BEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

NOTE 1 - Description of Plan

The following summary description of the BEST 401(k) Plan (Plan) is provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of BEST Employment Solutions Team (Company) who are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). BEST Employment Solutions Team is a Professional Employer Organization (PEO) with multiple clients. The Board of Trustees are responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions - Each year, participants may contribute a portion of pretax annual compensation, as defined in the Plan subject to certain IRS limitations. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching or profit sharing contributions at the election of each participating employer.

Participant accounts - Each participant's account is credited with the participant's contributions and Company's matching contributions as well as allocations of the Company's non-elective matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Employer contributions vest after varying years of service determined by the applicable client.

Notes receivable from participants - The Plan includes a loan provision which allows participants to borrow money using their account as collateral. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. Repayments are made through payroll deductions and all payments of principal and interest are credited back to the participant's account. The interest rate is determined based on the prevailing rate at the time the loan is granted.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation of employment, a participant, or beneficiary thereof, shall be eligible to receive a distribution of the balance of the participant's vested interest in his or her account. The Plan also allows for hardship distributions as defined in the Plan.

BEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

NOTE 1 - Description of Plan - (Continued)

Forfeited accounts - At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$5,945 and \$3,228, respectively. During 2017, no amounts were used to reduce employer contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

The pooled separate accounts are valued at net asset value per share of the funds, which are based on the fair value of the funds' underlying net assets. The guaranteed investment contracts are not considered benefit responsive and is presented at fair value. The guaranteed investment contracts invest in the general assets of John Hancock Life Insurance Company (John Hancock); however, since there are no specific securities in John Hancock's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The personal brokerage account allows participants to invest their account balances in any investment desired, within certain specific limitations outlined in the Plan document. The investments in the personal brokerage account is with registered investment companies. These investments are measured at fair value based on the closing market values.

BEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

NOTE 2 - Summary of Significant Accounting Policies - (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Contract administration and third party administrative fees are included in administrative expense.

Subsequent events - The Plan has evaluated subsequent events through September 25, 2018, the date the financial statements were available to be issued.

NOTE 3 - Summary of Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants held by the custodian reflected in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, as well as the investment information relating to investments held by the custodian for the year ended December 31, 2017, and information on investments held by the custodian in the accompanying December 31, 2017 supplemental schedule of assets (held at end of year). The Plan's independent certified public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule (held at end of year).

BEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016:

Pooled separate accounts - Valued at fair value based on the net asset value (NAV) of similar shares held by the plan at year end. They are similar to mutual funds but are only available to group annuity contract holders.

Guaranteed investment contracts - Based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and the crediting rating of the issuer. The NAV is used as a practical expedient to estimate fair value.

Interest bearing cash - Valued at net asset value at year end.

Personal brokerage account - Mutual funds valued at the NAV of shares held by the Plan at year end.

BEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

NOTE 5 - Related Party Transactions and Party In Interest Transactions

Certain Plan investments are units of pooled separate accounts and guaranteed fixed accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. As described in Note 2, during 2017 the Plan made direct payments to the custodian of \$336 for contract administration fees.

The Plan uses The Retirement Advantage as a third-party Plan administrator. During the year ended December 31, 2017, the Plan paid \$15,157 in administration fees.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

The Plan uses MRPR Group, P.C. as their auditor. During the year ended December 31, 2017, the Plan paid \$6,500 in audit fees.

NOTE 6 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

BEST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to amend, modify, terminate, or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions and the net assets would be distributed to the participants according to the participant's account balances.

NOTE 8 - Risks and Uncertainties

The Plan invests for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - Transfer of Net Assets To(From) the Plan

BEST 401(k) Plan is a Professional Employer Organization (PEO) with multiple clients. As the Company adds new or deletes clients, the new client's employee can transfer prior 401(k) plan balances into the Plan or the former clients employees can transfer 401(k) plan balances from the Plan.

During the year ended December 31, 2017, \$792,793 of assets from former clients were transferred out of the Plan.
