1. DESCRIPTION OF PLAN:

The following description of the J D Equipment, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was created in November 1979 and was restated effective October 1, 2015. The Plan is a defined contribution plan covering all eligible employees of J D Equipment, Inc., J D Equipment Transit, LTD, and J D Power Systems, LLC (collectively, the Employer). Employees who have completed two months of service (165 hours of employment during a two month period) and are at least 19 years of age are eligible to participate. Eligible employees may enter the Plan on the first day of each month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their annual compensation to the Plan and 90% of any bonus compensation, subject to certain limitations established by law. Additionally, participants are permitted to make elective Roth contributions to the plan. Participants may also contribute rollover contributions representing distributions from other qualified plans. Participants who reach age 50 may elect to make catch-up contributions.

The Plan document stipulates a discretionary Employer matching contribution. For the years ended December 31, 2017 and 2016, the Employer matched 15% of salary deferrals up to 7% of compensation, as defined. A participant must meet certain requirements in order to receive an Employer contribution.

Participant accounts

Each participant's account is credited with the participant's contributions, related Employer matching contributions and Plan earnings. Income of each investment fund (including appreciation and depreciation in fair value of each fund) is allocated daily to participant accounts based upon the ratio of each participant's account to the total of each investment fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the remainder of their accounts is based upon years of continuous service. A participant is 20% vested after two years of credited service, 40% vested after three years of credited service, 60% vested after four years of credited service, 80% vested after five years of credited service and 100% vested after six years of credited service. Participants are fully vested in any contributions to their account if they were hired on or before December 31, 2005. Effective in 2007, certain employees were terminated due to the sale of the assets of J & D Implement, Inc., resulting in a partial plan termination. Accordingly, the affected participants became 100% vested.

Participant notes receivable

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Note terms cannot exceed 5 years or 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with the local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

In accordance with the Plan agreement, a participant may receive the vested value of their account upon attainment of age 59½, retirement, total disability or termination. Upon the death of a participant, the beneficiary shall be entitled to the full value of the account. Distributions shall be made in lump sum payments if the vested account balance is \$1,000 or less. If the vested account balance is in excess of \$1,000, the participant or his or her beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may purchase an individual retirement account or annuity. If the vested account balance is between \$1,000 and \$5,000 and the participant does not elect a payment option, the distribution will be paid to an individual retirement account set up on behalf of the participant. The nonvested portion of the account is treated as a forfeiture.

Before a participant attains the normal retirement age or termination, he or she may elect to withdraw any or all of his or her before-tax contributions and vested portions of Employer contributions in the event of financial hardship (as defined in the Plan). The plan administrator must approve all hardship withdrawals.

Forfeited accounts

Forfeitures are used first to restore balances of participants who are rehired and had forfeited balances, then to pay Plan expenses and then to reduce Employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Upon default (as defined), the plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participants' vested account balance. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of benefits

Benefit payments are recognized when paid.

Administrative expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees related to administration, notes receivable, and distributions are charged to participants' accounts and are included in administrative expenses.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 2, 2018, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Huntington National Bank, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the supplemental schedule of assets (held at end of year) as of December 31, 2017 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2017 and 2016.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: Valued at observable market acquisitions for identical assets and are priced on a daily basis.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value	\$ <u>10,661,163</u>	<u>-</u>	<u>-</u>	<u>10,661,163</u>

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 70,218	-	-	70,218
Mutual funds	<u>8,952,614</u>	<u>-</u>	<u>-</u>	<u>8,952,614</u>
Investments at fair value	\$ <u>9,022,832</u>	<u>-</u>	<u>-</u>	<u>9,022,832</u>

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. TAX STATUS:

The Employer has adopted a prototype plan of Huntington National Bank, which obtained its latest opinion letter on March 31, 2014. In that opinion letter, the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY TRANSACTIONS:

Certain Plan investments are managed and administrative services performed by Huntington National Bank, the trustee of the Plan. Therefore, transactions involving these investments qualify as party-in-interest transactions.

8. FORFEITED ACCOUNTS:

Forfeited nonvested accounts totaled \$9,643 and \$4,979 as of December 31, 2017 and 2016, respectively. Forfeitures of \$8,509 were used to pay plan expenses during the year ended December 31, 2016.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
