Harrison Corporation 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Harrison Corporation 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all employees who are at least 21 years of age and have completed three months of service (as defined) at Harrison Corporation, Harrison Truck Center, Inc. (individually and collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and investment options: Each year, individual participants may elect to contribute a portion of their annual compensation as defined in the Plan Agreement limited to the maximum amount allowed by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan or self-directed brokerage accounts. As of the year ended December 31, 2017 and 2016, there were no participants with balances in self-directed brokerage accounts.

The Plan may contribute a matching contribution determined at the discretion of the Employer. For the year ended December 31, 2017, the Employer elected to contribute a matching contribution of 50 percent of the first 4 percent of pre-tax compensation that a participant contributes to the Plan for a total matching contribution of approximately \$261,000.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's matching contribution, (b) Plan earnings (losses) and (c) charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. Three outstanding loans are permitted per participant. Participant loans are collateralized by participant's vested account balance. The interest rate on any note receivable from participants is based on rates available for similar notes from commercial institutions and is fixed for the term of the note. Principal and interest are paid ratably through payroll deductions. Notes receivable outstanding at December 31, 2017, mature through May 2025 and notes receivable outstanding at December 31, 2017 and 2016, bear interest at rates ranging from 4.25 percent to 5.50 percent.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service, as defined by the Plan Agreement. The Plan's vesting provisions start after two years of service at 20 percent and increase ratably until six years of service when participants are 100 percent vested. As defined in the Plan Agreement, a participant is entitled to 100 percent of his or her total account balance upon retirement, death or disability regardless of years of service.

Payment of benefits: Upon termination of service, a participant may elect to receive either a lump-sum or direct rollover amount equal to the vested value of his or her account, or upon death, disability or retirement, receive periodic installments over a period not to exceed the life expectancy of the participant or joint lives of the participant and spouse. Participants may withdraw portions of their vested account (other than voluntary contributions) at any time after reaching 59½. A participant may make only two such withdrawals in any 12-month period.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Forfeitures of employer's matching contributions may be used to reduce employer's current matching contributions and administrative expenses. During the year ended December 31, 2017, approximately \$2,000 of forfeitures were used to reduce matching contributions. The balance of forfeited nonvested accounts total approximately \$11,000 and \$1,000 as of December 31, 2017 and 2016, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and disclosure through October 10, 2018, the date the financial statements were available to be issued.

Note 3. Administrative Expense

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Employer.

The Plan Administrator has obtained certifications from the custodian of the Plan that the information provided to the Plan Administrator by the custodian of the Plan related to the following assets is complete and accurate. Accordingly, as permitted 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	December 31,	
	2017	2016
Investments at fair value:		
Mutual funds	\$ 2,866,219	\$ 2,350,460
Pooled separate accounts	1,602,835	1,091,433
Common/collective trust funds	9,736,971	7,598,578

Principal also certified to the completeness and accuracy of \$1,838,374 of net appreciation in the fair value of investments, interest income on notes receivable from participants of \$10,870 and \$70,288 of interest and dividends related to the aforementioned investments for the year ended December 31, 2017. All amounts include activity on investments bought, sold and held during the year ended December 31, 2017.

Note 5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and required the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an assets or liability.

Note 5. Fair Value Measurements (Continued)

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2017 compared to December 31, 2016. There were no transfers between Level 1, 2 or 3 assets during the year ended December 31, 2017.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Pooled separate accounts: Pooled separate accounts invest primarily in domestic and international stocks, commercial paper and mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investment measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Common/collective trust funds: Common collective trusts invest in a collective trust funds as well as a variety of separate accounts and mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each collective investment trust accounts provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investment measured at net asset per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Financial assets measured at fair value on a recurring basis as of December 31, 2017 and 2016, are as follows:

Fair Value Measurements at December 31, 2017				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes additional disclosures of the Plan's investments whose fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016:

Investments	2017 Fair Value	2016 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (a)	\$ 1,602,835	\$ 1,091,433	\$ -	Immediate	None
Common collective trusts (b)	9,736,971	7,598,578	-	Immediate	None
Total	<u>\$ 11,339,806</u>	<u>\$ 8,690,011</u>			

- (a) Investments in select funds in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into the fund until the 30 day period has expired. New contributions are allowed during this time period.
- (b) This category includes a stable value fund, titled Principal Stable Value Z Fund (the Fund). The Fund's contracts allow it to achieve a total rate of return to match the return of the index it was set up to mirror and allow for its principal value to remain stable regardless of the volatility of the financial markets. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets.

Note 6. Related Party

Certain Plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully percent vested in their entire accounts.

Note 8. Risks and Uncertainties

Investments securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Note 9. Tax Status and Uncertain Tax Positions

The Plan is an adopter of a standardized prototype plan sponsored by Principal on which the Internal Revenue Service issued an opinion letter dated March 31, 2014. As an adopter of a standardized prototype, no individual determination letter is available. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 11. Prohibited Transactions

During the year ended 2016, the Employer inadvertently failed to deposit \$57,182 of participant deferrals and loan payments, respectively, within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions. The Employer reimbursed participants for lost earnings, filed Form 5330, and paid applicable excise taxes in 2017 for the 2016 late contributions. The excise tax payments were made from the Employer's assets and not from assets of the Plan.
