INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Rhinelander Paper Company, Inc. Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Rhinelander Paper Company, Inc. Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i)—Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

1. Description of Plan

The following description of the Rhineland Paper Company, Inc. Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering all regular full-time employees of Wausau Paper Mills, LLC (the "Company") who are covered by a joint labor agreement between the union at the Rhineland mill and the Company. An employee becomes eligible to participate in the Plan on the first entry date (January 1 or July 1) following the completion of 12 consecutive months of employment and 1,000 hours of work. The Company controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company ("Vanguard") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On January 21, 2016, the acquisition of Wausau by SCA Tissue North America LLC ("SCA Tissue"), a wholly owned subsidiary of SCA Americas Inc. ("SCA Americas"), was consummated pursuant to the terms of the previously announced Agreement and Plan of Merger, dated as of October 12, 2015 ("the Merger Agreement"), by and among the Wausau, SCA Americas, and Salmon Acquisition, Inc., a wholly owned subsidiary of SCA Tissue ("Merger Sub"). Pursuant to the Merger Agreement, Merger Sub merged with and into Wausau (the "Merger"), with Wausau continuing as the surviving corporation. As a result of the Merger, Wausau became a wholly owned subsidiary of SCA Tissue, which pursuant to an Assignment of Agreement and Plan Merger, dated January 20, 2016 (the "Assignment Agreement"), and was assigned SCA Americas' rights and obligations under the Merger Agreement. In December 2016, SCA Americas assumed sponsorship of the Plan. Effective January 1, 2018, the Plan was amended to change the Plan sponsor to Essity North America Inc.

On June 26, 2013, the Company completed the sale of its specialty paper business to Expera Specialty Solutions, LLC ("Expera"). Pursuant to the Effects Agreement between the Company and United Steelworkers Union and its Local 2-15 and Local 2-1778, effective with the sale of the Paper Segment to Expera, Wausau Paper Corp. amended the Plan effective on June 20, 2013, to grant to Local 2-15 employees and Local 2-1778 employees benefit increases and vesting service credit through December 31, 2016 for service with Expera, so long as Expera continues to have collective bargaining agreements with Local 2-15 and Local 2-1778. The Plan was also amended effective on June 20, 2013, to provide that Local 2-15 and Local 2-1778 employees on the Effective Date will be considered to have separated from service with the Employer on the earlier of 1) their separation from service with Expera; 2) the expiration of any collective bargaining agreements between Expera and Local 2-15 and Local 2-1778; and 3) December 31, 2016.

Wausau Paper Corp. amended the Plan effective on June 20, 2013, to fully vest all bargaining unit employees continuously employed on December 31, 2016 who were represented by the union at the Rhineland mill on the day immediately prior to June 26, 2013, in their benefit in the Plan as of June 26, 2013.

On July 30, 2014, prior to SCA America's acquisition of Wausau Paper Company, a settlement agreement was entered into with the Pension Benefit Guaranty Corporation (the "PBGC") with respect to the Wausau Paper Company's unfunded defined benefit pension obligations. Under the agreement, the Wausau Paper Company had agreed to grant a lien on substantially all of its assets to the PBGC that was junior and subordinate to the lien security interest on assets pledged under the Wausau Paper Company's secured term loan and revolving credit facilities. The Wausau Paper Company had also agreed to contribute in excess of minimum funding requirements of up to \$36 million to its defined benefit pension plans through 2018. After SCA America's acquisition of Wausau Paper Company in early 2016, SCA Americas requested that the PBGC review the agreement based on the combined assets and liabilities of both SCA Americas and the Wausau Paper Company and requested a

termination of the agreement. During 2017, the agreement was terminated and SCA Americas' and its affiliates' obligation have ceased under this agreement. The PBGC, via a letter dated February 14, 2017, concurs that the agreement is terminated.

Pension Benefits

Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined in the Plan. The Plan permits early retirement at age 55 with 10 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

Death and Disability Benefits

If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 10 years of benefit service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

Funding Policy

The Company's funding policy is to make contributions in such amounts as may be required to meet the minimum funding requirements of ERISA. Employer contributions are made based on actuarially determined amounts using the projected unit credit cost method. Minimum contribution requirements have been met for 2017.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Rhineland Paper Company, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits steering committee of the Plan sponsor determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

In 2017, certain investment and administrative expenses were paid out of the Plan, and include recordkeeping, trustee, and actuarial professional fees. Certain other administrative expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments presented in the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

3. Financial Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule was certified by Vanguard Fiduciary Trust Company, the trustee, as complete and accurate:

- Registered investment companies (mutual funds) and cash as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Interest and dividend income and net appreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- The information for all registered investment companies (mutual funds) listed in the schedule of assets (held at end of year) as of December 31, 2017, as shown in the supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

Rhineland Paper Company, Inc. Pension Plan**Notes to Financial Statements****As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017**

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year-end based upon quoted market prices on nationally recognized exchanges. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 62,160,432	\$ 62,160,432	\$ -	\$ -
Total	<u>\$ 62,160,432</u>	<u>\$ 62,160,432</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 57,663,819	\$ 57,663,819	\$ -	\$ -
Total	<u>\$ 57,663,819</u>	<u>\$ 57,663,819</u>	<u>\$ -</u>	<u>\$ -</u>

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of

Rhineland Paper Company, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2017 and 2016 are as follows:

	2017	2016
Vested benefits		
Participants currently receiving benefits	\$ 35,695,407	\$ 32,155,730
Active and terminated vested participants	18,511,275	16,477,025
Total vested benefits	54,206,682	48,632,755
Nonvested benefits	-	-
Total actuarial present value of accumulated plan benefits	\$ 54,206,682	\$ 48,632,755

The changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2017 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	\$ 48,632,755
Increase (decrease) during the year attributed to:	
Benefits paid	(3,748,850)
Decrease in the discount period	3,275,302
Actuarial (gains)/losses	3,667,112
Assumption changes	2,380,363
Net increase	5,573,927
Actuarial present value of accumulated plan benefits, end of year	\$ 54,206,682

The significant methods and assumptions used to determine the actuarial present value of accumulated plan benefits as of December 31, 2017 and 2016 are as follows:

Mortality	RP-2014 employee/annuitant specific mortality tables with blue collar adjustment, projected on a generational basis with Scale MP-2017 as of December 31, 2017 and with Scale MP-2016 as of December 31, 2016
Discount Rate	7.00% as of December 31, 2017 and 2016
Retirement Age	Varying rates of retirement (2% at age 55-61, 50% at age 62, 20% at age 63-64, 100% at or after age 65) as of December 31, 2017 Average retirement age of 65 as of December 31, 2016

The change in the actuarial assumption is primarily due to 1) the change from a single retirement age to varying retirement ages described above and 2) the change in mortality assumption described above.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 30, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan continues to be operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Rhineland Paper Company, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

8. Related-Party and Party in Interest Transactions

Transactions involving shares of registered investment companies managed by affiliates of Vanguard Fiduciary Trust Company, the trustee, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any other significant benefits required to be valued that were not.</p> <p>The plan pays small benefits (with a present value up to \$5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather, such participants' benefits are valued using the benefit choice assumptions described above.</p>

Sources of Data and Other Information

The plan sponsor furnished participant data as of January 1, 2017. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with Essity North America Inc., assumptions were made for any missing or apparently inconsistent data elements.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2015 to September 2016.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

The termination (or cessation of service accrual) and retirement assumption for all participants previously accruing benefits and vesting service under the Plan through December 31, 2016 were changed and the participants valued like other terminated vested participants.

There have been no other changes in assumptions since the prior valuation.

Change in methods since prior valuation

Transfers out	If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using the benefit service up to date of transfer and using the benefit amount in effect upon termination.
----------------------	---

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Age 55 and 10 years of benefit service.
Postponed retirement	Retirement after NRD.
Deferred vested termination	Termination for reasons other than death or retirement after completing five years of vesting service.
Disability retirement	Permanent and total disability under the provision of the Social Security Act, and 10 years of benefit service.
Preretirement death benefit	A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.

Benefits Paid Upon the Following Events

Normal retirement	The monthly pension benefit determined as of NRD.
Early retirement	A monthly benefit equal to the normal retirement benefit earned to the date of early retirement reduced by 5/10 of 1% for each month by which early retirement precedes age 62.
Deferred vested termination	A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit payable at 65. A participant with at least 10 years of benefit service may choose to begin receiving his benefit any time after age 55. The benefit is subject to a reduction of 5/10 of 1% for each month by which the benefit commencement date precedes normal retirement.
Disability retirement	A monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

Surviving spouse death benefit If a married participant dies after reaching age 55, his spouse receives 50% of the benefit he would have received had he retired on the day immediately preceding his day of death. This benefit is paid by the employer.

If a married participant dies on or before age 55, and if he has elected coverage, his spouse receives 50% of the benefit he would have received had he separated from service on his date of death and survived to and retired at age 55; reduced for the coverage. The employee pays for this coverage through a charge applied to his vested benefit as follows:

Ages of Death Coverage	Reduction Charge per Month of Coverage Applies to Vested Benefit Otherwise Payable
55 to 64	No charge
45 to 54	0.02%
Less than 45	0.01%

Coverage for this benefit may be waived only with written consent of the spouse.
