UW PHYSICIANS NETWORK 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2017

Note 1 - Plan Description

The following description of the UW Physicians Network 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by UW Physicians Network (the Employer) under the provisions of Section 401(a) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - Employees are eligible to participate in the Plan on their first day of employment.

Plan Administration - USI Consulting Group, Inc. (formerly known as Kibble & Prentice) provides recordkeeping services and Charles Schwab Bank (Schwab) serves as trustee of the Plan.

Contributions - Participants may elect to contribute pretax eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible plans.

The Employer may make discretionary contributions. The Employer elected to contribute an amount equal to 6% of participants' eligible compensation for the year ended December 31, 2017.

Contributions are subject to certain regulatory limitations.

Participant Accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, allocations of the Employer's contributions, and the participant's share of the Plan's investment income. Investment income of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Vesting in the employer contributions, and earnings thereon, is based on years of continuous service, according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Forfeitures - If a participant terminates before becoming fully vested, the unvested portion of his or her account is forfeited. Forfeitures are used to reduce future employer contributions. During 2017, forfeitures totaling approximately \$434,081 were used to offset employer contributions. There were \$175,363 and \$55,062 of unallocated forfeitures as of December 31, 2017 and 2016, respectively.

Notes to Financial Statements For the Year Ended December 31, 2017

Note 1 - Continued

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive an annuity or lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals).

The Plan requires automatic lump-sum payments for accounts of terminated participants with vested benefits that do not exceed \$5,000. The lump-sum payment may be rolled over to an individual retirement account under certain conditions.

Hardship Withdrawals - Under certain conditions, participants, while still employed by the Employer, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary education tuition, the payment of certain unreimbursed expenses to repair damage to the participant's principal residence, the payment of burial costs of an immediate family member, or to prevent eviction from or foreclosure on a principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

Notes Receivable From Participants - Participants may only borrow from his or her account the lesser of 50% of the nonforfeitable account balance or \$50,000. The minimum loan amount is \$1,000. Loans are repayable through payroll deductions over periods ranging up to 5 years, unless a loan is used to acquire a principal residence, in which case the loan term may not exceed 15 years. Loans are secured by the balance of the participant's account. The interest rate is determined by the plan administrator based on prime plus 1% and is fixed over the life of the note.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2 - Continued

Payment of Benefits - Benefits are recorded when paid.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. Certain third party administrative expenses are paid by the Plan and all other administrative expenses are paid by the Employer.

Subsequent Events - The Plan's management has evaluated subsequent events through October 5, 2018, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Interest-Bearing Cash - Valued at cost plus accrued interest, which approximates fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Continued

Stable Value Collective Trust Fund - The fund is composed primarily of investment contracts and is valued at the NAV provided by the fund's trustee. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Withdrawals for benefit payments and transfers to noncompeting options shall be made within 30 days after written notice. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve-month advance written notice.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 175,681	\$ -	\$ -	\$ -
Mutual funds	11,100,731			11,100,731
Total Assets in the Fair Value Hierarchy	\$ 11,100,731	\$ -	\$ -	11,100,731
Investments measured at NAV ^(a)				920,149
Total Investments at Fair Value				\$ 12,020,880

	Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,242,340	\$ -	\$ -	\$ 9,242,340
Total Assets in the Fair Value Hierarchy	\$ 9,242,340	\$ -	\$ -	9,242,340
Investments measured at NAV ^(a)				892,237
Total Investments at Fair Value				\$ 10,134,577

(a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

UW PHYSICIANS NETWORK 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2017

Note 4 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2017 and 2016, and investment income and transactions for the year ended December 31, 2017, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

The plan invests in a money market account established by Schwab. Schwab is the trustee as defined by the Plan and, therefore, transactions with the money market account and fees paid to Schwab qualify as party-in-interest transactions. USI Consulting Group, Inc. (USI) is contracted to provide investment advisory and recordkeeping services for the Plan. As such, fees paid by the Plan to USI qualify as party-in-interest transactions. During 2017, direct fees paid by the Plan to USI were approximately \$44,000.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Employer adopted a Kibble & Prentice (K&P) volume submitter plan document. K&P received an advisory letter from the Internal Revenue Service dated March 19, 2015, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Amendments

In 2017, the employees of the Employer voted to form a union. The organization is currently undergoing contact negotiations for the collective bargaining agreement. The organization is also in the process of making necessary amendments to the Plan to allow for union participation.
