The Plan is a defined benefit plan covering all regular full-time employees of Wausau Paper Mills, LLC (the "Company") who were covered by a Joint Labor Agreement between the union at the Brokaw mill and the Company. An employee became eligible to participate in the Plan on either (1) their date of hire if expected to be credited with 1,000 hours of work during the first 12 consecutive months of employment, or (2) the first day of any plan year in which the employee performed 1,000 hours of work. The Company controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company ("Vanguard") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On January 21, 2016, the acquisition of Wausau by SCA Tissue North America LLC ("SCA Tissue"), a wholly owned subsidiary of SCA Americas Inc. ("SCA Americas"), was consummated pursuant to the terms of the previously announced Agreement and Plan of Merger, dated as of October 12, 2015 ("the Merger Agreement"), by and among the Wausau, SCA Americas, and Salmon Acquisition, Inc., a wholly owned subsidiary of SCA Tissue ("Merger Sub"). Pursuant to the Merger Agreement, Merger Sub merged with and into Wausau (the "Merger"), with Wausau continuing as the surviving corporation. As a result of the Merger, Wausau became a wholly owned subsidiary of SCA Tissue, which pursuant to an Assignment of Agreement and Plan Merger, dated January 20, 2016 (the "Assignment Agreement"), and was assigned SCA Americas' rights and obligations under the Merger Agreement. In December 2016, SCA Americas assumed sponsorship of the Plan. Effective January 1, 2018, the Plan was amended to change the Plan sponsor to Essity North America Inc.

On July 30, 2014, prior to SCA America's acquisition of Wausau Paper Company, a settlement agreement was entered into with the Pension Benefit Guaranty Corporation (the "PBGC") with respect to the Wausau Paper Company's unfunded defined benefit pension obligations. Under the agreement, the Wausau Paper Company had agreed to grant a lien on substantially all of its assets to the PBGC that was junior and subordinate to the lien security interest on assets pledged under the Wausau Paper Company's secured term loan and revolving credit facilities. The Wausau Paper Company had also agreed to contribute in excess of minimum funding requirements of up to \$36 million to its defined benefit pension plans through 2018. After SCA America's acquisition of Wausau Paper Company in early 2016, SCA Americas requested that the PBGC review the agreement based on the combined assets and liabilities of both SCA Americas and the Wausau Paper Company and requested a termination of the agreement. During 2017, the agreement was terminated and SCA Americas' and its affiliates' obligation have ceased under this agreement. The PBGC, via a letter dated February 14, 2017, concurs that the agreement is terminated.

In December 2011, the Company announced plans to permanently cease operations at the Brokaw, Wisconsin paper mill. Papermaking operations ceased in February 2012 and the paper mill was closed during the second quarter of 2012. The closure of the mill resulted in the immediate vesting of benefits for employees eligible to participate in the Plan as of the date of closure.

Pension Benefits

Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined in the Plan. The Plan permits early retirement at age 55 with 15 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

Wausau Paper Corp. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

Death and Disability Benefits

If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 15 years of vesting service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

Funding Policy

The Company's funding policy is to make contributions in such amounts as may be required to meet the minimum funding requirements of ERISA. Employer contributions are made based on actuarially determined amounts using the projected unit credit cost method. Minimum contribution requirements have been met for 2017.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits steering committee of the Plan sponsor determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Wausau Paper Corp. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

In 2017, certain investment and administrative expenses were paid out of the Plan, and include recordkeeping, trustee, and actuarial professional fees. Certain other administrative expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments presented in the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

3. Financial Information Certified by Trustees (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule was certified by Vanguard Fiduciary Trust Company, the trustee, as complete and accurate:

- Registered investment companies (mutual funds) and cash as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Interest and dividend income and net appreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- The information for all registered investment companies (mutual funds) listed in the schedule of assets (held at end of year) as of December 31, 2017, as shown in the supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Wausau Paper Corp. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year-end based upon quoted market prices on nationally recognized exchanges. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 46,793,530	\$ 46,793,530	\$ -	\$ -
Total	<u>\$ 46,793,530</u>	<u>\$ 46,793,530</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 43,629,813	\$ 43,629,813	\$ -	\$ -
Total	<u>\$ 43,629,813</u>	<u>\$ 43,629,813</u>	<u>\$ -</u>	<u>\$ -</u>

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment. As a result of the Brokaw, Wisconsin paper mill closure described in Note 1 and further detailed in the Plan document, no new participants will be added to the Plan and benefit accruals have been frozen since the second quarter of 2012.

Wausau Paper Corp. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

The actuarial present value of accumulated plan benefits as of December 31, 2017 and 2016 are as follows:

	2017	2016
Vested benefits		
Participants currently receiving benefits	\$ 27,339,813	\$ 27,093,814
Active and terminated vested participants	<u>10,037,342</u>	<u>11,123,726</u>
Total vested benefits	37,377,155	38,217,540
Nonvested benefits	<u>-</u>	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 37,377,155</u>	<u>\$ 38,217,540</u>

The changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2017 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 38,217,540</u>
Increase (decrease) during the year attributed to:	
Benefits paid	(3,044,461)
Decrease in the discount period	2,570,474
Actuarial (gains)/losses	(141,815)
Assumption changes	<u>(224,583)</u>
Net decrease	<u>(840,385)</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 37,377,155</u>

The significant methods and assumptions used to determine the actuarial present value of accumulated plan benefits as of December 31, 2017 and 2016 are as follows:

Mortality	RP-2014 employee/annuitant specific mortality tables with blue collar adjustment, projected on a generational basis with Scale MP-2017 as of December 31, 2017 and with Scale MP-2016 as of December 31, 2016
Discount Rate	7.00% as of December 31, 2017 and 2016
Retirement Age	Age 65 as of December 31, 2017 and 2016

The change in the actuarial assumption is primarily due to the change in mortality assumption described above.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 30, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan continues to be operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no

Wausau Paper Corp. Pension Plan
Notes to Financial Statements
As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

8. Related-Party and Party in Interest Transactions

Transactions involving shares of registered investment companies managed by affiliates of Vanguard Fiduciary Trust Company, the trustee, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

Actuarial value of assets for determining minimum required contributions

Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any other significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to \$5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather, such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor furnished participant data as of January 1, 2017. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with Essity North America Inc., any necessary assumptions were made for missing or apparently inconsistent data elements.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.
