Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2017, and the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by Bauerle and Company, P.C., who merged with Wipfli LLP as of February 1, 2018. As permitted by 296 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed Bauerle and Company, P.C. not to perform, and they did not perform, any auditing procedures with respect to the information certified by Standard Insurance Company, the custodian of the Plan. Their report dated September 22, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

A Description of Plan.

The following description of the Concrete Express, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1 General. The Plan is a defined contribution plan covering all employees of Concrete Express, Inc. and Mile High Station, LLC (collectively referred to as the "Company") who are age 21 and not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Standard Insurance Company ("Standard") served as the custodian and recordkeeper through December 30, 2016. Effective January 1, 2017, the Company changed its custodian and recordkeeper to Nationwide Financial Services, Inc. (Nationwide) and restated its Plan. All assets held by Standard were liquidated on December 30, 2016, remitted to Nationwide on December 31, 2016, and were placed into a suspense account until being allocated to participant accounts on January 13, 2017.

In February 2017, the Plan was amended modifying eligibility criteria to participate in the Plan. The amendment reduced the number of months of service required to participate in the Plan from two months to a one month service requirement.

2 Contributions. Each year, participants may contribute up to the amount allowed by law of annual compensation, as defined in the Plan, on a pretax or after-tax basis. Unless the participant elects otherwise, a 3% deferral will apply. Deferral and after-tax Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service ("IRS") ($18,000 in 2017 and 2016). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $6,000 in 2017 and 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plan (rollovers). The Company may, at its discretion, make a contribution in an amount to be determined each Plan year and allocated according to the Plan. Contributions are subject to certain limitations. For the year ended December 31, 2017, the Company made matching contributions equal to 40% of the first 5% of participant contributions, plus 20% of all additional participant contributions.

3 Participant Accounts. Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings, and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4 Vesting. Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is credited for which 1,000 hours or more are worked in a Plan year. Effective for benefit payments issued after July 1, 2016, a participant is 100 percent vested in discretionary matching contributions after five years of credited service. Prior to this date, participants were fully vested in discretionary matching contributions after six years of service.

5 Investment Options. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a fully benefit-responsive investment contract as investment options for participants. Participants may change their investment options at any time.

6 Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Company. A loan will carry the same rate of interest throughout its term. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions.

7 Payment of Benefits. Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows for in-service distributions upon attaining the age 59 ½.

8 Hardship Withdrawals. Hardship withdrawals are available if the participant meets certain criteria.

9 Forfeited Accounts. At December 31, 2017 and 2016, the balance of the forfeited accounts totaled $1,983 and $897, respectively. These accounts may be used to pay administrative expenses or to reduce future Company contributions. During the year ended December 31, 2017, the Company did not use any forfeitures to offset Plan expenses or reduce Company contributions.

B Summary of Accounting Policies.

1 Basis of Accounting. The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

2 Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3 Investment Valuation and Income Recognition. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

4 Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit (losses) has been recorded as of December 31, 2017 and 2016. Delinquent loans are reclassified as benefits paid to participants based upon the terms of the Plan documents.

5 Excess Participants' Contributions Payable. At December 31, 2017 and 2016, amounts payable to participants totaling $77,309 and $-0-, respectively, for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding decrease to participant contributions.

6 Payment of Benefits. Benefits are recorded when paid.

7 Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

8 Subsequent Events. The Plan has evaluated subsequent events through October 1, 2018, the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

C Investments and Information Prepared and Certified by Custodian (Unaudited).

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Interest income on the guaranteed investment contract and notes receivable from participants and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at year-end included as supplemental information.

This information has not been audited by the Plan's independent auditors.

D Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements.

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 Input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements.

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

As discussed in Note A, all assets of the Plan were liquidated on December 30, 2016, and were deposited into a temporary depository account which is reflected at carrying value at December 31, 2016. The following is a description of the valuation methodology used for assets measured at fair value for the year ended December 31, 2017.

Pooled Separate Accounts: Valued at the unit value, determined at the close of business each day, based on the market value of the total assets held in the pooled separate account. The market value of the total assets held in the pooled separate account is based on the net asset value ("NAV") of the underlying investments. The NAV is used as the practical expedient to measure fair value. As of December 31, 2017, there were no unfunded commitments and the funds generally permitted redemptions daily.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investment Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 3,270,375

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

E Fully Benefit-Responsive Investment Contract with Insurance Company.

The Company has a fully benefit-responsive investment contract with Nationwide. Nationwide maintains the contributions in a general account. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan is a traditional guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Nationwide. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

F Related Party Transactions and Party-In-Interest Transactions.

Nationwide Financial Services is the custodian and serves as the recordkeeper, therefore, these transactions qualified as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2017, the Plan made direct payments of $33,661 to Nationwide, which were not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

G Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

H Tax Status.

On January 1, 2017, upon the change in custodians, the Plan was restated in order to comply with current plan qualification requirements under amendments to the Internal Revenue Code ("IRC") and rulings and regulations adopted by the DOL and Department of Treasury. The Plan utilizes a volume submitter plan, which obtained a favorable determination letter from the IRS dated September 30, 2014, stating that the volume submitter plan is qualified under the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan and has concluded as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

I Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

J Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit participant contributions to the Plan at the earliest date such amounts can be reasonably be segregated from the Company's general assets, but no later than the fifteenth business day of the month following the date the participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the year ended December 31, 2016, totaling $2,450, were not remitted at the earliest day they could be reasonably segregated from the Company's general assets. These transactions constitute a prohibited transactions as defined by ERISA.
