocated a portion of the Plan Sponsor's discretionary contribution to the Plan. Allocations are based on each participant's annual compensation as a percentage of total eligible participant compensation. During 2017 and 2016, the Plan Sponsor did not make any discretionary contributions in addition to the employer match.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Multi-Plastics, Inc.
Savings and Retirement Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service as defined in the Plan document and represented by the following table:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Loan provisions

The Plan allows participants to borrow from their fund account balances. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, as determined by the plan administrator, the day the loan is issued. Principal and interest is paid ratably through payroll deductions. Loan terms shall not exceed five years, unless the loan was used to acquire a principal residence. Participant accounts are assessed an initial administration fee for the issuance of a loan and are assessed a quarterly fee for as long as the loan is outstanding. Loan administration fees paid to Aspire Financial Services (Aspire) through charges to participants' accounts for 2017 and 2016 was \$1,923 and \$1,605, respectively.

Financial hardship withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

Payment of benefits

Benefits are recorded when paid. The participant's entire account balance becomes payable upon death, disability, or retirement in the form of a lump sum distribution or an annuity. Normal retirement is age 65; early retirement is not permitted. In service withdrawals are permitted for participants who have reached age 59½.

For termination of service due to other reasons, a participant may receive the value of the vested interest of his or her account as a lump sum distribution or in the form of an annuity.

Forfeitures

Forfeitures arising from balances of terminated participants with less than fully vested interests in the Plan are applied to reduce employer contributions after the occurrence of a one-year break in service. As of December 31, 2017 and 2016, forfeited amounts available to reduce employer contributions totaled \$25,937 and \$4,006, respectively. For the Plan year ended December 31, 2017, no forfeited nonvested accounts were applied to reduce employer contributions and for the Plan

Multi-Plastics, Inc.
Savings and Retirement Plan
Notes to Financial Statements

year ended December 31, 2016, \$12,234 of the forfeited nonvested accounts was applied to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as declared.

Under the terms of the agreement between the custodian of the Plan and the Plan, the custodian manages the funds on behalf of the Plan. Plan participants may select how their accounts are invested in the various investments offered by the custodian. The value of the accumulated shares for each investment varies daily and reflects investment results, including dividends and market value changes based on quoted market values, less an amount for expenses of the investment fund.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Administrative fees

The Plan paid administrative expenses of \$85,177 and \$108,854 to TD Ameritrade and Aspire for the Plan years ended December 31, 2017 and 2016, respectively. All other professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Reclassification

Certain 2016 amounts have been reclassified to conform to the 2017 financial statement presentation.

Multi-Plastics, Inc.
Savings and Retirement Plan

Notes to Financial Statements

Subsequent events

The Plan has evaluated events and transactions that occurred between January 1, 2018 and October 11, 2018 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, TD Ameritrade has certified as complete and accurate the following information at December 31, 2017 and 2016 including the comparable information in the accompanying supplemental Schedule of Assets (Held at End of Year):

<i>December 31,</i>	2017	2016
Cash, noninterest-bearing	\$ 50,988	\$ 29
Investments at fair value	22,310,160	18,488,638
<i>Year Ended December 31,</i>	2017	2016
Net appreciation in fair value of investments	\$ 2,906,057	\$ 883,399
Interest and dividends	324,719	365,631

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements* are described as follows.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Input to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relative observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2017 and 2016 held by TD Ameritrade.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,302,580	\$ -	\$ -	\$ 22,302,580
Cash, interest-bearing	7,580	-	-	7,580
Total assets at fair value	\$ 22,310,160	\$ -	\$ -	\$ 22,310,160

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,479,351	\$ -	\$ -	\$ 18,479,351

5. Plan Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in employer contributions credited to their accounts.

7. Income Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the tax authorities. The Plan Administrator and Board of Trustees have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Corrective Distributions

The Plan failed to pass the Average Deferral Percentage (ADP) Test and the Actual Contribution Percentage (ACP) Test for the Plan years ended December 31, 2017 and 2016.

The accompanying statements of net assets available for benefits include a liability of \$37,796 and \$6,820 at December 31, 2017 and 2016, respectively, related to the excess contributions payable to the participants. The Plan distributed these amounts to the participants within 2 ½ months after the respective plan year ends.

9. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Professional fees for the administration and audit of the Plan are paid by the Plan Sponsor on behalf of the Plan.

Notes to Financial Statements

As of December 31, 2017 and 2016, the Plan had assets in a TD Ameritrade money market account and thus TD Ameritrade is considered a party-in-interest.

10. Delinquent Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. As disclosed in the accompanying supplemental schedule, certain employee and employer contributions were not remitted to the Plan within the timeframe required by the Department of Labor (DOL) for the August 25, 2017 pay period. Delays in remitting contributions to the custodian were due to an administrative error.

As a result, contributions of \$6,848, loan repayments of \$895, and lost earnings of \$314 will be remitted to the Plan during the year ended December 31, 2018. There were no delinquent contributions for the Plan year ended December 31, 2016.
