Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the *401(k) Retirement and Savings Plan for the Associates of Atlas Industries, Inc.* (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedule

The December 31, 2017 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *401(k) Retirement and Savings Plan for the Associates of Atlas Industries, Inc.* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan was adopted by *Atlas Industries, Inc.* (the "Company") effective January 1, 1992, and is a defined contribution plan established under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers all employees of the Company who have completed one year of service and are not represented by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100% of their annual compensation, as defined in the Plan agreement on a pre-tax basis or, through a Roth contribution, on a post-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are allowed to make rollover contributions from other qualified retirement plans. The Plan agreement includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to contribute to the Plan. Automatically enrolled participants have their deferral rate set at 6% of pre-tax compensation and their contributions invested in the Principal LifeTime Pooled Separate Account lifecycle retirement fund which corresponds most closely with their normal retirement date. All automatically enrolled participants will be automatically increased each January by 1%, up to a maximum of 10%, unless otherwise elected.

The Plan provides for discretionary employer matching contributions equal to an approved percentage of the participants' deferral contributions up to 7% of each participant's compensation. The Company, at its discretion, may make profit sharing contributions. Employees are eligible for Company contributions if they are actively employed at December 31, or retired, became disabled, or died during the Plan year. There were no discretionary matching or profit sharing contributions made in 2017 or 2016. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts, a stable value common collective trust and a guaranteed interest insurance company investment contract as investment options for participants, under a group annuity contract offered by Principal Life Insurance Company ("Principal"), the custodian of the Plan's assets. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions (when made), and allocations of profit sharing contributions (when made), and is charged with administrative expenses based on specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions and rollover accounts plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions is based on years of continuous service. A participant becomes 100% vested upon death, disability, completion of three years of credited service, or upon reaching early retirement age (55 years of age) as an active participant.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of (1) \$50,000 reduced by the highest outstanding balance of the participant's notes receivable from the Plan during the one-year period ending the day before such loan is made, or (2) 50% of the participant's vested balances under the Plan reduced by any outstanding balance of the participant's notes receivable. The terms of the notes may not exceed five years unless they are used to acquire the participant's principal residence. All notes receivable bear interest at a rate commensurate with local prevailing rates, currently 5.25% to 6.25%, and principal and interest are paid ratably through payroll deductions. Participants can be approved for up to five loans in any 12-month period, but may only have up to three notes receivable outstanding (two effective January 1, 2018) at any time.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annuity payments resulting from the purchase of an annuity contract, as defined by the Plan agreement. If a participant's vested balance is \$1,000 or less, payment will be made in a lump-sum without the participant's consent. If the balance is between \$1,000 and \$5,000 it will be rolled directly into an individual retirement account. Four in-service withdrawals of vested balances per 12-month period may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals from all vested accounts in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

Upon termination of employment, a participant's nonvested portion of Company contributions and related earnings or losses is forfeited immediately to the extent a distribution of vested benefits is made to the participant. All other forfeitures occur when a participant sustains a five-year break in service. If the participant resumes employment within five years following the date on which termination occurs, and repays to the Plan the full amount of any distribution, the participant's account will be restored to its balance on the date of distribution.

Forfeited nonvested accounts are used first to pay Plan expenses then to reduce future employer cash contributions. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$4,016 and \$4,309, respectively. No forfeitures were used to pay Plan expenses or reduce employer cash contributions in 2017 or 2016.

Administrative Expenses

The Plan's administrative expenses, including audit and legal fees and salaries related to the administration of the Plan, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to benefit payments.

Plan Trustee

Brandon Clark, shareholder and officer of the Company, is the Plan trustee.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor or custodian. See Note 3 for discussion of fair value measurements.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from their compensation. Employer discretionary contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2017, the most recent statement of net assets available for benefits presented herein, through September 26, 2018, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, (2) the December 31, 2017 schedule of assets (held at end of year), (3) the changes in fair value of the Plan's Level 3 asset in Note 3, and (4) the related investment activity reflected in the statements of changes in net assets available for benefits during 2017 and 2016.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each asset or liability is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: These investments are valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by the insurance company and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment contract with insurance company: This investment is reported at fair value as determined by Principal and is classified at Level 3. Fair value is the amount participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The value is based on significant unobservable inputs.

The investment contract consists of investments in a guaranteed interest account, backed by the general account of Principal. No investments in Principal's general account are attributable to a particular plan, nor do plans have any undivided ownership interest in these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2017	Level 1	Level 2	Level 3	Other (1)	Total

(1) Certain investments are measured at NAV per share (or its equivalent) on a market that is not active and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 asset for the years ended December 31:

	Investment Contract with Insurance Company	
	2017	2016
Balance, beginning of year	\$ 1,204,763	\$ 1,739,830
Purchases	5	23,875
Sales	(264,597)	(590,547)
Net appreciation in fair value included in changes in net assets available for benefits	2,976	14,853
Interest credited	11,205	16,752
Balance, end of year	\$ 954,352	\$ 1,204,763
The amount of net appreciation in fair value for the period relating to assets still held at the reporting date.	\$ 2,976	\$ 14,853

NOTES TO FINANCIAL STATEMENTS

The following tables set forth the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31:

2017				Weighted Average and/or Range of Significant Input Values
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	
Investment contract with insurance company	\$ 954,352	Market value adjustment	Composite Guaranteed Rate	0.35% - 1.89%
			Fair Market Rate on December 31, 2017	2.24% - 2.63%
2016				Weighted Average and/or Range of Significant Input Values
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	
Investment contract with insurance company	\$ 1,204,763	Market value adjustment	Composite Guaranteed Rate	0.35% - 2.17%
			Fair Market Rate on December 31, 2016	1.31% - 2.43%

In estimating fair value of the investments in Level 3, Plan management utilizes values provided by the custodian. In substantiating the reasonableness of the pricing data provided by the custodian, Plan management evaluates a variety of factors including review of methods and assumptions used by the custodian, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

The following tables set forth additional disclosures for the fair value measurement of investments that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2017			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 10,914,947	\$ -	Daily	Daily
Stable value common collective trust	1,071,160	-	Daily	12 months

Stable value common collective trust	723,286	-	Daily	12 months

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Principal. Principal is the custodian of the Plan's assets and, therefore, the Plan's investment transactions qualify as party-in-interest. Fees paid by the Plan for custodial and record keeping services amounted to \$8,282 in 2017 and \$12,399 in 2016. Fees paid by the Plan for investment management services are included as a reduction of net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

5. TAX STATUS

The Company's Board of Directors adopted the Principal Financial Group Prototype for Savings Plans document. The Plan document has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts in such a manner as the Company may determine.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

7. RISKS AND UNCERTAINTIES

The Plan invests in pooled separate accounts and a stable value common collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. The investment contract with insurance company is an obligation of the insurance company to repay the principal and interest guaranteed to the Plan. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of the Form 5500 at December 31:
