INDEPENDENT AUDITORS' REPORT

Plan Administrator
Sandy's Towing 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sandy's Towing 401(k) Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held for investment purposes at December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

SANDY'S TOWING 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following description of Sandy's Towing 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Sandy's Towing & Truck Services, Inc. (the Company) effective January 1, 2017 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is entirely voluntary. Employees become eligible to make elective deferral contributions and receive a safe harbor matching contribution upon reaching 18 years of age and completing 90 days of service and may join on the first day of the first or seventh month of the Plan year. All employees at December 31, 2016 became eligible to participate in the Plan on January 1, 2017 if they met the age and service requirements. Employees covered by a collective bargaining agreement are ineligible if that agreement does not provide for participation in the Plan.

The trustees are responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance. No trustee or employee receives compensation from the Plan. Voya Retirement Insurance and Annuity Company serves as the custodian of Plan assets and Creative Retirement Systems, Inc. serves as the third party administrator and record keeper.

Contributions - Participants may contribute to the Plan up to 100% of pre-tax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company makes safe harbor matching contributions in an amount equal to 100% of elective deferral contributions that are not in excess of 3% of Plan compensation, plus 50% of elective deferral contributions that exceed 3% of Plan compensation but do not exceed 5% of Plan compensation. Safe harbor matching contributions were \$86,541 in 2017. The Company may, but is not required to, make discretionary profit sharing contributions to the Plan. There were no discretionary profit sharing contributions in 2017. Participants direct the investment of their contributions and Company contributions into one or more funds currently available through the Plan.

Participants' Accounts - Each participant's account is credited with its proportionate share of employee elective deferrals, the Company's safe harbor matching and discretionary profit sharing contributions, and the Plan's earnings. Allocations of contributions and Plan earnings are based on participants' elective deferrals or account balances, as provided in the Plan agreement. Each participant is entitled only to the benefits that can be provided from that participant's account.

Vesting - Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Participants' vested interests in discretionary profit sharing contributions plus earnings thereon increase from 20% after the second year of service to 100% after the sixth year.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not exceeding the participant's life expectancy (or the life expectancy of the participant and his or her designated beneficiary). There were no benefits payable to terminated participants at December 31, 2017.

Forfeiture Accounts - Forfeitures are used to reduce the Company's safe harbor matching or discretionary profit sharing contributions. There were no forfeitures used to reduce safe harbor matching or discretionary profit sharing contributions in 2017.

Tax Status - The trust established under the Plan to hold the Plan's assets is qualified pursuant to the applicable sections of the Internal Revenue Code (IRC) and, accordingly, the trust's net investment income is exempt from income taxes. The Internal Revenue Service has determined and informed the Company by an opinion letter dated March 31, 2014 that the prototype Plan and related trust are designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan has a guaranteed investment contract with Voya Retirement Insurance and Annuity Company as part of its insurance company general account at December 31, 2017. This contract is a fully benefit-responsive contract for the Voya Fixed Account Fund.

Investment Valuation and Income Recognition - The Plan's investments in securities are stated at fair value determined using year-end market prices which represent the net asset value of shares held by the Plan. Voya Retirement Insurance and Annuity Company provides market prices to the Plan. Unrealized gains or losses are allocated to participants' accounts. Security transactions are recorded on trade dates; the specific-identification method is used in computing gains or losses. Investment income is stated net of investment fees.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - The Company has elected to pay certain administrative expenses of the Plan and provides administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability and are paid out of the Plan. Administrative expenses paid from the Plan are fees charged to each participant for distribution processing.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplementary schedule as of and for the year ended December 31, 2017 was obtained from data prepared by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. The plan administrator has obtained certification from the custodian that such information is complete and accurate. The following represents the values of the investments in the separate identifiable funds administered by the custodian:

Investments, at fair value	\$ 204,416
Investments, at contract value	12,159
Net appreciation in fair value of investments	14,362
Net appreciation in contract value of investments	64

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities

- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Pooled separate accounts: Valued based on quoted market prices of the underlying securities of the account, with adjustments for dividend rates and a management fee. The underlying mutual funds are deemed to be actively traded and are valued based on the closing price as reported by the fund.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 204,416		\$ 204,416

5. INVESTMENT CONTRACTS

The Plan has an investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account, the Voya Fixed Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Voya Fixed Account is considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. The Voya Fixed Account is presented on the statement of net assets available for benefits at contract value which equals fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to each January 1, the effective annual rate of interest for the Voya Fixed Account is established for the following year. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the year. The contract minimum annual interest rate for the Voya Fixed account is 1%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain transfers, withdrawals for purposes other than benefits, or termination of the contract. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The Voya Fixed Account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the Voya Fixed Account are as follows at December 31, 2017:

Based on actual earnings	1.20%
--------------------------	-------

Based on interest rate credited to participants	1.20%
---	-------

6. PARTY-IN-INTEREST TRANSACTIONS

Certain investments are mutual funds managed by the trustees (or affiliates of the trustees) of the Plan. The mutual funds sell portfolio shares to separate accounts offered by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.
