Toyota., Inc., Moss Bros. Chevrolet, Inc., Moss Bros. Buick-GMC, Inc., Moss Bros. Auto Group, Inc., and MVP Cars, Inc. and Moss Bros. German, Inc. (collectively, the "Company"). This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's sponsor has the right under the Plan to change Plan custodians at any time subject to provisions of ERISA. During 2016, the owners of the Plan's sponsor voted to change custodians of the Plan's assets from John Hancock Life Insurance Company (U.S.A) ("John Hancock") to Transamerica Life Insurance Company, ("Transamerica"). On July 28, 2016, all investments held by John Hancock were sold and the cash proceeds from the sale were transferred to Transamerica and reinvested in investment options offered by the Plan based on the respective participant's investment option elections. Those participants that did not provide their investment elections had their account funds invested in the Transamerica Stable Value Care Option. During 2017, the owners of the Plan's sponsor voted to change custodians of the Plan's assets from Transamerica to Charles Schwab Bank, ("Schwab"). On October 4, 2017, all investments held by Transamerica were sold and the cash proceeds from the sale were transferred to Charles Schwab Bank and reinvested in investment options offered by the Plan based on the respective participant's investment option elections.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan if they have completed one year of service and attained age 21. Once the eligibility requirements have been met, employees may enroll in the Plan on the first day of the Plan year or the first day of the next successive three months of such Plan year. NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Contributions

The Company's eligible employees may contribute up to the 402(g) limit with the exception of the highly compensated employees who may not exceed $8,500 or $14,500 if they are over the age of 50. The 402(g) limit for 2017 and 2016 was $18,000. In addition, all eligible employees who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may make a discretionary matching contribution equal to an amount determined by the Company. The Company may also make a discretionary profit-sharing contribution to eligible employees. Effective September 7, 2016, the Company agreed to match 20% of the participant's first 5% elected contribution. Subsequent to April 5, 2017, the Company's matching contribution was suspended. For the years ended December 31, 2017 and 2016, the Company made matching contributions of $65,668 and $86,104, respectively, to the Plan. For the years ended December 31, 2017 and 2016, the Company did not make discretionary profit-sharing contributions.

Investment of Plan Funds

A participant may invest his or her respective share of all employee and employer contributions into any of the investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's matching contribution, (b) the Company's discretionary profit-sharing contribution, (c) the participant's contribution and, (d) Plan earnings.

Allocation of Investment Activity

The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Vesting

Participant's are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and Company discretionary profit-sharing account and any earnings as follows:

Years of Service	Vested Interest (%)
Less than two years of service	0
After two but less than three years of service	20
After three but less than four years of service	40
After four but less than five years of service	60
After five but less than six years of service	80
After six years of service or more	100

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary profit-sharing contribution account and earnings on Company contributions are used first to reduce administrative expenses, then to reduce matching and discretionary profit-sharing contributions. At December 31, 2017, there was $10,263 of forfeited non-vested accounts that are included in the mutual funds. At December 31, 2016, there was $9,080 of forfeited non-vested accounts that are included in the pooled separate accounts.

During the years ended December 31, 2017 and 2016, $17,751 and $4,443, respectively, of forfeited non-vested accounts were used to reduce matching and discretionary profit-sharing contributions. During the year ended December 31, 2017, $304 of forfeited non-vested accounts were used to pay Plan expenses.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance, $50,000, or the limitations set by the Tax Reform Act of 1986 and Section 408(b) of the Employee Retirement Income Security Act of 1974 ("ERISA").

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Notes Receivable from Participants (Continued)

The notes are to be repaid through payroll withholding over a period of five years or longer if the loan is used to acquire a principal residence under hardship circumstances. Current interest rates range from 4.25% to 8.50%. The notes are carried at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and in accordance with the Plan agreement.

Administrative Expenses

A portion of the Plan's administrative expenses are absorbed by the Company.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid. Benefits are recorded when paid.

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan.

If the Plan failed the tests, it must refund excess deferral contributions or make a QNEC contribution for the non-highly compensated employees. Excess contributions that are refunded within six months of the Plan year end are accrued as a liability on the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The pooled separate accounts were valued by Transamerica at December 31, 2016 and are based on the underlying quoted market prices of the investments held by each fund.

The Plan's Stable Value Fund has underlying investments in guaranteed investment contracts ("GICs") and is stated according to the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Section 962-325-50-3 ("ASC 962-325-50-3"), which states that contract value is the relevant measurement attributable for that portion of the net assets available for benefits as a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. For the year ended December 31, 2016, the average yield and crediting interest rates earned by the Plan's fully benefit-responsive investment contract was 1.12%.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts: These investments are public investment securities valued using the Net Asset Value (NAV) provided by Transamerica for the year ended December 31, 2016. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Mutual funds: Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as level 1 investments.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab and Transamerica, the asset custodians of the Plan, have certified to the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016. The schedules of assets held as of December 31, 2017 and 2016 were certified as accurate and complete by Charles Schwab and Transamerica, respectively. The related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2017 have been certified as accurate and complete by Charles Schwab and Transamerica for their respective periods for which they were engaged. The related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2016 have been certified as accurate and complete by Transamerica and John Hancock Life Insurance Company (U.S.A.).

NOTE 4 - INCOME TAX STATUS

The Internal Revenue Service issued a favorable opinion in a letter dated May 30, 2003 that stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The custodian, Plan sponsor, and Plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 7 - PARTY IN INTEREST TRANSACTIONS

For the period from October 5, 2017 through December 31, 2017, all Plan investments are managed by Charles Schwab, the asset custodian of the Plan for the period, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $17,726 for the period from October 5, 2017 through December 31, 2017.

For the period from January 1, 2017 through October 4, 2017, all Plan investments are managed by Transamerica, the asset custodian of the Plan for the period, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $25,075 for the period from January 1, 2017 through October 4, 2017.

For the period from July 29, 2016 through December 31, 2016, all Plan investments are managed by Transamerica, the asset custodian of the Plan for the period, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $4,415 for the period from July 29, 2016 through December 31, 2016.

For the period from January 1, 2016 through July 28, 2016 all Plan investments were managed by John Hancock, the asset custodian of the Plan for the period, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $838 for the period from January 1, 2016 through July 28, 2016.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of and for the year ended December 31, 2016. The difference is due to the recording of corrective distributions.

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500:

		2016
Changes in net assets available for benefit per the financial statements	$	926,054
Adjustments to reverse effect of prior year adjustments to accrue corrective distributions		(8,342)
Accrual of corrective distributions		-
Changes in net assets available for benefit per the Form 5500	$	917,712

NOTE 10 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 11, 2018, the date at which the financial statements were available to be issued and determined that there are no other items to disclose.
