1. Description of the Plan

The following description of Rubenstein Law P.A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Rubenstein Law P.A. (the "Company") has adopted the Safe Harbor 401(k) plan.

General

The Plan is a defined contribution plan established on January 1, 2017, covering all eligible employees of Rubenstein Law P.A. The Plan covers all employees who have completed one year of service and are age twenty one or older, are not collectively bargained or leased employees, non-resident aliens or have been acquired in an acquisition or merger. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Sponsor.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Matching contributions are designated to employees eligible to participate in the Plan, are employed by the Company on the first day of each quarter and have 1,000 service hours. The Company contributes 100 percent of the first 3 percent, plus 50 percent of up to the next 2 percent of base compensation that a participant contributes to the Plan. As of December 31, 2017, the Company paid a matching contribution of $274,242 to eligible participants. Contributions are subject to certain IRS limitations.

Plan Administration

The Plan is administered by the Company. T. Rowe Price manages the investments of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in their voluntary salary reduction contributions, rollovers and actual earnings thereon, as well as on employer matching contributions. The Plan provides for vesting provisions in compliance with tax laws.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions. There were no loans issued in 2017.

Payment of Benefits

Payments of benefits by reason of death, termination of employment, disability or retirement are made in accordance with the Plan's provisions. Distributions are also permitted for reasons of proven financial hardship as outlined in the Plan document. Participant benefit payments may be subject to federal income tax. Terminated participants with the account balances less than $5,000 receive an automatic distribution in the form of cash out, unless election is made to roll over the distribution to another retirement plan such as individual retirement plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participants were allowed to invest in various mutual funds which were valued based on quoted prices in an active market of the particular mutual income fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees directly attributable to a particular participant are allocated to and paid from that participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to valuation methodology include

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in active markets,
- inputs other than quoted market prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017:

	Level 1	Total
Mutual funds	**$ 705,230**	**$ 705,230**
Total assets at fair value	**$ 705,230**	**$ 705,230**

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by T. Rowe Price

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	**2017**
Mutual funds	**$ 705,230**

Year ended December 31,	**2017**
Net appreciation in fair value of investments	**$ 30,945**
Dividend Income	**$ 19,617**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan adopted a volume submitter plan which received an opinion letter from the Internal Revenue Service ("IRS") dated September 30, 2014, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related Trust is exempt from taxation. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore, believes that the Plan is qualified and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and are managed by T. Rowe Price, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $1,728 for the year ended December 31, 2017.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued. During this period, no material events noted.
